MEMORANDUM FOR: Joseph S. Piccolo

SUBJECT : Acknowledgment of Evaluation Board Functional Category

REFERENCE : Evaluation Board Precepts for Your Grade

1. Based upon an examination of your past assignments and duties, and after considering likely future assignments, you have been placed (subject to your signature below) in the functional category DOG for Evaluation Board purposes. Precise definitions of this category are contained in the Evaluation Board precepts for your grade. This placement is made in order that your performance, growth potential, and career planning may be judged against officers similarly placed professionally. YOU ARE URGED TO STUDY THE PRECEPTS AND CONSIDER YOUR OWN CASE CAREFULLY.

2. In general, you should consider the following;

a. Categories are sharply defined. Competition is within categories, not between them. Thus, a weak B/OG performance is not strengthened by reclassifying it as B/OS.

b. A change in category after sustained performance in a different category may cause a temporary loss of momentum in your career advancement until you have demonstrated proficiency in your new assignment.

c. A category change should not be initiated for the period of a temporary, training or rotational assignment unless a permanent change of career track will follow.

3. If you believe that this is not the correct category for you because the substantive nature of your job more closely approximates another category or because you have made a permanent change of career track, please take the matter up through your command channel to secure the concurrence of your component of assignment or of your home base component, as appropriate, to a change of your category. Previously assigned and acknowledged categories will remain in effect until a fully executed acknowledgment of change is received by the Career Management Staff.

4. Please sign and date this notification in the space provided and return it to your Personnel Evaluation and Management Officer or to your Personnel Officer.

ACKNOWLEDGED:

Joseph S. Piccolo

1. WISH COMPLIMENT MESSRS. PICCOLO AND SILEO ON THEIR HANDLING OF CI SURVEY AT LIMA. THEY WERE WELL PREPARED IN ADVANCE, WORKED HARD HERE, AND WERE VERY SELF SUFFICIENT, CAUSING MINIMUM DISRUPTION OF STATION ACTIVITES. THEY DUG DEEPLY BUT MADE A GREAT EFFORT TO BE CONSTRUCTIVE AT ALL TIMES, RATHER THAN JUST PLAIN CRITICAL. ONCE WE GOT GOING THE FEELING THAT WE WERE BEING INSPECTED QUICKLY DISAPPEARED AND WAS REPLACED BY ONE OF TEAMWORK.

2. ASIDE FROM PROVIDING HQS WITH OUR CI PROFILE, BENEFITS ACCRUED TO THE STATION FROM THE SURVEY. IT MOTIVATED A USEFUL SELF-ANALYSIS BEFORE THE TEAM ARRIVED. THE TEAM'S STUDY OF HQS FILES, WHICH MOST OF US HAD NEVER READ, UNCOVERED VARIOUS INDICATORS WHICH GAVE BETTER PERSPECTIVE TO MANY OF OUR CASES. THE INFORMAL FRANK DISCUSSIONS RESULTED IN A NUMBER OF IDEAS FOR CHANGES WHICH WE WILL MAKE. WE LOOK FORWARD TO RECEIVING THE TEAM'S FORMAL REPORT, AT WHICH TIME WE WILL COMMENT ON ACTIONS TAKEN AND PLANNED. AND PROVIDE A FEW IDEAS WHICH MIGHT BE USEFUL FOR FUTURE SURVEYS.

1. WISH COMPLIMENT MESSRS. PICCOLO AND SILED ON THEIR HANDLING OF CI SURVEY AT LIMA. THEY WERE WELL PREPARED IN ADVANCE, WORKED HARD HERE, AND WERE VERY SELF SUFFICIENT. CAUSING MINIMUM DISRUPTION OF STATION ACTIVITES. THEY DUG DEEPLY BUT MADE A GREAT EFFORT TO BE CONSTURCTIVE AT ALL TIMES, RATHER THAN JUST PLAIN CRITICAL. ONCE WE GOT GOING THE FEELING THAT WE WERE BEING INSPECTED QUICKLY DISAPPEARED AND WAS REPLACED BY ONE OF TEAMWORK.

2. ASIDE FROM PROVIDING HQS WITH OUR CI PROFILE. BENEFITS ACCRUED TO THE STATION FROM THE SURVEY. IT MOTIVATED A USEFUL SELF-ANALYSIS BEFORE THE TEAM ARRIVED. THE TEAM'S STUDY OF HQS FILES, WHICH MOST OF US HAD NEVER READ, UNCOVERED VARIOUS INDICATORS WHICH GAVE BETTER PERSPECTIVE TO MANY OF OUR CASES. THE INFORMAL FRANK DISCUSSIONS RESULTED IN A NUMBER OF IDEAS FOR CHASES WHICH WE WILL MAKE. WE LOOK FORWARD TO RECEIVING THE TEAM'S FORMAL REPORT, AT WHICH TIME WE WILL COMMENT ON ACTIONS TAKEN AND PLANNED. AND PROVIDE A FEW IDEAS WHICH MIGHT BE USEFUL FOR FUTURE SURVEYS.

MEMORANDUM FOR: Chief, LA Division

SUBJECT : Mr. Joseph S. Piccolo - Completion of Senior Operations Course #2/76

1. Mr. Piccolo attended the Senior Operations Course from 3 November to 12 December 1975 (SOC #2/76). Individual student grades and class rankings have not been used to evaluate student performance. The diverse background of the students and the nature of the course material used in the SOC preclude formal testing. This memorandum attests to Mr. Piccolo's satisfactory completion of the course.

2. During the six weeks of the course, 59% of the time was devoted to subjects and activities directly related to operations, including 30% devoted to "hands-on" time with technical equipment and "on-the-street" practice of tradecraft. 31% of the time was devoted to material broadly categorized as "ops management," including about 10% on the Soviet and China targets. The final 10% of the time was devoted to subjects categorized as "management overview and ops support," which consisted of meetings with DO division and staff chiefs and visits to labs and other ops support facilities in the Headquarters area. The ten officers in the class ranged in grade from GS-12 to GS-14 (average grade 12.9), average age was 43.6 (Mr. Piccolo's age is 40). The class members' average years of Agency service was 16.8, and their average years of overseas service was 9.2.

3. The six weeks, normally 30 days of instruction time, was shortened to 28 days by the Thanksgiving Day weekend. Of these 28 days, Mr. Piccolo spent six days in intensive training in Persuasion and Manipulation Skills as taught in the SAI system. He spent approximately another eight and one-half days on technical tradecraft (photo, audio, and commo equipment familiarization and usage) and street tradecraft (surveillance, car toss, dead drop, brush pass, etc.) including three days intensive practice of these skills in a live exercise conducted in Richmond. Another five days were spent at Headquarters meeting with the chiefs of all DO divisions and staffs, and visiting three operational support laboratories in the metropolitan area. The approximately eight and one-half remaining days were consumed by a combination of miscellaneous operations management subjects, student seminars, and term paper writing (though the latter was accomplished mostly on the students' own time). This running of the course was keynoted by remarks by the ADDO, and the Headquarters week was climaxed by an hour and a half with the DDO. The guest speaker at the graduation dinner of SOC #2/76 was Agency Historian Dr. Walter Pforzheimer.

SUBJECT: Mr. Joseph S. Piccolo - Completion of Senior Operations Course #2/76

4. Mr. Piccolo, as a 40-year-old GS-13/4, was at about the average age for this class and slightly above average in grade. Although formal grades are not given to graduates of the SOC, it was the consensus of DTS staff instructors involved in SOC #2/76 that Mr. Piccolo would almost certainly rank number one in this particular group. Bringing to the class broad operational experience and understanding, Mr. Piccolo was an active participant in the six-day SAI block of instruction and made contributions based on his own operational past. The tradecraft instructors who conducted the live problem in Richmond described Mr. Piccolo as the best student in street tradecraft. One of the Course Coordinators commented that Mr. Piccolo, "exhibited, more than any of the others, the ability to lead the group." Mr. Piccolo's term paper on the subject of how a NOC station might be established in Rio de Janeiro was careful and thorough and was described by the panel as "an excellent overall plan." To a man of Mr. Piccolo's experience, at least some of the course may have seemed a little basic or redundant, but he never let it show, and always took part with the same enthusiasm as the more junior members of the class.

5. A copy of this memorandum is being placed in Mr. Piccolo's official personnel file.

6. PREFERENCE FOR NEXT ASSIGNMENT

6A. DESCRIBE BRIEFLY THE TYPE OF WORK YOU WOULD PREFER FOR NEXT ASSIGNMENT

I am interested in remaining in the "managerial cone" and in obtaining a position that will give me increased responsibility as well as career growth through promotion. Based on my experience and performance as Acting Chief of Station Managua for two months in 1968, Deputy Chief of Base Rio de Janeiro for the last 10 months of my tour in 1972-73 and present assignment as Deputy Chief of Station Managua, I request assignment to a position which entails supervision of several employees and requires exercise of managerial skills and judgement. If assigned to another tour overseas, a position as Deputy Chief of Station in a medium to large size Station would be preferred. If assigned to Headquarters, I would like to work where an overview of the related operational and managerial activities can be experienced. If the above assignmentsare not available, a tour which would broaden my operational knowledge would be desired, ie: SB Division, China Ops activity or OTS.

6B. INDICATE IF YOU DESIRE TO EXTEND YOUR CURRENT TOUR BY CHECKING IN APPROPRIATE BOX. ALSO INDICATE PREFERENCE FOR NEXT REGULAR ASSIGNMENT BY INSERTING 1, 2, 3 OR 4 (*for 1st, 2nd, 3rd and 4th choice*) IN REMAINING BOXES. COMPLETE ALL ALTERNATE CHOICES AND OPTIONS IN ALL CASES EVEN THOUGH YOU ARE REQUESTING AN EXTENSION OF YOUR TOUR.

☒ EXTEND TOUR 3 MONTHS AT CURRENT STATION TO 5 January 1976 (DATE)

1 BE ASSIGNED TO HQDTRS FOR A TOUR OF DUTY: INDICATE YOUR CHOICE OF DIVISION, STAFF OR OFFICE.
1ST CHOICE FI STAFF 2ND CHOICE SB Division 3RD CHOICE WH Division

2 BE ASSIGNED TO ANOTHER FIELD STATION. INDICATE CHOICE OF GEOGRAPHIC AREA OR SPECIALIZATION.

3 RETURN TO MY CURRENT STATION.

PREPARE UPDATING OF PERSONAL SECURITY INFORMATION IN ACCORDANCE WITH DOI-F 240-8 AND FORWARD UNDER SEPARATE COVER. INDICATE DATE FORWARDED OR TO BE FORWARDED.

TO BE COMPLETED BY FIELD STATION

7. IN CONSIDERATION OF THE EXPERIENCE AND PERFORMANCE OF THE EMPLOYEE AND HIS PREFERENCE FOR NEXT ASSIGNMENT, INDICATE YOUR RECOMMENDATION FOR HIS NEXT ASSIGNMENT AND TRAINING:

Given his steady, reliable and productive performance, every effort should be made to accomodate his expressed preferences. There can be no doubt that by temperament and experience he would be of greater value to the Organization in the field rather than at Headquarters, but a tour at Headquarters does appear timely now, following the past 5 years in the field. I do not honestly know how he will perform in Staff work, being a Field Station activist, but the experience should have a further broadening effect upon him.

TO BE COMPLETED BY APPROPRIATE HEADQUARTERS OFFICE

8. IN CONSIDERATION OF THE EXPERIENCE AND PERFORMANCE OF THE EMPLOYEE, HIS PREFERENCE FOR NEXT ASSIGNMENT, AND THE STAFFING REQUIREMENTS OF YOUR COMPONENT, INDICATE YOUR COMPONENT'S RECOMMENDATION FOR HIS NEXT ASSIGNMENT AND TRAINING.

Subject has been approved for assignment to Headquarters, LA/COG.

The Honorable
Richard M. Helms
Director
Central Intelligence Agency
McLean, Virginia

Dear Dick:

As you know, the President and Mrs. Johnson visited Managua, Nicaragua on Monday, July 8, 1968, upon their return from the San Salvador Conference.

Assistant to the Special Agent in Charge Ronald M. Pontius of the Presidential Protective Division, has informed me that Mr. Joseph Piccolo and Mr. Carl Jenkins were of particular assistance in establishing and coordinating the relations with the Nicaraguan security organizations, and President Somoza's staff. Mrs. Elizabeth Jenkin's assistance as an interpreter was also greatly appreciated.

Personally and on behalf of the United States Secret Service, I wish to extend my sincere appreciation and thanks to the above mentioned personnel for the capable and professional manner in which they performed their duties.

Sincerely,

James J. Rowley

STANDARD FORM No. 176-T
JANUARY 1966
(For use only until April 14, 1968)
176-141

INSTRUCTIONS TO EMPLOYING AGENCY

1. ***Who must file.***—All employees not excluded by law or regulation from insurance coverage, including those who have previously waived coverage, are required to complete and file Standard Form 176-T. Employees who are in the service on February 14, 1968, as well as those who are appointed after that date but before April 14, 1968, must file the form.

2. ***Automatic cancellation of previously filed waivers.***—All "Waivers of Life Insurance Coverage" (SF 53) on file are automatically canceled as of the first day of the first pay period beginning on or after February 14, 1968. Payroll offices are to begin regular insurance deductions on the automatic cancellation date for employees who do not file a new waiver, i.e., those who do not check box **C** of SF 176-T, on or before that date.

3. ***Employees failing to file.***—If an employee does not return a completed SF 176-T, contact him and urge him to do so even if he does not want optional insurance (he will, of course, be automatically covered for regular insurance). If he still fails to file SF 176-T by April 14, 1968, or 31 days after appointment, whichever is later, file one for him as of that date: mark box **B**, and note in the space provided for his signature "employee contacted—failed to elect optional insurance." See note 2 below.

4. ***Review of completed forms.***—(a) Review both copies of the SF 176-T for legibility, completeness, and consistency. Reconcile with the employee any obvious major discrepancy such as a mark in more than one box.

   (b) If the employee marked box **A** or box **C**, make sure the Statistical Stub is complete. Then detach and mail stubs, in a bundle, weekly to:

   Office of Federal Employees' Group Life Insurance
   (Statistical Stubs)
   4 East 24th Street
   New York, New York 10010

   (c) If the employee marked box **B**, detach and destroy the stub.

5. ***Date of receipt and effective date.***—(a) Stamp date of receipt by employing office in the space provided for this purpose on both the Original and the Duplicate.

   (b) The effective date is determined from the table below.

6. ***Disposition of forms.***—(a) File the Original SF 176-T in the official personnel folder in all cases.

   (b) Any necessary payroll change, with effective date, may be posted in the space reserved on the Duplicate for employing office.

   (c) The Duplicate may be destroyed, if no payroll action is required, or after the requirements of the agency's payroll system have been met.

7. ***Use of SF 176-T.***—SF 176-T "Election, Declination, or Waiver of Life Insurance Coverage" should not be used after the initial filing period (after April 14, 1968). A revised edition will be available for use after that date.

TABLE OF EFFECTIVE DATES

DATE SF 176-T RECEIVED BY EMPLOYING OFFICE	EMPLOYEE'S DECISION	EFFECTIVE DATE (IF NO WAIVER, SF 53, IN EFFECT)	
		OF DECISION	OF DEDUCTIONS
On or before February 14, 1968.	Elects optional (in addition to regular) (box **A**).	Coverage effective February 14, 1968	Deductions begin 1st day of 1st pay period beginning on or after February 14, 1968
	Declines optional (but not regular) (box **B**).	Declination effective February 14, 1968.	
	Waives regular (so ineligible for optional) (box **C**).	Waiver effective last day of pay period in which February 14, 1968 falls.	Deductions stop last day of pay period in which February 14, 1968 falls.
After February 14 but not later than April 14, 1968.	Elects optional (in addition to regular) (box **A**).	Coverage effective on date of receipt	Deductions begin 1st day of 1st pay period beginning on or after date of receipt
	Declines optional (but not regular) (box **B**).	Declination effective on date of receipt, but employee loses automatic optional protection on February 14, 1968	
	Cancels previously elected optional (but not regular) (box **B**)	Cancellation effective last day of pay period in which received	Deductions for optional stop last day of pay period in which received
	Waives regular (so ineligible for optional) (box **C**)	Waiver effective last day of pay period in which received	Deductions stop last day of pay period in which received

NOTES 1 Because regular insurance coverage and deductions are automatic unless waived (by checking box C) A and B elections do not affect regular insurance effective dates.

2 An employee for whom the agency files SF 176-T because he failed to file is deemed to have declined optional but not regular insurance.

3 An employee with an uncanceled waiver (SF 53) on file cannot be insured any earlier than the first day he is in duty and pay status in a pay period beginning on or after February 14, 1968. Filing of an SF 176-T before that date will not cancel an SF 53 any earlier. Deductions begin the day he becomes insured.

4 The effective date of regular (and optional) insurance coverage for an employee who has been on leave without pay for more than 1 year is the first day he is in pay and duty status. Deductions are effective the same day.

Supplement to Staff Employee Personnel

Action for Integration of Mr. Joseph Piccolo

Effective August 27, 1965

The purpose of this memorandum is to call your attention to existing policies ~~which~~ are particularly material to you while you are integrated and to set forth certain rights and obligations which are incident to your status as an appointed employee. It is hereby agreed and understood that:

1. As an employee of this organization, at the present grade and salary of GS-10 & $8170 7710.00 per annum, you will accept cover employment with another instrumentality of the Government (hereinafter referred to as "your cover facility") effective as of August 27, 1965. You will, insofar as consistent with your basic responsibility to this organization, abide by all the rules, regulations, practices and policies of your cover facility, in order to appear as a conventional member of that establishment. Your appointment to your cover facility is being effected at FSR-7 and salary of $7245 per annum. You are prohibited, except as specifically authorized herein, from retaining emoluments paid by your cover facility.

2. It is understood and agreed that the minimum period of your overseas tour of duty is governed by and coincident with the prescribed tour of duty of your cover organization. Currently, your prescribed tour consists of a period of Two Years from the date of your arrival at your overseas post of duty. Your assignment may be terminated earlier for the convenience of this organization and the length of your tour of duty, as currently specified, may be unilaterally changed by this organization in order to conform with subsequent changes in the prescribed tour of your cover facility. If you request termination of your overseas assignment solely for your own convenience, unless it is for circumstances that are considered by this organization to be beyond your control or if you are terminated for cause under the regulations of this organization before you have completed the minimum period of service prescribed above from the date of arrival at your overseas post of duty, you will not be entitled to return travel or transportation for yourself or your dependents to the United States at Government expense. If you request termination of your overseas assignment solely for your own convenience, unless it is for circumstances that are considered by this organization to be beyond your control or if you are terminated for cause under the regulations of this organization before you have completed one (1) year of service from the date of your arrival at your overseas post of duty, you will be required to reimburse the Government for all of its expenses for your travel and transportation, and that of your dependents, from the continental United States to such overseas post of duty.

3. Travel to your post of duty overseas and your return travel to the United States, as well as travel performed overseas which is consistent with your cover designation, will normally be at the direction of your cover facility. Such travel will be accomplished in conformance with applicable regulations of your cover facility except when you are directed for operational reasons to perform travel in accordance with the regulations of this organization.

4. Salary and (except as provided in paragraph three (3) above) allowances paid by your cover facility shall be retained by you to the extent that they are less than or equal to the salary and allowance payments due on the basis of your grade level with this organization. If such cover payments are less than the amount due, the difference will be credited to your payroll account with this organization. If such cover payments exceed the amount due, the overage will be remitted to this organization at designated intervals, presently ______________________. Computations hereunder will be made on the basis of the aggregate gross due and received provided, however, that in computing remittances for overage Federal and, if applicable, District of Columbia income taxes withheld by your cover facility against the overage may be deducted. To assure timely accuracy in your payroll account with this organization you are expected to immediately report cover facility payroll changes.

5. Your status as an employee of this organization will continue in full force and effect during your period of duty with your cover facility and you will continue to be entitled to all rights, benefits and emoluments of such status. Certain variations in procedure will be required, however, to preserve the security of your cover position.

a. Upon integration into your cover facility, you will continue to be covered by the provisions of the Civil Service Retirement Act, as amended, and at your personal expense you will be subject to payroll deductions for retirement purposes (now six and one-half per cent) on the basis of your cover salary or your salary from this organization, whichever is the greater.

b. If you receive taxable income from both your cover facility and this organization, necessary adjustments for Federal, and if applicable, District of Columbia income tax purposes will be made in conformance with instructions received from this organization.

c. Consistent with your cover activity, you will continue to be responsible for compliance with the rules and regulations of this organization.

d. You are not assured upon the completion of your period of duty with your cover facility of any status with your cover based on your services performed with that organization at the request of this organization.

e. All annual and sick leave which is accrued to your credit at the time of integration will be transferred to your cover facility. While integrated you will be permitted annual leave, sick leave, home leave, and leave without pay in accordance with the regulations of your cover facility in lieu of the leave benefits of this organization. Upon completion of your integration your accrued annual and sick leave will be transferred to your credit with this organization. If security conditions require that your cover facility make a lump-sum payment for accrued annual leave, you will be required to pay the gross amount thereof to this organization including any income taxes withheld by your cover facility.

6. You will be required to keep forever secret this agreement and all other information which you may obtain by reason hereof, unless you are released in writing by this organization from this obligation. Violation of such secrecy may subject you to criminal prosecution under the Espionage Laws, dated 25 June 1948, as amended, and other applicable laws and regulations. The termination of your employment with this organization will not release you from the obligation of any security oath you may be required to take.

NOTICE OF CONVERSION PRIVILEGE

Federal Employees' Group Life Insurance Act of 1954

An employee is entitled to convert to an individual policy when his group insurance terminates because of separation from an agency, transfer or appointment to a group excluded by law or regulation from insurance coverage, expiration of 12 continuous months in a nonpay status, or entry into the military service of the United States and acquisition of coverage under the Servicemen's Indemnity Act of 1951.

An employee whose group insurance terminates as indicated above may, under provisions set forth in his Certificate of Group Insurance, purchase an individual policy of life insurance without medical examination. The individual policy may be in an amount not exceeding the employee's group life insurance and will be issued at rates applicable to the type of policy purchased and to his current age and class of risk.

If you are entitled to convert group life insurance to an individual policy and wish to exercise this privilege, you must:

1. Ask the agency identified in the block below to give you a completed Agency Certification of Insurance Status, and
2. Follow the instructions printed on the Agency Certification of Insurance Status, and mail it to the Office of Federal Employees' Group Life Insurance, 330 Fourth Avenue, New York 10, N. Y. That office will promptly mail to you detailed information on how to apply for conversion.

IMPORTANT

THE TIME IN WHICH AN EMPLOYEE MAY CONVERT IS LIMITED. THE COMPLETED "AGENCY CERTIFICATION OF INSURANCE STATUS" (NOT THIS FORM) MUST BE MAILED TO THE OFFICE OF FEDERAL EMPLOYEES' GROUP LIFE INSURANCE WITHIN 31 DAYS AFTER YOUR GROUP INSURANCE TERMINATES, OR WITHIN 15 DAYS AFTER THE DATE OF THIS NOTICE, WHICHEVER BASIS GIVES YOU THE MOST TIME.

UNDER CERTAIN CONDITIONS, LIFE INSURANCE IS PAYABLE IF DEATH OCCURS WITHIN 31 DAYS AFTER AN EMPLOYEE'S GROUP INSURANCE TERMINATES, EVEN THOUGH HE HAS NOT APPLIED FOR CONVERSION. IF DEATH OCCURS WITHIN THIS PERIOD FURTHER INFORMATION CONCERNING POSSIBLE BENEFITS MAY BE OBTAINED FROM THE AGENCY NAMED BELOW.

MEMORANDUM FOR: Chairman, GS-12 Evaluation Board

FROM : Raymond A. Warren
Chief, Latin America Division

SUBJECT : Recommendation for Promotion to
Grade GS-13, Daniel Flores

1. Mr. Daniel Flores was recently assigned to OTR as an operations instructor to capitalize on his fine operational record which he developed during his two field assignments in Guayaquil, Ecuador, and in Lima, Peru, and his most recent operational assignment with LA/COG. His overall performance has clearly been characterized by exceptional proficiency and he has been rated by his most recent supervisor as "outstanding" for his handling of a sensitive on-island case and his development and pursuit of Cuban operational leads. Mr. Flores has definite growth potential and clearly meets or exceeds the criteria for promotion to Grade GS-13, a promotion which is most strongly recommended.

2. During the past year Mr. Flores was responsible for handling a very sensitive and well placed on-island Cuban asset. This asset is probably one of the "messiest and disorganized individuals" with whom a case officer in this Agency has had to contend. However, Mr. Flores clearly demonstrated his fine handling abilities in his manipulation and exploitation of this agent. As a result of his guidance and his ability to effectively debrief this person, Mr. Flores was able to make this asset one of our most productive on-island sources. During the last year this source produced 51 reports on subject matter which often commanded attention at the highest levels of our government.

3. Mr. Flores has shown a remarkable growth potential during the last year. He is determined, persistent, serious, and commendably aggressive. He is mature, self-assured, and his operational decisions are sound. His managerial skills are in keeping with his operational potential. He was often called

upon in the last twelve months to act as Chief of his section, a GS-14 position. He demonstrated sound leadership qualities by stimulating interest and enthusiasm in his staff. His operational programs were aggressive and imaginative. Mr. Flores' supervisory talents combined with his excellent professional skills portend a continuing and successful career in this Agency.

4. While assigned to LA/COG, Mr. Flores was involved in the spotting, assessing, developing access to, and eventually pitching a Cuban who was the head of Cubana Airlines in a Latin American country. The recruitment pitch was not successful but the details of this operation were handled in the most professional manner. Mr. Flores developed more leads to relatives and friends of Cuban officials during this period than any other LA/COG operations officer. He has native fluency in Spanish and feels "at home" operating in the field. While in LA/COG Mr. Flores was called upon to do a considerable amount of TDY travel since he was on call to meet his on-island asset anytime, any place whenever the agent traveled out of Cuba. In addition to these travels, Mr. Flores did a lot of traveling seeking out and debriefing potential access agents. During this last year he clearly demonstrated his ability to function independently and to assume responsibilities usually reserved for officers much more senior in grade and experience.

5. Mr. Flores was assigned in July 1976 to OTR on a two-year rotational assignment as an operations instructor. Upon completion of this assignment, Mr. Flores will return to this Division to assume responsibilities, either at Headquarters or in the field, commensurate with his demonstrated operational and managerial talents. In recognition of Mr. Flores' outstanding agent handling skills, his overall professional competency, and his obvious growth potential, it is strongly recommended that Mr. Flores be promoted to Grade GS-13.

MEMORANDUM FOR: Chief, OTR/LTD

FROM : Walter R. Cox
Chief, ALT Unit

SUBJECT : Completion of Training Report
Trainee: Daniel Flores
Training Program: MURAD

1. For your information and for documentation in Daniel Flores' official personnel file, this memorandum certifies that he received the five-day SAI Persuasion Skills course at an NOCB safesite in Arlington, Virginia, between 11 and 17 August 1976. The instructor was Mr. George Steitz.

2. Briefly, the SAI course is a program in human relations and communications effectiveness on the interpersonal level. It provides the trainee with a framework for analyzing problems usually encountered in supervisory or in agent development, recruitment, and handling situations and with a system for presenting his ideas in a way standing the best chance for success in gaining a target individual's willing acceptance. Flores was an active and most interested participant throughout the program and achieved a good understanding of the basic principles involved. A copy of his course critique is attached for your information.

3. Since Flores is an ALT Instructor, we plan to dispense with the formality of a post-training questionnaire.

Trainee: Mr. Daniel Flores
Instructor: Mr. Steitz

August 1976

To assist us in making decisions about future SAI training or application, your answers to the following questions will be most appreciated.

1. Do you feel SAI training was helpful to you? (If you choose to do so, please explain why or how.) This course was extremely useful to me. One of the main features of the course — how to perceive the others persons objectives before your own — was of particular interest because, as an instructor it will be one of the main tools I will use in evaluating the level of understanding of each trainee. This experience will also be very helpful to me in my career as a case officer. I can think of several instance where SAI could have helped me turn several failures (recruitment pitches) into successes.

2. Did SAI training provide you with any concepts or tools which can be applied in a practical way to your work problems? To your personal life? Any examples you care to mention? The benefits that this course will provide for me in my job as an instructor are clear. I am absolutely certain that putting the SAI concept into practice will bring forth not only self satisfication but career benefits as well. This will also be very helpful to me in my personal life. I can see now that some of the concepts will be put to work immediately.

3. What elements, segments, or aspects of the SAI training were of the most interest or use to you? The greatest revelation from an operational point of view, was the clarifcation of perhaps an erroneous idea we have about obtaining our intelligence objectives. I always operated under the belief that the most important thing in my work was to attain my objectives, i.e. the recruitment of an agent. SAI revealed that this is true but it also revealed that it is more important to first considered the target's (agent's) objectives. Once we do this our chances (in my opinion after taking SAI) success would probably increase by at least 90 per cent. If I were to stress one point it would be that more emphasis be placed on dealing with the target's rather than the CO's objectives.

4. Would you recommend SAI training for other of our personnel? I am sure that many people would be recommended for this training and that all would benefit from it. However, I would strongly recommend that personnel officers be given SAI as a prerequisite to their [illegible]. It would certainly help them in dealing with large numbers of different people.

5. What other components or categories of personnel do you believe would benefit from SAI training to a degree making it worthwhile for them to receive it?

6. Please comment, if you have any definite opinion, on the duration and pace of the training: too long/short? too fast/slow? The pace of the course was exellent. However, adding one or two more days would certainly help in putting the SAI concepts into practice by the trainee himself. That is, perhaps a live excercise with a person who is not aware of the training situation. A trainee could be tasked to elicit information from an unwitting participant. The use of videotapes and/or movies would help in testing the trainees perceptiveness through the course.

7. Any other comments you may wish to make:

A brief comment about the instructor. He was definitely responsible for the success of the course. Mr. Steitz showed excellent knowledge of the SAI material and throughout the course kept the student's interest alive x by showing tremendous enthusiasm in what he was teaching. The end result of the professionalism that Mr. Steitz demonstrated in the class is reflected in the comments stated here and in the confiddnce he instilled in me personally.

8. On a scale of 1 to 5, how would you rate SAI training in relation to other training you have received from the Agency? Please encircle applicable number:

MEMORANDUM FOR: Secretary, CSCS Panel A

SUBJECT : Recommendation for Promotion to Grade GS-11, Daniel Flores

1. It is recommended that Mr. Daniel Flores be promoted from GS-10 to GS-11.

2. Mr. Flores is 36 years old and joined the Agency in March 1962. He has successively been a file clerk, translator, intelligence assistant, career trainee and operations officer. He worked part time for several years so that he could obtain his BA degree from American University. This he did in 1967 with his specialty being Latin American Affairs.

3. Mr. Flores, who is bilingual in English and Spanish, has just completed his first overseas tour as an operations officer in Guayaquil, Ecuador. It is on the basis of his very fine performance during this tour that this promotion request is based. Also as a result of his record in Guayaquil, he has been assigned to Lima Station as an operations officer in a position which is rated as GS-13.

4. The Chief of Base, Guayaquil, and the Chief of Station, Quito, both have rated Mr. Flores as "Strong" in his fitness reports and both have stated that his performance in Guayaquil merited a Quality Step Increase. This QSI request is currently being processed and is based on the outstanding job Mr. Flores did in connection with a very sensitive technical operation. He planned the pre-installation aspects, supervised the installation, located the listening post, recruited the transcriber/secretary and processed all the intelligence which was produced. The intelligence derived from this source has been of consistently high quality and the operation has been described by the Chief of Station, Quito, as the best and most productive of all the operations in Ecuador. Throughout all aspects of the operation, Mr. Flores maintained tight control on its security and avoided any problems in this respect.

5. By his performance in Guayaquil, Mr. Flores has demonstrated that he has found his proper role as an operations officer and that he has potential for growth in this area of endeavor. WH Division strongly recommends that he be promoted to GS-11.

MEMORANDUM FOR: Secretary, CSCS Panel (Section C)

SUBJECT : Recommendation for Promotion to Grade GS-10, Daniel Flores

1. It is recommended that Mr. Daniel Flores be promoted from GS-9 to GS-10. Mr. Flores has been in his present grade since April 1969.

2. Mr. Flores joined the Agency in 1962. Initially he was employed on a part-time basis in the WH Division while attending American University. He received his AB degree in 1967 and became a full-time staff employee. On the strong recommendation of his supervisors, Mr. Flores was accepted for the Career Training Program which he completed in August 1968. After rejoining the WH Division, he was selected for assignment as an operations officer at the Guayaquil Base, where he arrived in May 1969.

3. Mr. Flores has made a most impressive beginning in Guayaquil. He has adapted to new tasks and a new environment with a mature assurance and a professional approach. Shortly after arrival in Guayaquil the Base was temporarily depleted of other officers. Mr. Flores carried out the duties of acting Chief of Base in a most commendable manner. His fluency in Spanish and his Latin background have been definite assets in the performance of his duties. His performance to date has demonstrated that he handles his agents securely and productively. Both Mr. Flores and his wife have been well accepted within the local community and they carry out their representational duties very effectively.

4. Mr. Flores has proven to be a competent operations officer. As he further develops through experience and responsibility he should become eligible for rapid advancement. In any case he is already performing at a level higher than his present grade and a promotion at this time is strongly recommended.

During the visit of the Chief, WHD to the Base last November 1969 he mentioned to the COS, Quito and the COB that the promotion for Flores [redacted] (from GS-9 to GS-10) would be forthcoming; he also said this to Flores [redacted] during a private meeting. Thus far, however, there has been no notice of the promotion action. The COB assumes that the delay is related in some way to the dates set for meeting of the promotion panel for Flores' [redacted] grade. If this assumption is not correct, however, and some further action by the Base is necessary in addition to the recommendation contained in Flores' [redacted] last Fitness Report, the COB would appreciate being advised.

MEMORANDUM FOR: Secretary CSCS Panel, Section D

SUBJECT : Recommendation for the Promotion of Mr. Daniel Flores From GS-05 to GS-06.

1. Mr. Flores has been working in WH/COG and its predecessor groups since 1963. His fitness reports have been consistently good and the comments of his supervisors laudatory. In mid-1965 Mr. Flores was changed from full-time to part-time staff employee in order to allow him to attend American University on a full-time basis. His course of study leads to a Bachelor's Degree in Political Science with emphasis in Latin American affairs. Mr. Flores has made the Dean's List the past two semesters and will receive his degree in August 1967.

2. Throughout his career Mr. Flores has shown himself to be a strongly motivated employee, willing and capable. The calibre of his performance has been consistently good and he has shown steady improvement as he acquired the skills and knowledge of intelligence business. He is reliable and conscientious and we have good reason to expect that he will develop into a very competent operations officer. He will apply for the CT program in September and his application will be wholeheartedly supported by WH/COG.

3. In WH/COG Mr. Flores has served as an Intelligence Assistant in support of CI operations. In addition he has assisted in the training of agents in radio and secret writing communications. Mr. Flores is bi-lingual - Spanish and English - and is adept as an operational Translator-Interpreter.

4. Mr. Flores was promoted to GS-05 on 16 March 1964. He has been performing duties at GS-06 level for the past two years and it is sincerely recommended that he be promoted promptly to GS-06.

MEMORANDUM FOR: **Mr. Daniel Flores**

THROUGH : Head of CS Career Service

SUBJECT : Notification of Non-eligibility for Designation as a Participant in the CIA Retirement and Disability System

1. As you may know, we are in the process of reviewing the employment history and current career field of all employees in the Agency to identify those who are eligible for designation as a participant in the new CIA Retirement and Disability System. In this process, the initial review of each case is made by the individual's Career Service. If the Head of his Career Service nominates him for participation in the System, this nomination is reviewed by the CIA Retirement Board which recommends final action to me. However, if the Head of the Career Service advises that the employee does not meet the basic requirements of HR 20-50 for participation, I have accepted this finding without further review by the CIA Retirement Board. This practice has been adopted in the interest of expediting this screening process so that those employees who are eligible to participate in the System may be designated participants as soon as possible.

2. In your case, the Head of your Career Service has advised me that you do not meet the requirements of HR 20-50 for designation as a participant and I have accordingly made the formal determination required by the regulation that you are not eligible for designation. This in no way affects your current status under the Civil Service Retirement System, nor does it preclude reconsideration of your eligibility to participate in the CIA System if you should meet the requirements for designation in the future.

3. Should you desire further information concerning the requirements for designation as a participant in the CIA Retirement System, I suggest that your read paragraph e of HR 20-50 and paragraph 5 of the Employee Bulletin dated 30 July 1965, entitled "Public Law 88-643, The Central Intelligence Agency Retirement Act of 1964 for Certain Employees."

4. It is always possible that the records upon which the determination made in your case may have been incomplete or inaccurate regarding your actual employment history with the Agency. If, after studying the materials cited above, you have questions regarding the determination that you are not eligible to participate in the CIA Retirement System, please feel free to contact officials of your Career Service. They are familiar with the details of your case and will gladly discuss them with you. In addition, you may wish to discuss your case with the CIA Retirement Staff located in Room 205, Magazine Building (extension 2847). If such discussions do not resolve any questions you have regarding your eligibility, you may request that your case be formally considered by the CIA Retirement Board. However, this request must be made within 30 days of the date of this memorandum.

MEMORANDUM FOR: Chief, CSPO

SUBJECT : Conversion to Part-Time Staff Employment
Mr. Daniel Flores

1. Mr. Daniel Flores is an Intelligence Assistant, GS-07, assigned to the CI Staff of WH/SA. He is currently pursuing a program of studies in Government at the American University with special concentration on Latin American Affairs. To complete the major portion of his remaining requirements for the bachelor's degree, he is planning to attend the University full-time for a year. Any requirements still outstanding at the end of that period would be completed at night.

2. The employee's duties in the CI Staff involves the translation of W/T and SW messages received from and sent to agents in Cuba, assisting in the training of agents in SW and communications procedures, and miscellaneous support functions in the CI Branch. He has proved invaluable because he has native fluency in every-day Spanish and is familiar with SW and communication techniques, problems, and training procedures. In addition to Mr. Flores' utility for such cases as may arise in the future, he is personally acquainted with two of the double agents now in place in Cuba and with the numerous problems which constantly arise in their handling.

3. In view of the need for Mr. Flores' services, the Chief, CI Staff, has asked the employee if he would be willing to continue in his present capacity on a part-time basis. The employee has indicated that he would accept such an arrangement. It is accordingly requested that WH/SA be permitted to convert him from a full-time staff employee to one employed on a part-time, regular tour of duty basis. Subject would be utilized for a total of 18 hours per week, the maximum time that his school program will permit him to devote to Agency duties.

SUBJECT : Mr. Daniel Flores -
Recommendation for Promotion

1. Mr. Flores has been with the Agency for about eighteen (18) months and has been a member of SAS since June 1963. During the six (6) months he has been with SAS he has demonstrated intelligence and initiative. In addition to his fulfilling his primary responsibility as a translator, he quickly picked up the knowledge and experience necessary for an Intelligence Assistant in the Operations Support Section. His duties and responsibilities accordingly have been broadened. He has demonstrated ability to function independently as a member of the Operations Support Staff. He is cooperative and has maintaned a cheerful disposition under presure and through many late hours and weekends of duty.

2. In view of his excellent performance in SAS, his intelligence and ability, and his growth potential for a career in CIA, I strongly recommend that he be promoted to GS-5 as soon as possible.

Dear Mr. Flores:

We are pleased to inform you that your appointment with this Agency has been approved at Grade GS-4, salary $4040.00 per annum, as Clerk.

Your permanent employment will depend upon the completion of the following processing at the time of entering on duty: taking the oath of office, signing a loyalty affidavit, participating in a final security interview. Should anything of an unfavorable nature arise during this period, your employment will not result in a permanent appointment.

We hope you will be able to join us at an early date. Please dial 351-2781 and ask for Mrs. Shirley Wells, as soon as possible, in order to arrange an entrance-on-duty date. We would appreciate your selecting a Monday.

Please report to the Receptionist at 1016 - 16th Street, N. W., Room 201 at 8:15 a.m. and ask for Mrs. Wells on the reporting for duty date that you establish with this office. This address is located on 16th Street between K and L Streets opposite Hotel Statler.

Your gross earnings will be subject to deductions for Federal income tax and 6 1/2 percent for the United States Civil Service Retirement Fund. In addition, the benefits of low-cost group life insurance, which will be discussed with you at the time of your entrance on duty, are available to Federal civilian employees. This insurance is not obligatory. However, if you do not wish coverage, which is automatic, you should sign a Waiver of Life Insurance Coverage form at the time you enter on duty.

You will not receive a pay check for approximately four weeks after your entrance on duty.

If you have any problems, Mrs. Wells will be glad to discuss them with you when you call.

Very truly yours,

Mr. Flores had just been recently released from active duty with the USMC when he came in for interview. He has served two tours which included Security guard Embassy duty in Peru and Boliva. His wife was formerly stationed at the Embassy with Dept. of State. He appears to be a mature young man, clean cut, neat appearance, dark complexion and coloring. He is planning to continue his college education at C.U. and is available to work the 3:30 - midnight RI shift. A clerical position at the GS-4 level was discussed in the interview. His wife is a secretary with a law firm in town; they have no children.

Mr. Flores is in excellent health and had a very good record with the Marine Corps. Knows of nothing in his background that would be unfavorable in event of reference check. At initial interview he stated that he had no foreign connections, however, after contacting his family in Texas it was determined that his step-mother was born in Mexico and although she came to the US in 1922, she has never become a US citizen.

Full clearance.

General Considerations:

1. The National Security Act of 26 July 1947 (Public Law 253, 80th Congress) which created the Central Intelligence Agency places upon the Agency the responsibility:

a. "to advise the National Security Council in matters concerning such intelligence activities of the Government departments and agencies as relate to the national security;

b. "to make recommendations to the National Security Council for the coordination of such intelligence activities of the departments and agencies of the Government as relate to the national security;

c. "to correlate and evaluate intelligence relating to the national security, and provide for the appropriate dissemination of such intelligence within the Government . . . ;

d. "to perform, for the benefit of the existing intelligence agencies, such additional services of common concern as the National Security Council determines can be more efficiently accomplished centrally;

e. "to perform such other functions and duties related to intelligence affecting the national security as the National Security Council may from time to time direct."

The special character of this national responsibility requires the Agency to maintain correspondingly special employment criteria which may be different from the routine or normal employment standards of other Government departments and agencies which do not have the highly sensitive responsibility borne by the Central Intelligence Agency. It follows that the investigation of applicants prerequisite to their acceptance is a time-consuming process which, in addition to loyalty and security checks, includes evaluation of competence, physical and emotional fitness, and availability of a suitable position at such time as employment may be offered. This is called "clearance" of an applicant.

2. Investigation of an applicant may reveal something which prevents his clearance - perhaps something of which the applicant is genuinely unaware, perhaps something which only the special employment criteria of the Agency make unacceptable. In any event, adverse findings by the Agency are conclusive and final so far as the Agency is concerned, and no statement of specific reasons is made to the applicant.

3. Employment by the Central Intelligence Agency is not a right upon which an applicant can insist. Offer of employment which is subject to full clearance does not constitute a commitment on the Agency's part giving an unsuccessful applicant grounds for any claim against the Agency. Acceptance of employment upon the condition of clearance is at the applicant's risk, taken with the knowledge that a very substantial percentage of applicants are not cleared.

Statement of Understanding
and Agreement

I have read, understand, and agree to the foregoing General Considerations. If not accepted for employment by the Central Intelligence Agency, I will make no claim or demand in conflict with those considerations.

I have also seen and read Applicant Information Sheet No. 2.

SIGNED at Washington, D. C., this 1st day of September, 1961.

4. SECTION C - NARRATIVE COMMENTS.

SHORTLY BEFORE THE DEPARTURE OF THE FORMER COS, HE SUBMITTED A SPECIAL MEMORANDUM ON SUBJECT'S PERFORMANCE (MEXICO CITY 50702) WHICH CONCENTRATED MOSTLY ON SUBJECT'S RESPONSIBILITIES IN THE CI FIELD. A COPY OF THIS MEMORANDUM IS AVAILABLE IN SUBJECT'S PERSONNEL FILE. THE UNDERSIGNED FULLY ENDORSES THE LAUDATORY COMMENTS IN THAT MEMORANDUM, BUT SINCE SUBJECT HAS TAKEN ON BROADER RESPONSIBILITIES, IT IS NECESSARY TO COMMENT ON OTHER ASPECTS OF HIS WORK.

FOR THE PAST MONTHS, SUBJECT HAS BEEN DIVIDING HIS TIME ABOUT EQUALLY BETWEEN HIS CI RESPONSIBILITIES AND OTHER STATION OBJECTIVES, PRINCIPALLY THE CUBAN TARGET. SUBJECT WAS GIVEN THESE ADDITIONAL DUTIES BECAUSE THE CI OPERATIONS GROUP IS WELL ORGANIZED AND REQUIRES LESS DIRECT C/O INPUT, AND ALSO BECAUSE OF THE NEED TO DEDICATE ALL AVAILABLE RESOURCES AGAINST THE CUBAN TARGET. THIS STATION IS ONE OF FOUR WITHIN THE DIRECTORATE WHICH HAVE BEEN SELECTED FOR A CONCENTRATED EFFORT AGAINST CUBA, AND THIS TARGET NOW RANKS NUMBER ONE AMONG THE STATION'S MANY PRIORITY OBJECTIVES. SUBJECT'S PAST EXPERIENCE IN CUBAN OPERATIONS, HIS ABILITY TO PASS AS A NATIVE IN THIS COUNTRY, AND HIS OTHER STRENGTHS, WERE THE INGREDIENTS WHICH THE STATION NEEDED TO EXPLOIT IN THIS EFFORT.

SUBJECT HAS TAKEN OVER THE PRINCIPAL STATION OPERATION DIRECTED AGAINST CUBA. THIS WAS A FAIRLY NEW OPERATION AT THE TIME IT WAS ASSIGNED TO SUBJECT AND IT WILL MATURE UNDER HIS DIRECTION. FOR REASONS OF SENSITIVITY, A MORE DETAILED REVIEW OF SUBJECT'S WORK ON THIS OPERATION CANNOT BE PROVIDED, BUT THE RECORD SHOULD NOTE THAT DURING THE PAST THREE MONTHS, HE HAS HANDLED THIS OPERATION IN A THOROUGHLY PROFESSIONAL MANNER WITH STEADY PROGRESS BEING MADE TO FULLY EXPLOIT THE OPERATIONAL AND REPORTING POTENTIAL. ALSO DURING THIS REPORTING PERIOD, SUBJECT RENEWED CONTACT THROUGH HIS OWN EFFORTS WITH A FORMER REPORTING ASSET WHO HAD DRIFTED AWAY FROM COLLABORATION WITH THE ORGANIZATION. SUBJECT IS NOW ATTEMPTING TO BREATH NEW LIFE INTO THIS OPERATION AND BRING IT BACK UNDER CONTROL.

SUBJECT ALSO COOPERATED WITH ANOTHER GOVERNMENT AGENCY IN ATTEMPTING TO RE-ESTABLISH CONTACT WITH A LOCAL CUBAN

CONFIDENTIAL

DEFERRED TELEPOUCH

79 3383966 PAGE 003 3383966

OFFICIAL DURING THE TARGET'S VISIT TO THE BORDER AREA. SUBJECT WAS IN CHARGE OF COORDINATING THIS OPERATION WITH LOCAL LIAISON AND WITH THE OTHER AGENCY. THE OPERATION WAS SUCCESSFUL FROM THE POINT OF VIEW OF ARRANGING A MEETING WITH THE TARGET, BUT SINCE THE TARGET'S RETURN TO THE CAPITAL CITY, HE HAS REFUSED EFFORTS BY SUBJECT TO CONTINUE CONTACT.

ANOTHER EFFORT AGAINST THE CUBAN TARGET UNDER SUBJECT'S RESPONSIBILITY INVOLVES THE RESOURCES OF THE SPECIAL CI OPERATIONS GROUP. FOR SOME MONTHS NOW, THIS GROUP HAS BEEN TRYING TO MOUNT A SENSITIVE FI COLLECTION EFFORT AND PROSPECTS REMAIN ENCOURAGING THAT THIS EFFORT WILL SOON BE OPERATIONAL. THIS IS A FAIRLY COMPLEX UNDERTAKING WHICH REQUIRES PATIENCE AND AN ELEMENT OF GOOD LUCK IN ORDER TO BE SUCCESSFUL. SUBJECT DESERVES CONSIDERABLE CREDIT FOR THE PROGRESS MADE THUS FAR AND IF EVERYTHING GOES ACCORDING TO PLAN, THIS OPERATION SHOULD BE PRODUCING WITHIN A SHORT PERIOD OF TIME.

APART FROM HIS WORK AGAINST THE CUBAN TARGET, SUBJECT WAS SUCCESSFUL IN RECRUITING AN ACCESS AGENT AGAINST A CHINESE OFFICIAL AND LATER WAS ABLE TO ESTABLISH CLOSE RAPPORT WITH THE OFFICIAL HIMSELF. FOLLOWING UP ON A LEAD FROM ANOTHER SOURCE THAT A LOCAL NATIONAL HAD A CLOSE RELATIONSHIP WITH A CHINESE OFFICIAL, SUBJECT USED HIS NATIVE LANGUAGE AND APPEARANCE AND RECRUITED THE LOCAL UNDER THE GUISE OF BEING A MEXICAN GOVERNMENT OFFICIAL WHO WANTED TO MONITOR THE ACTIVITIES OF THE CHINESE IN MEXICO. ASSESSMENT INFORMATION OBTAINED FROM THE NEW SOURCE GREATLY FACILITATED THE ABILITY OF SUBJECT TO ESTABLISH CLOSE RAPPORT WITH THE CHINESE OFFICIAL ONCE CONTACT WAS MADE. SUBJECT WAS ABLE TO DISCERN THAT THE TARGET WAS POTENTIALLY VULNERABLE ON SEXUAL GROUNDS, BUT TIME DID NOT PERMIT THIS VULNERABILITY FROM BEING EXPLOITED BEFORE THE TARGET COMPLETED HIS TOUR AND DEPARTED THE COUNTRY. STATION REGRETS THAT A LEAD TO THIS TARGET WAS NOT IDENTIFIED EARLIER, BUT THIS DOES NOT DETRACT FROM THE PROFESSIONAL MANNER IN WHICH SUBJECT EXPLOITED EVERY OPPORTUNITY TO PUSH THIS CASE FORWARD AGAINST AN UNREALISTIC DEADLINE.

THIS REPORTING PERIOD HAS AGAIN BEEN ONE OF CONSIDERABLE ACTIVITY ON THE PART OF SUBJECT IN WHICH HE HAS DEMONSTRATED HIS TALENT FOR OPERATIONS AND PARTICULARLY HIS ABILITY TO

CONFIDENTIAL

DEVELOP AND HANDLE AGENTS. HE HAS DISPLAYED VERSATILITY AND FLEXIBILITY IN PURSUING HIS TARGETS AND IS EVER ALERT FOR VULNERABILITIES WHICH CAN BE EXPLOITED. HE USES GOOD JUDGMENT IN HANDLING HIS CASES AND HIS TRADECRAFT PROCEDURES DURING THIS PERIOD HAVE BEEN SOUND. IT SHOULD ALSO BE NOTED THAT THE PARTICULAR CUBAN CASES WHICH HE IS INVOLVED ARE NOT EASY ONES. THEY REQUIRE HARD WORK, AND THE FULL RANGE OF CASE OFFICER EXPERTISE IN ORDER TO PUSH THEM FORWARD. HIS RESPONSIBILITIES IN THE CI FIELD ARE EQUALLY DEMANDING. SUBJECT HAS MADE A VERY POSITIVE CONTRIBUTION TO THE WORK OF THIS STATION DURING THIS REPORTING PERIOD AND WELL DESERVES A RATING OF STRONG FOR HIS VARIOUS DUTIES AND A STRONG FOR HIS OVERALL PERFORMANCE.

5. COMMENTS BY REVIEWING OFFICER.

I CONCUR WITH THIS EVALUATION AND BELIEVE IT IS MOST COMPREHENSIVE AND OBJECTIVE. HAVING WORKED WITH SUBJECT DURING AN EARLIER PERIOD OF HIS CAREER WHEN HE WAS THEN A GOOD OFFICER (1970-72), I AM STRUCK BY THE REMARKABLE PROGRESS HE HAS MADE IN THREE KEY AREAS: OPERATIONAL THINKING AND ANALYSIS, WRITING, AND SOUND, PROFESSIONAL APPLICATION OF BASIC OPERATIONAL PRINCIPLES.

I AM DELIGHTED THIS HIGHLY CAPABLE, AGGRESSIVE OFFICER WILL BE REMAINING A THIRD YEAR AT THIS STATION AND LOOK FORWARD TO A MAJOR CONTRIBUTION FROM HIM IN MOST OPERATIONAL AREAS OF PRESENT PRIORITY CONCERN.RVW 13 NOV 99 DRV D9C.3.

Mr. Flores came to the Cuba Operations Group from a brief assignment to the Office of Training. Prior to the OTR interim, Mr. Flores had been a COG case officer and was therefore familiar with its operational techniques. During this ten-month period under review, Mr. Flores served as a section chief with responsibilities for East Asian stations with a Cuban target (Tokyo, Manila, and Hong Kong) and Canada. Mr. Flores was the only GS-13 officer to hold section chief responsibility, yet his performance compared favorably with that of the GS-14 section chiefs. As a section chief, Mr. Flores was supervisor for two operations officers, one intelligence analyst and a secretary. He was responsible for ensuring the prompt handling of correspondence to and from the field stations, and providing operational guidance and direction on matters pertaining to Cuban operations. His section was managed in a competent manner with Mr. Flores demonstrating his ability to delegate functional responsibilities.

The Cuba Operations Group also functions in a direct case officer capacity, and Mr. Flores frequently traveled TDY to handle cases. He was the operations officer for one particularly sensitive and productive on-island reporting case. This required him to travel on short notice and to arrange for secure meeting and debriefing sessions of this reporting source.

Mr. Flores also traveled to Canada on various occasions to meet with liaison contacts and participate in developmental operations. One particular recruitment attempt required Mr. Flores to spend several days in a motel room observing the

movements of an operational target, and to devise a secure and timely method of approach to the individual Cuban.

In comparing Mr. Flores' performance as an operations officer and as a supervisor, I believe his performance is somewhat stronger in the former capacity. Mr. Flores has all the attributes of an excellent case officer: he is aggressive, thinks operationally, and is fast on his feet in an operational situation. He is further aided by his fluency in Spanish and has on more than one occasion successfully passed himself off as a Mexican businessman. During his TDY travels, he has repeatedly demonstrated dedication to the job at hand, willingness to work long hours, and a flexibility to handle all types of situations.

Mr. Flores is less enthusiastic when it comes to the paperwork and bureaucratic requirements of his position. While he is a good writer, he tends to handle his written tasks in a hurried manner and consequently, his work oftentimes requires review. He is also inclined to take the shorter and easier approach when handling the paper flow requirements. I mention these points not because they represent basic shortcomings, but simply to contrast them to his exceptionally high performance in his operations officer capacity.

In sum, Mr. Flores is an extremely experienced, competent and well motivated operations officer. His talent as a "street operator" with a keen sense for the human target has been amply demonstrated. He has now quite successfully been introduced to his first supervisory position and proven that he is competent for assignments of this nature. I believe Mr. Flores is capable of handling positions of increasing responsibility and should be given the opportunity to do so.

Mr. Flores joined the Agent and Liaison Training Unit in mid-June 1976 and after a week's familiarization with training materials, aids and office routine of the Unit, he attended a two-week Instructor Training Workshop at the Special Training Center. On completion of the Workshop, Subject returned to the Unit for further familiarization with the routine of the Unit, assisted in several surveillance problems, and monitored a two-week training program which included active participation as a trainee himself in the SAI (or persuasion skills) portion of the program. Subsequently Mr. Flores assisted as a role-player in a brief but significant program involving the training of a prominent U.S. citizen assisting the Agency in southern Africa. Mr. Flores then assisted another instructor in devising and conducting the first program this Unit has undertaken designed to teach surveillance awareness/detection to Staff Employees who are deemed likely to be subjects of terrorist surveillance and attack. Mr. Flores then planned for, and from 12 October through 19 November conducted a tutorial training program in clandestine operations tech-

niques for a U.S. citizen who is scheduled to serve as an NOC Officer in the Caribbean.

The first independent training task given to Mr. Flores was of a third-national field agent serving as an access agent, but this task was cancelled at the last minute when the concerned Base discovered grounds for field termination of the agent rather than providing tutorial training for the agent in the U.S. Mr. Flores was justifiably irritated at this turn of events which denied him what held promise for being a challenging initial training program.

It was with regret that we learned, early into what turned out to be Mr. Flores' only independent training program, that a priority requirement of his home-base Division would necessitate his return to Division duty soonest. The Division agreed to our request that Mr. Flores conclude the training program he had tailored, and begun, and Mr. Flores is to be commended for having done an exceptionally fine job in this assignment. The completion-of-training report was also well organized, and the questionnaire which asks for an evaluative follow-up from the trainee's field Station is to the point.

Early in his assignment Mr. Flores took over the maintenance and improvement of the Unit's operations training slides, consolidated them into an extremely functional package, and solicited ideas from other instructors to improve the package. Much to his credit and the Unit's benefit, Mr. Flores managed to persuade another Agency component to undertake--without charge--a major revamping of some of the slides using computor-designed art work to replace some of the less impressive early work in this field.

4. SECTION C - NARRATIVE COMMENTS

THIS IS THE INITIAL REPORT WRITTEN ON SUBJECT AND COVERS A PERIOD OF SEVEN AND ONE-HALF MONTHS SINCE HIS ARRIVAL IN MEXICO IN FEB 78. SUBJECT HAS BEEN IN THE ORGANIZATION FOR OVER 16 YEARS AND SERVED TWO O/S ASSIGNMENTS PRIOR TO MEXICO CITY.

HIS PRIMARY DUTY IS TO SUPERVISE THE OPERATIONS OF A CI UNIT COMPOSED OF PERSONNEL SUPPLIED BY LIAISON BUT WHICH IS UNDER THE OPERATIONAL DIRECTION OF THE STATION. THIS PARTICULAR UNIT REPRESENTS THE NUCLEOUS OF THE STATION'S CI OPERATIONAL CAPABILITY. IT IS ALSO A STRONG CONTRIBUTOR TO STATION'S EFFORTS DIRECTED AGAINST THE HARD TARGETS IN THE FI FIELD. SUBJECT PARTICIPATES IN ALL LEVELS OF ACTIVITY WITH THIS UNIT FROM THAT OF A MANAGER TO SERVING AS AN OPERATIONS OFFICER. THE LEADERSHIP AND EXAMPLE WHICH HE SETS HAVE BEEN AN ESSENTIAL INGREDIENT IN THE SUCCESS ENJOYED BY THE UNIT IN RECENT MONTHS. IN APRIL 1978, THE STATION UNDERTOOK AN AUDIO OPERATION DIRECTED AT THE OFFICIAL OUT-OF-TOWN RETREAT OF A PRINCIPAL ADVERSARY IN MEXICO. SUBJECT PARTICIPATED IN THE RECRUITMENT OF A CARETAKER WHO PROVIDED ACCESS TO THE TARGET INSTALLATION AND WAS SUBSEGUENTLY INVOLVED IN ALL ASPECTS OF THE OPERATION EXCEPT THE ACTUAL INSTALLATION OF THE TECHNICAL DEVICES. THIS SUCCESSFUL OPERATION WAS FOLLOWED BY ANOTHER ONE THE FOLLOWING MONTH, THIS TIME DIRECTED AT THE HOTEL ROOMS OF A VISITING COMMUNIST DIGNITARY. TWO VALUABLE REPORTS WERE PRODUCED FROM THIS OPERATION ON THE POLICIES AND PLANS OF A FOREIGN COMMUNIST PARTY. IN JULY, SUBJECT SUPERVISED THE RECRUITMENT OF AN AGENT WHO HAS ESTABLISHED ACCESS TO A HOSTILE OFFICIAL INSTALLATION. A TECHNICAL OPERATION IS NOW UNDERWAY TO EXPLOIT THE SOURCE'S ACCESS.

IN SEPTEMBER, ANOTHER OPERATION BEGAN AGAINST THE RETREAT OF THE SAME PRINCIPAL ADVERSARY MENTIONED ABOVE SINCE A NEW PROPERTY HAD BEEN ACQUIRED. AGAIN, SUBJECT PARTICIPATED IN THE RECRUITMENT OF THE CARETAKER OF THE NEW SITE AND IN OTHER PHASES OF THE OPERATION WHICH CONTINUE AT THIS TIME.

IN ADDITION TO THESE SPECIFIC OPERATIONS, THE CI UNIT ALSO CARRIES OUT A HOST OF BACKGROUND INVESTIGATIONS, SURVEILLANCE, AND OTHER WORK AS REQUIRED IN THE CI FIELD. SINCE MEXICO CITY SERVES AS PROBABLY THE PRINCIPAL BASE FOR OPERATIONS BY THE SOVIETS AND THE CUBANS AGAINST THE UNITED STATES, SELECTIVE TASKING MUST BE UNDERTAKEN TO OBTAIN MAXIMUM EFFICIENCY FROM THIS SMALL UNIT.

SUBJECT ALSO HANDLES TWO PENETRATIONS OF THE CI UNIT, AND IS ALSO RESPONSIBLE FOR PROVIDING SUPPORT THROUGH THIS UNIT TO OTHR CI ACTIVITIES DIRECTED AGAINST SOVIET AND CUBAN ESPIONAGE IN MEXICO.

INDEED, THE FIRST PART OF HIS TOUR IN MEXICO HAS BEEN A BUSY ONE. THE STATION FINDS HIM TO BE AN ENERGETIC, VERSATILE, AND HIGHLY QUALIFIED OFFICER. HE HAS HANDLED THE PERSONNEL AND OPERATIONAL PROBLEMS WHICH HAVE SURFACED WITH HIS CI UNIT WITH TACT AND EFFECIENCY, AND HIS RAPPORT WITH HIS LIAISON COUNTERPARTS IS VERY GOOD. DURING RECENT CONVERSATIONS, SENIOR MEXICAN SECURITY OFFICIALS HAVE EXPRESSED THEIR HIGH REGARD FOR SUBJECT'S ABILITIES.

HIS ABILITY TO PASS AS A NATIVE IS AN ADDED FACTOR IN HIS FAVOR AND PROVIDES HIM WITH A GREATER DIMENSION FOR OPERATIONS. THE STATION HAS USED SUBJECT ON OCCASION FOR UNILATERAL OPERATIONS, BUT THIS USE MUST BE SELECTIVE IN ORDER NOT TO ADVERSELY IMPINGE UPON HIS PRIMARY WORK WITH THE CI UNIT.

SUBJECT IS VERY COST CONSCIOUSNESS IN THE USE OF STATION FUNDS AND EXTRACTS A HEALTHY RETURN FOR PROJECT MONIES USED TO SUPPORT THE WORK OF THE CI UNIT.

This officer has worked under my supervision for approximately six months. This is the first fitness report I have prepared on him. After two field tours and his current assignment to Cuba Operations Group, he has developed into a solid and professional operations officer with the skills we hope our employees will develop. He is now highly motivated and creative in his work. He has demonstrated, particularly in recent months, a gratifying degree of drive and interest.

He has handled one of our most productive and sensitive on-island assets. With his guidance this agent has produced, within the past six months, some of the highest quality intelligence on Cuban plans and intentions this Agency has obtained. Because this agent must be serviced via TDY travel, the responsible case officer must be able to work with very little guidance and have the tradecraft skills and reports writing ability to work largely on his own. With this case Mr. Flores has demonstrated himself to be a first-class agent handler, highly attuned to operational information and quality intelligence production.

As Section Chief I have relied upon him heavily to provide the institutional memory our work demands. He has full grasp of all operations directed against Cuban officials, not only in those countries under his direct responsibility, but throughout Latin America. Since all of the officers in this section travel frequently to meet and debrief agents, Mr. Flores has frequently acted as Section Chief during the absence of the other two officers, a GS-14 position. He has been able to handle the job well both

COMMENTS OF REVIEWING OFFICIAL

I agree with the ratings given by the rating officer.. Mr. Flores is indeed a fine operations officer and should have an exceptionally successful career in operations. The only weakness in him that I have ever noted is an occasional lack of drive and self-motivation and as noted by the rating officer, particularly in recent months, he seems to have cured this and has indeed been going at a fast pace.

Mr. Flores is leaving Cuba Operations Group for a rotational tour in the Office of Training. I believe that when he finishes this tour, he should return for an operational assignment in the Latin America area. He is an exceptionally fine case officer, has a native command of Spanish, and has a way of dealing with his agents that gets the most out of them. Future tours for him should involve supervision of younger case officers and he should begin to move into the managerial aspects of operations.

in terms of paper flow and personnel administration. He demonstrates an ability to advance further along these lines. Also during the period under review he participated in an approach against the local head of Cubana Airlines in a Latin America country. Although the recruitment effort was not successful, it was conducted in a professional manner and Mr. Flores used an access agent relative in a very effective manner.

He has been perhaps the most aggressive officer in the Cuba Operations Group in pursuing leads for interviews of relatives, friends, and acquaintances of Cuban officials posted abroad. During the period under review he conducted at least six such interviews and developed good assessment data on various targets.

As a native Spanish speaker, Mr. Flores has the ability to pass as a foreign national and has successfully carried out roles as a Mexican citizen, using OTS-provided false documents. This ability to pass as non-American has been of great assistance in handling the key case he relinquished only on leaving LA/COG.

Mr. Flores has now overcome an earlier reluctance to be aggressive which former supervisors might have noted. I am confident he will maintain and build further on what I have found to be a highly improved sense of enthusiasm. I am sure he will be a strong contributor to his new component.

OFFICE OF PERSONNEL

LA/COG is both a Headquarters [illegible] and an active operational "station" operating out of Headquarters, responsible for recruitment operations and agent handling. As such, Mr. Flores assignment is a combination of Headquarters desk chief and case officer of a large field station. His performance is being rated in both capacities which means that much higher criteria is being applied than for most Headquarters officers.

Mr. Flores has proved to be a professional agent handler, and has been used very effectively in two new, sensitive operations run from Headquarters. Although he did not participate in the recruitment of these sources, Mr. Flores was brought in to provide initial training, and detailed guidance necessary to develop the new assets into reporting sources. One was a complicated case of a DGI walk-in who Mr. Flores helped debrief, then trained and dispatched back to Cuba. The other was a successful false flag recruitment of a source with excellent access to the Cuban leadership; Mr. Flores' job, after being introduced by the recruiting officer, is to make the source into a fully controlled asset and maximize the excellent potential for intelligence information.

LA/COG has six operations officers performing duties similar to those assigned to Mr. Flores--Case officer responsible for recruiting/handling agents directed against a hard target and also staff duties as a Desk Chief. These tasks are unique within the Latin America Division as these officers serve as field case officers and also as Headquarters desk officers. All on-island Cuban agents are handled by these six employees. I would rank Mr. Flores in the middle of this group, but it must be taken into consideration that all the other officers are senior in grade.

Continuation of Section D

His professional, no-nonsense handling has already contributed to highly significant information (a value quotient of 7.0 with one XX report) on some of the Agency's current Cuba priorities including Cuba's negotiating attitude vis-a-vis the U.S.

In his capacity as Desk officer for field stations in Latin America, Mr. Flores is charged with providing guidance and support aimed at recruitment operations against Cuban officials. He has conducted interviews of Cuban exiles in the U.S. and initiated a promising recruitment operation against a well placed third country official in Cuba. He supervises one intelligence analyst and, together, they effectively ensure timely response to field requests and help stations to identify operational opportunities, recruitment targets and--where necessary--keep them aware of the priority of the Cuban target.

By his performance, Mr. Flores has demonstrated he is a versatile case officer with good operational instincts; he is showing increasing agressiveness and imaginative support of field stations in their efforts to recruit Cuban officials. While he is an excellent agent handler who gets maximum intelligence production from his assets, he is less thorough when handling the administrative details involved in his operations. He needs more supervisory experience, and still tends to rely excessively on his IAs to search for operational leads and conduct operational research.

Mr. Flores was sponsored by the Division, and attended the mid-career course in November 1974. He has excellent potential for further advancement in the Division and has been a significant factor in LA/COG's success over the last year in developing access to Cuba, a recognized hard target.

Continuation of Section E

Subject excels as an agent handler motivating his agents and disciplining them when required to obtain quality intelligence. He handles two of LA/COG's most sensitive on-island agents and during this period, he has met these two agents in Europe and in Latin America. He has certainly targetted these two agents against priority objectives and the intelligence produced has been of vital interest to U.S. Government policymakers in this delicate period of Cuban negotiations. Latin America Division has received commendations from

Continuation of Section E

the intelligence community for reports acquired through Mr. Flores. Subject's staff duties include desk chief responsibilities for support and guidance to field programs including the research and targetting required to conduct an effective recruitment program. Although such duties requiring supervision are new to him, he is also making progress in this capacity. With proper guidance and assistance, he will develop into a most effective supervisor.

Mr. Flores native fluency in Spanish and his Latin background have proven most valuable to Cuban operations. In fact he represents himself as "Latin American" in handling one of this agents. For an officer his grade, he is very mature, self assured, has good common sense and is certainly a professional. Subject has completed two tours in the field and is an experienced ops officer. He is intelligent, imaginative, uses good tradecraft at all times and has a clear headed approach to the business. He expresses himself well orally and in writing, and works very well with other case officers. Mr. Flores keeps up to date on political, economic and social affairs pertaining to Cuba and he willingly accepts difficult tasks requiring frequent separations from his family.

Subject definitely has potential. He is operationally agressive and is gaining experience as a manager. Mr. Flores is already performing at a higher level than his grade. In approximately a year, he should be again dispatched to the field as a senior officer responsible for handling Soviet, Chinese or Cuban targets. During the next reporting period, Mr. Flores should receive training in superivsion. He is a solid performer in the Cuban Operations Group and has contributed much to our successes during the past year.

In a very short time, Mr. Flores has become an important factor in LA/COG's efforts to directly handle Cuban on-island agents, and to expand its recruitment program. His fluent Spanish, past operational experience, versatility and ability to blend into the local scene in most Latin American countries, make him highly qualified for his present assignment. He demonstrates sound operational judgment under often trying conditions, and good ability to communicate effectively both orally and in writing. His frequent TDYs demand long and unusual hours, which he gives ungrudgingly.

Almost immediately after his assignment to LA/COG in March 1974, Mr. Flores was called upon to handle a sensitive walk-in case. The agent had already been recruited and many of the developmental aspects of the case had been resolved prior to Mr. Flores' introduction, but it still required a Headquarters based case officer to provide the necessary continuity wherever the agent surfaced overseas. The case is complicated and time-consuming, involving extended TDYs and utmost adherence to good tradecraft procedures. It has developed into one of our most productive sources of information on Cuban clandestine

COMMENTS OF REVIEWING OFFICIAL

I concur with the rating officer's comments and performance evaluation. Soon after his arrival at LA/COG, Mr. Flores took over the handling of a sensitive agent. While the agent's bona fides had already been established and his modus operandi determined, considerable ad hoc judgement and direction were required to continue the agent's motivation and ensure his viability. Mr. Flores did extremely well in his guidance of the agent in a series of complicated, extended meetings which took place in several LA countries. Good, professional tradecraft and sound judgement were exhibited by Mr. Flores.

As to his support of LA Station efforts against the Cuban target,

activities in Latin America, due largely to Mr. Flores' professionalism.

Mr. Flores' current assignment is a combination of operational and Headquarters desk responsibilities, the latter calling for the support of field stations in their efforts to develop individual Cuban recruitment programs. His extended TDYs have understandably prevented Mr. Flores from devoting much time to his desk responsibilities and it is somewhat difficult to judge his performance as a desk officer. He has a good grasp of what needs to be done, and his handling of specific tasks indicates good managerial potential. Nevertheless, he does need additional desk experience, especially in areas which will allow him to use his operational ability to support and guide field stations that are developing Cuban operational programs.

COMMENTS BY REVIEWING OFFICIAL (CONTINUED)

this aspect of his performance was less noteworthy, and it is believed more attention and research could have been given to this activity. Mr. Flores writes concisely and well, and his CI/CE instincts are sharp and true. He can be expected to turn in a solid desk performance in the future.

Subject's tour in Lima has been cut short by the serious illness of his daughter. As a result of this illness it was also necessary for him to spend the months of December and January on emergency leave in the United States, returning without his family in February in order to transfer his ops workload and pack out his personal effects for PCS transfer to Headquarters on 4 March.

Although the undersigned had the privilege of working with Subject only briefly, as rating officer he had the advantage of taking over handling of most of Subject's cases following the departure on emergency leave. Thus he was able to observe first hand and in detail the human material with which Subject had worked, the progress he had made in developing their access and capabilities, and the respect these agents had for him.

During the period covered by this report, Subject continued his pursuit of the MPCHEEK target as his primary operational responsibility. He developed and recruited a prominent member of the local MPCHEEK community who has good access to the MPCHEEK embassy and handled four other access agents. He also handled a unilateral surveillance team and the Station's press placement assets via a principal agent who in turn handled three sensitive assets.

COMMENTS OF REVIEWING OFFICIAL

As the rater makes clear, Subject will be missed in Lima and we can only sympathize with the reasons why he must now leave. He was doing the Station a great deal of good and advancing his own career nicely as well. It is worth recalling that Subject presided here in Lima over what we understand is still a unique operational feat, a staged recruitment approach to an MPCHEEK official. Also, Subject was often used on a variety of operational tasks having little to do with his assigned targets because, in the

In carrying this heavy workload, Subject demonstrated that he is a superior agent handler. He succeeded in conveying to these people a sense of mission and participation which has kept their morale and motivation, and hence their production, at a high level. He also insisted upon work and security discipline, with a result that the record of these agents in prompt and reliable appearance for meetings and in responding in writing to requirements is extraordinarily good. They all have a clear idea of what is expected of them, confidence that performance will be rewarded and conversely that non-performance will not be tolerated. Just prior to his departure, Subject successfully terminated an entire surveillance team of long standing, a measure which was decided upon simply because the team had been heavily used for over five years and from a security standpoint replacement seemed to be in order. Letting old agents go is always a delicate and usually a thankless task. It takes finesse and bargaining skill. Subject showed these and more in divesting us of the team without a hitch.

During his last month in Lima, despite the fact that he was burdened with the problems of closing out his household and the normal operational and administrative cleanup prior to PCS departure, Subject made two very significant contributions to Station objectives. First, he coordinated with the Peruvian Government the official but necessarily discreet visit of a senior BKHERALD officer. Since the Station is not declared, Subject had to maintain his LNGOLD cover throughout, further complicating this delicate assignment. During the visit, he coordinated frequently with the head of the Peruvian National Intelligence Service and with the chief administrative aide of the President of Peru. He also participated directly in one meeting with the President. This was of course not the type of assignment which would normally be entrusted to a "junior officer", but Subject is junior only in relative grade, certainly not in maturity, self-assurance or judgment. Then with only three days left in Lima, Subject led an installation team which entered a building recently purchased by the MPCHEEKs, remained for almost 48 hours and made two apparently excellent audio installations.

The Station will miss Subject a great deal. As the above incidents demonstrate, when the tough or sensitive assignments came up, he was the officer we turned to most frequently. He never balks, argues inconvenience, or seeks the way out. He is cooperative, helpful, and in a low-key way is always effective. We hope he will not object to the term "old reliable" -- he has been that in Lima, and more.

first instance he was bilingual and could fade into the Lima background. But he would not have been so regarded if he had not shown ample good sense, zeal, and balanced judgment in unfamiliar situations. We hope Subject can get overseas again within a reasonable time and consider that the Station that gets him will be fortunate.

Following realignment of Station officer assignments last year, Subject was given the responsibility for operations against the MPCHEEK "hard target". He also assumed additional tasks in more traditional areas, such as coverage of the local government, penetration of the Communist Party, and press placement activity. The breadth of these operational commitments attests Subject's professional ability and versatility. (This would be a senior case officer's load by any description and Subject's performance at it was the reason behind our recommendation for accelerated promotion last year.)

Particularly against the difficult MPCHEEK target, this officer has displayed admirable determination despite the inherent frustrations and disappointments of working against this remote and suspicious group. During the period under review, his job has been the more difficult since the MPCHEEKS, in all probability reacting to a Station attempted recruitment operation (in which Subject played a major role), have withdrawn into a defensive shell which makes access operations verge on the impossible. Nevertheless, he has continued to probe their defenses, and has managed to develop two leads which, with the exercise of patience and application of his proven operational resources, could eventually give us access to the official MPCHEEK Mission here. This officer refuses to become discouraged, a quality officers working on hard targets must have.

Special mention is made of Subject's successful bid to make recontact and establish regular meetings with a valuable penetration of the revolutionary government. The agent had broken contact with his former handler in the belief that such action was dictated by his security situation. Our choice of Subject to attempt to recontact this asset was dictated by his experience in dealing with skittish Latins and our belief that Subject could bring it off with tact, reading the situation /CONTINUED/

COMMENTS OF REVIEWING OFFICIAL

As described, this officer is a steady and solid performer who carries a major case load securely, productively, and without complaint. He has even volunteered to take on additional work when he has seen opportunities to help the Station's overall mission. Because he blends in well on the local scene, he is often drafted for all kinds of ad hoc operational work. This is invariably well done. He is operationally aggressive but also shows lively awareness of the tricky operational climate here and does not push beyond what the traffic will bear. His agents respect his seriousness, which permits him to get more utility out of them. He is a pillar of this Station.

as it developed, and make appropriate on-the-spot adjustments to control the asset's reactions. All this had to be accomplished with great regard to security because of the sensitive position occupied by the agent. Subject's performance has been effective and, given the operation's importance, can really be called outstanding. The agent is again a prime source on the radical sector of the government, which is crucial to developments locally.

Further, this officer continues to manage an outside principal agent who in turn handles leftists, Communist Party and press placement assets, so directing these efforts that they contribute effectively to overall Station objectives. More recently, Subject has taken over the unilateral deployment of a new audio operation targetted against a senior local Communist Party official and is carrying it through successfully. This officer also handles much of the support requirements for his various operations, including management of safehouse keepers, overseeing a small surveillance team, and acquisition of rental cars and property in alias. There is little doubt that some of Subject's success can be attributed to his Latin background and fluent Spanish. But both of these advantages might be wasted by a less capable all-round officer. In his case, they provide him with complementary skills that enhance his superior performance. In the view of the reporting officer, Subject carries more than his own share here in Lima in a manner normally calling for an officer of considerably more senior grade and experience.

In the period of this report, Subject established himself and his family at this post and undertook the direction of the Station's operations against the subversive left which had formerly been handled by an officer two grades senior to Subject. He has proved equal to the task. He learned his new assignment rapidly and adapted well to the handling of his cases through outside principal agents, a security requirement of the local scene which can be frustrating for an aggressive officer ~~with~~ fluent Spanish such as Subject. However, he has shown maturity and superior handling ability in directing his assets against the subversive left and particularly the Communist labor union. His intimate knowledge of the extreme left enabled him to plan secure contact with a "walk-in" to the Embassy who at first appeared genuine. After thoroughly debriefing this individual, drawing upon his knowledge of the extreme left, Subject was able to recommend no continuing contact with him due to specific fabrications on the part of the walk-in.

He is careful in management of funds entrusted to him for his operations and provides required administrative and operational reports in a timely manner. There have been past comments on Subject's weakness in writing. He has worked hard on this, and the rating officer feels that he is now competently producing the reports required. Subject understands that this is an area that requires continuing attention for a growing professional. /CONTINUED/

Subject has come up the hard way, both in pushing on to finish his education and in BKTRUST. As a result he is way under-graded for his maturity and for his operational contributions. That we have given Subject a major responsibility here (STPAGODA) attests to how much confidence we have in him and his ability. He is, of course, bi-lingual and mixes well with Latins, an advantage he uses well. A good "street" operator, he still has a way to go in organizing his paper work and in relating to Hqs needs.

SECTION C continued.....

A comment must be made on Subject's great ability to adjust rapidly to one-time and target of opportunity assignments. His performance in meeting with two high level agents of other stations who had to be met during stays in Peru, and his on-site assistance in an audio operation against a priority target have been of the highest order. No doubt his fluent Spanish greatly assisted him in these tasks, but his experience and good judgment were major factors in his excellent performance in the role of utility operations officer.

To exploit Subject's talents to the fullest, and provide him with the professional challenge equal to his ability, he has now been assigned the management and handling of the difficult Chinese target, a top priority for the Station. This is a true measure of our confidence in him.

Mr. Daniel Flores completed his first tour in Guayaquil and departed the field on 28 May 1971. Following home leave, Mr. Flores returned to Headquarters in August for approximately two months training prior to his next assignment to Lima, Peru. This training included Weapons Familiarization and Defensive Driving, CA, China and Labor Ops, Communist Party, TSD briefings, and on-the-desk Reports Writing Familiarization.

Since Mr. Flores has been on leave or training status for most of this reporting period, no meaningful rating can be given.

There has been little change in Subject's performance since the submission of his last report covering the period through 30 September 1970.

The highpoint of his activities during this period, as it has been throughout his tour, has been his management of a sensitive technical operation which has been a consistent producer of unique and high level intelligence. This has been a good performance on Subject's part indicative of his professional capability to conduct clandestine operations.

Subject's writing ability has improved during this period, and there is little doubt that his efforts in this regard are paying off. Further experience should see continued improvement of his writing skills.

As Subject's first tour comes to a close he can look back on a generally strong performance in all phases of his operational activity on behalf of the Base's objectives.

I concur in the ratings and remarks of the supervisor. During his first tour abroad, Subject has done very well in his main fields of activity. His outstanding attribute at the moment is his persistence not only in going after operational targets but also in improving himself. He has encountered some difficulty in presenting his ideas in written form but he has faced up to this problem and, as the rating officer notes, has made significant improvement.

Subject has a clear-headed approach to the collection of intelligence and is realistic in evaluating potential sources. His fluency in the Spanish language has facilitated his movement in the local community and he has developed several potentially useful sources and identified others.

In considering this officer for promotion, two facts should be kept in mind:

a. He is probably older and certainly more mature than the average officer at his grade level. He is anxious to get ahead and this explains much of his initiative and drive.

b. The rating officer has rated him very realistically which, in my view, adds to the importance of the outstanding rating given him on Specific Duty No. 2.

the target is good. The project is, however, in need of good human reporting assets and it is expected that as Subject overcomes a weakness mentioned in the next paragraph he will be able to devote more of his time to this important task.

The Subject has encountered some difficulty in the preparation of written material -- dispatches, intelligence reports -- and finds it necessary to spend an extended portion of his time on its preparation. The rater has discussed this with Subject on several occasions, and it is believed that his difficulty is due to a lack of experience, and that in time and with a continuing effort on his part he will develop his writing skills.

The Subject's overall attitude and response towards his professional responsibilities during the first tour have been positive. He is interested in the kind of work he is doing, likes it and is willing to put in the kind of long hours it sometimes demands without complaint.

SECTION C — NARRATIVE COMMENTS

Indicate significant strengths or weaknesses demonstrated in current position keeping in proper perspective their relationship to overall performance. State suggestions made for improvement of work performance. Give recommendations for training. Comment on foreign language competence, if required for current position. Amplify or explain ratings given in Section B to provide best basis for determining future personnel action. Manner of performance of managerial or supervisory duties and cost consciousness in the use of personnel, space, equipment and funds, must be commented on, if applicable. If extra space is needed to complete Section C, attach a separate sheet of paper.

The period covered by this report encompasses the middle portion of the Subject's first tour as a Case Officer. His performance during this period has been balanced in that he has shown the kind of intelligence and maturity necessary to successfully carry out clandestine operational activity. He has also shown a weakness which he will need to overcome in order to achieve his full operating potential.

The Subject has turned in fine performance in the overall management of a very important and sensitive audio operation which has been under his care since the pre-installation phase. His sure and careful handling of all succeeding phases of this operation led to a secure, uncomplicated installation, the recruitment and training of support agents, and the dissemination of valuable intelligence information. Subject's natural fluency in the Spanish language has been especially useful in this operation. His handling of this installation has been of a high professional caliber throughout.

The Subject is also responsible for the management of a project targetted against the subversive left. His handling of this project has been good: he is a good agent handler; knows how to target his assets against objectives of most importance; and, his knowledge of

COMMENTS OF REVIEWING OFFICIAL

I agree with the ratings. This has been a good year for Subject, one which has given him a rather unusual opportunity to learn many facets of the work of this organization and one in which he has shown a very satisfactory level of accomplishment. Shortly after his arrival in Guayaquil he became, for a short time, the Acting Chief of Base, and through that period and the ensuing change in Base Chiefs, he showed a professional maturity we felt to be exceptional for a young officer on his first tour. He has worked hard and intensely for improvement in the quantity and quality of his operational production, and he has collaborated very effectively with the other officers

disciplined, effective manner enabling him to maintain a continuity and productivity within the Base operational requirements with security and dispatch.

Socially Subject and his wife are proving to be good mixers and both are gaining in popularity within the local foreign and indigenous communities. They both have gained the respect and appreciation of the complex not only as compatible personalities, but in her willingness to participate actively in joint charitable endeavors and his professional cooperative attitude. Their optimistic and positive conduct at official and non-official functions is a credit to the Base.

Subject's native fluency in Spanish and his Latin background is proving to be a definite asset in the performance of his assigned operational tasks and ability to handle agent assets amicably and productively.

He maintains accurate accounting records and is demonstrating responsible acute cost consciousness in the use of funds and properties.

This rater's principal criticism of this employee is his tendency toward impulsiveness and too-quick judgement before weighing all the facts and implications in the pursuit of his operational requirements; however, this weakness is more a function of his inexperience in the field and will be resolved as he gains more field experience.

Subject, although exhibiting resourcefulness and imagination in performing his assigned operational tasks also has a tendency to accept the judgement of other senior grade officers too readily rather than express his own convictions and trust in his own assessment of a situation.

This rater has conseled this Officer regarding these tendencies and he is taking measures to rectify them.

In judging his over all performance, this Rater is of the opinion if he continues to apply himself in handling tasks worthy of a senior grade officer, he should be considered for a promotion to the GS-10 level at the earliest opportunity.

This employee, a GS-09, arrived PCS at the Guayaquil Base on 13 May 1969 and has been under this Rater's supervision during this four and one-half month period. Guayaquil is his first overseas assignment with this Agency.

During this short reviewing period, this Officer has demonstrated a marked insight and knowledgeableness of the operations he has been assigned, and has provided a number of good ideas and suggestions for the betterment of these operations. Subject is proving to be a hard worker and has not complained of the many extra hours he has devoted to his operations. He has accepted responsibilities without hesitation and is not afraid to take on difficult tasks using initiative and ingenuity in their completion. This latter quality has been amply demonstrated when the Rater was unexpectedly confined to a hospital in the Panama Canal Zone for the full month of August 1969, leaving this employee solely responsible for the Base as the only inside Case Officer at the Base during this time. Rater's absence corresponded with a change in Case Officer PCS assignments at the Base, which left the Base temporarily depleted of Officers. During this period, Subject exhibited an ability and maturity expected of an officer of higher grade and greater field experience. He organized his increased workload in a

This Officer has made a most impressive beginning in Guayaquil. He has in a few short months adapted to new tasks and a new environment with mature, if modest, assurance and a professional approach which speaks highly for the training and experience he has had. He has taken on, in the absence of the Chief of Base and other senior officers, responsibilities uncommon to an officer of his junior position, and he has handled them in a superior fashion. He and his wife have entered into their representational responsibilities with great enthusiasm and effectiveness, and I predict a most highly successful tour for him in Ecuador. Because he has shown a personal and professional competence beyond his grade level, it is strongly recommended that he be considered for promotion to GS-10 at the earliest opportunity.

Mr. Flores did a fine job while he was assigned to the Chile desk. He had responsibility for a variety of FI projects, including several complex and sensitive ones, which he ably handled. He had a full workload and in addition to his assigned responsibilities he was given FI assignments of every type as they arose. On one occasion he was sent on an operational trip to New York City where he was to contact, assess and support a target personality. Owing to circumstances beyond his control nothing went as expected but Mr. Flores, acting alone, improvised and adapted to the situation. This is indicative of the initiative and eagerness he displayed in his desk work. He was willing to learn and he accepted guidance and instruction to the letter. In addition Mr. Flores writes well and this is always an asset.

Mr. Flores is fluent in Spanish. It is my impression that if there is one thing that Mr. Flores wants to be that is a field case officer. He is now getting that chance. He will soon leave on an assignment to Ecuador. I have no doubt that he will do very well.

Mr. Flores did not have any managerial duties.

Mr. Flores entered the CT Program on 11 December 1967, sponsored by DDP/WH Division. He responded well to supervision and guidance and experienced no difficulties in assimilating the principles and techniques covered by the instruction. In Operations Course Phase I, the key course for DDP case officers, he achieved an overall performance rating of HIGH PROFICIENT.

At the previous request of his Division Chief, Mr. Flores was, effective 10 October 1968, reassigned to DDP/WH Division.

Mr. Flores is a part-time staff employee who works a maximum of 19½ hours per week while attending university full-time. In August 1967 he will obtain his bachelor's degree in political science. He will revert to full-time employment upon finishing his university studies and will be recommended to the Office of Training for admission in the CT class beginning November 1967.

The limitations imposed by part-time employment have prevented us from assigning Mr. Flores to jobs within the branch such as the monitoring of active field cases which require close, daily attention. However, he is qualified for this type of duty. His performance in the duties described above is excellent. He accomplishes his tasks quietly and efficiently with a minimum of guidance from his supervisor. Because he is bi-lingual in Spanish and English he is of great use to the Branch in screening quickly and accurately materials which are of counter-intelligence interest.

Mr. Flores agency work background, coupled with his formal education about to be completed and his own desire to make a career in intelligence make him an extremely valuable employee, one in whom the Agency should not hesitate to invest time and money for the advancement of his career training.

Mr. Flores is a part-time staff employee who works a minimum of nineteen hours per week; he is also a full time college student in his senior year, majoring in political science and specializing in Latin American studies. Subsequent comments should be prefaced by the statement that Mr. Flores' overall performance of his assigned duties would be considerably more efficient if he were able to devote full time to his assignment. On the other hand, Mr. Flores is preparing himself academically for a useful career with the Agency and in the rater's opinion shows promise of becoming a very capable and competent officer.

Mr. Flores is bilingual and has served very efficiently as a translator for the Branch. He has gained very valuable experience as a case officer in the handling of two contract agents of WH/COG/CICS and in doing so has demonstrated tact, sound judgment and a fine ability to handle people. Mr. Flores is very personable, intelligent and makes an excellent appearance. With the completion of his studies he should be able to make the transition from Intelligence Assistant to Junior Case Officer, which the rater heartily recommends.

Mr. Flores is a part-time staff employee who works a maximum of 19½ hours per week while attending university full-time. In August 1967 he will obtain his bachelor's degree in political science. He will revert to full-time employment upon finishing his university studies and will be recommended to the Office of Training for admission in the CT class beginning November 1967.

The limitations imposed by part-time employment have prevented us from assigning Mr. Flores to jobs within the branch such as the monitoring of active field cases which require close, daily attention. However, he is qualified for this type of duty. His performance in the duties described above is excellent. He accomplishes his tasks quietly and efficiently with a minimum of guidance from his supervisor. Because he is bi-lingual in Spanish and English he is of great use to the Branch in screening quickly and accurately materials which are of counter-intelligence interest.

Mr. Flores agency work background, coupled with his formal education about to be completed and his own desire to make a career in intelligence make him an extremely valuable employee, one in whom the Agency should not hesitate to invest time and money for the advancement of his career training.

Amplify or explain ratings given in Section B to provide best basis for determining future personnel action. Mr. Flores was a particularly useful and versatile employee in the WH/SA counterintelligence operations unit. Although he had no operational training or previous operational experience, he learned rapidly and performed well the operational support type duties assigned to him. His fluent knowledge of the Spanish language, his willingness to learn and perform tedious tasks, and his conscientious approach to his work were important factors in his performance. His previous assignments in the RI Division and in WH/SA as a translator and in conducting name traces gave him a good background.

With respect to specific duty #3, on two separate operations in New York City Mr. Flores participated in the training and preparation of agents for dispatch to Cuba. In the first operation he interpreted for training in S/W, OWVL, W/T (medium speed) and related subjects. The second operation involved OWVL only. This experience enable Mr. Flores to perform duties (specific duty #3.) relating to communications with agents in Cuba.

Mr. Flores plans to continue his university education and attain a degree. Arrangements have been completed so that he may work in the Agency on a part time basis beginning in January 1965. He will attend classes at a local university as a full time student.

Mr. Flores was promoted from GS-04 to GS-05 on 16 March 1964. He has been performing duties at the GS-06 level, and he should be promoted.

Mr. Flores entered on duty with Special Affairs Staff in June 1963. Due to his proficiency in Spanish he was assigned to translating duties and immediately proved to be an invaluable asset to this office as well as to the Staff as a whole. He worked many late hours and weekends helping to facilitate the flow of translations from this office to the different components within SAS. His performance of these duties can best be characterized as "exceptional" in all degrees.

Mr. Flores expressed a desire to move into a position of greater responsibility and this request was readily granted approximately one month ago. He is currently being trained as an intelligence assistant in Ops Support functions and his performance to date has been excellent. In his new duties Mr. Flores requires very little supervision. This can be attributed in part to his degree of intelligence as well as the background he obtained for his present duties while assigned to his previous job in RID/INDEX. Mr. Flores spent approximately one year in his former job and the knowledge he brought with him relating to name tracing procedures has enabled him to grasp the duties of his new position quite rapidly.

As a means of furthering his education Mr. Flores is attending American University at night. He has expressed a desire to obtain some agency training and would like very much to be enrolled in the Intelligence Orientation Course as soon as possible.

Mr. Flores entered the agency as a GS-4 in March 1962. It is strongly recommended that he be promoted at the earliest possible date to a GS-5.

During this reporting period, Mr. Flores continued to conduct himself in the exceptionally proficient manner which was noted in his last Fitness Report. He is one of two name tracers who specialize in a particular area, a fact which tends to increase the difficulty as well as the responsibility of name tracing. In spite of this burden, Mr. Flores has consistently maintained an above average level of production and an exceptionally high quality in his finished products.

Mr. Flores is a conscientious and highly motivated employee who evidences a sound sense of responsibility. He has frequently voiced a desire to take advantage of any career opportunities the Agency may offer to him. He is currently enrolled as a full-time student at the American University.

From the outset Mr. Flores has shown many characteristics of an above-average employee. His initial training in the intricacies of his duty assignment was marked by a high degree of application, interest, and achievement. Since that time Mr. Flores has proven himself a conscientious and responsible employee, one whose work record is distinguished by a high calibre of quality and quantity.

Because of his fine record, Mr. Flores was chosen one of the three area specialists for this section. He specializes in the Spanish-Portuguese area and his work is characterized by exceptional proficiency.

At present Mr. Flores is registered at American University as a sophomore. Inasmuch as he has exhibited both potentiality and strong working habits, I recommend that Mr. Flores be given the Professional Battery Test at the earliest opportunity.

TEST RESULTS ARE AN INTEGRAL PART OF THE FACT FINDING PHASE OF MOST PERSONNEL OPERATIONS. EVALUATION OF THESE MEASUREMENTS IN RELATION TO OTHER FACTUAL MATERIAL IN THE PERSONNEL RECORD PROVIDES ONE OF THE BASES FOR THE SELECTION AND PLACEMENT OF APPLICANTS AND FOR COUNSELING WITH NEW EMPLOYEES. HOWEVER, THE DECISION AS TO WHETHER AN INDIVIDUAL CAN AND WILL PERFORM THE DUTIES OF A SPECIFIC JOB MUST REST ON THE JUDGMENT OF THE RECRUITER OR PLACEMENT OFFICER, WHO CONSIDERS ALL ASPECTS OF THE INDIVIDUAL'S ABILITY, BACKGROUND, AND PERSONALITY IN RELATION TO THE REQUIREMENTS OF THE AGENCY.

THIS REPORT EVALUATES THE SUBJECT'S PERFORMANCE BY COMPARING HIS SCORES WITH THOSE OF A NATIONWIDE GROUP OF TWELFTH GRADE STUDENTS OF THE SAME SEX. SPECIFIC APTITUDES ARE IDENTIFIED BY USING A VARIETY OF TESTS RANGING FROM WORK SAMPLES OF FILING AND CHECKING TO MEASURES OF REASONING ABILITY. IN EVALUATING THESE TEST SCORES FOUR GENERAL CONCEPTS SHOULD BE KEPT IN MIND: (1) TESTS ARE MORE EFFECTIVE IN SCREENING OUT POTENTIAL FAILURES THAN IN IDENTIFYING THOSE WHO WILL PERFORM SUCCESSFULLY. (2) PERSONS WHOSE SCORES ARE PREDOMINANTLY IN THE LOWEST 15% ORDINARILY ARE NOT SUITED FOR OFFICE WORK. (3) MOST JOBS DO NOT REQUIRE HIGH SCORES ON ALL TESTS, BUT HAVE A RANGE WITHIN WHICH PEOPLE CAN DO THE WORK EFFECTIVELY AND TEND TO REMAIN ON THE JOB. (4) EFFICIENCY IN PLACEMENT NECESSITATES MATCHING THE JOB AND THE INDIVIDUAL; BOTH THOSE WHO ARE OVERQUALIFIED AND THOSE WHO ARE UNDERQUALIFIED ARE LIKELY TO QUIT.

A DESCRIPTION OF THE SIX TESTS IN THE BATTERY IS GIVEN ON THE BACK OF THIS FORM. IN CASES WHERE THE PATTERN OF THE TEST SCORES APPEARS TO INDICATE APTITUDE IN PARTICULAR AREAS THIS WILL BE NOTED IN THE REMARKS SECTION. WHERE RESEARCH STUDIES HAVE BEEN CONDUCTED ON THE RELATIONSHIP OF THE TESTS TO JOB PERFORMANCE THESE COMMENTS WILL RELATE TO SPECIFIC JOBS. THIS SECTION MAY ALSO INCLUDE A BRIEF ANALYSIS OF THE INDIVIDUAL'S POTENTIAL IN RELATION TO HIS INTERESTS AND BACKGROUND.

CONSULTATION OR FURTHER INFORMATION REGARDING INTERPRETATION OF TEST SCORES IS AVAILABLE BY CALLING EXTENSION 8017.

amenable to an extension in Mexico City for a period of 12 to 16 months depending on the timing of the assignment. If I were to be assigned to a country where an additional language is needed, time for language training should be taken into consideration.

In the event that a position as Chief of Base does not become available within the next year or two, my second choice is to be considered for a War College either for calendar year 1980 or 1981. This would enable me to more fully participate in the Agency's rotational program and would provide me with a higher level of training needed for career mobility in the Agency.

My third choice is to be considered as a candidate for the agency's management program at one of the participating Universities in the United States with the intention of accepting a field assignment immediately after the termination of this training. I am prepared to make all the necessary arrangements toward this end (i.e., applying for admission, etc.) provided a list of Universities is furnished to me.

As noted above, I am willing to remain in Mexico City through the summer of 1981 if my first choice is approved. In the event that my first choice cannot be granted I would be available to return to the United States in the summer of 1980 to prepare for my second or third choice. Should my second or third choice not be granted, I would prefer to return to the United States for an assignment in Washington.

MEMORANDUM FOR: Secretary, CSCS Panel (Section C)

SUBJECT : Recommendation for Promotion to Grade GS-10, Daniel Flores

1. It is recommended that Mr. Daniel Flores be promoted from GS-09 to GS-10.

2. Mr. Flores joined the Agency in 1962; initially he was employed on a part-time basis in the WH Division while attending the American University. He received his AB degree in 1967 and became a full-time staff employee. On the strong recommendation of his supervisors, Mr. Flores was accepted for the Career Training Program which he completed in August 1968. After rejoining the WH Division, he was selected for assignment as an operations officer at the Guayaquil Base where he arrived in May 1969. Mr. Flores is bi-lingual in Spanish.

3. Both as a Headquarters and field operations officer Mr. Flores has carried out his assignments with intelligence, enthusiasm and initiative. As the Guayaquil Base officer in charge of Communist penetration operations, his performance has been of high caliber. In August 1969, during the forced absence of the Chief of Base and other senior officers, Mr. Flores assumed the full responsibilities for running the base for a period of several weeks. He performed the duties of Acting Chief of Base in a superior manner. In addition to his operational competence, the Guayaquil Chief of Base has observed that Mr. Flores' ability to develop social relations with ease has been a distinct asset for the Base.

4. Mr. Flores has already proven to be a competent operations officer. As he further develops through experience and responsibility he should become eligible for rapid advancement. In any case he is already performing at a level far higher than his current grade and a promotion at this time is strongly recommended.

Supplement to Staff Employee Personnel

Action for Integration of **Daniel Flores**

Effective **10 April 1969**

The purpose of this memorandum is to set forth existing policies of concern to you while integrated and to reiterate certain rights and obligations which derive from your true status as an appointed employee. It is hereby agreed and understood that:

1. As an employee of this organization, at the present grade and salary of **GS-9 $8744.00** per annum, you will accept cover employment with another instrumentality of the Government (hereinafter referred to as "your cover facility") effective as of **10 April 1969**. You will, insofar as consistent with your basic responsibility to this organization, abide by all the rules, regulations, practices and policies of your cover facility, in order to appear as a conventional member of that establishment. Your appointment to your cover facility is being effected as a **FSR-7** at a salary of **$8153.00** per annum. You are prohibited, except as specifically authorized herein, from retaining emoluments paid by your cover facility.

2. It is understood and agreed that the minimum period of your overseas tour of duty is governed by and coincident with the prescribed tour of duty of your cover organization. Currently, your prescribed tour consists of a period of **two (2) years** from the date of your arrival at your overseas post of duty. Your assignment may be terminated earlier for the convenience of this organization and the length of your tour of duty, as currently specified, may be unilaterally changed by this organization in order to conform with subsequent changes in the prescribed tour of your cover facility. If you request termination of your overseas assignment solely for your own convenience, unless it is for circumstances that are considered by this organization to be beyond your control or if you are terminated for cause under the regulations of this organization before you have completed the minimum period of service prescribed above from the date of arrival at your overseas post of duty, you will not be entitled to return travel or transportation for yourself or your dependents to the United States at Government expense. If you request termination of your overseas assignment solely for your own convenience, unless it is for circumstances that are considered by this organization to be beyond your control or if you are terminated for cause under the regulations of this organization before you have completed one (1) year of service from the date of your arrival at your overseas post of duty you will be required to reimburse the Government for all of its expenses for your travel and transportation, and that of your dependents, from the continental United States to such overseas post of duty.

3. Travel to your post of duty overseas and your return travel to the United States, as well as travel performed overseas which is consistent with your cover designation, will normally be at the direction of your cover facility. Such travel will be accomplished in conformance with applicable

regulations of your cover facility except when you are directed for operational reasons to perform travel in accordance with the regulations of this organization.

4. Salary and allowances paid by your cover facility shall be retained by you to the extent that they do not exceed the salary and allowance payment due you on the basis of your grade level with this organization. If such cover payments are less than the amount due you, the difference will be paid to you by this organization. If such cover payments exceed the amount due you, the excess amounts will be remitted to this organization at intervals to be designated by the Office of Finance. Computations hereunder will be based on the aggregate gross amounts due and received. That portion of retirement contributions withheld by your cover facility which exceeds the retirement contributions applicable to your organization salary will be deducted from the gross amount of the overpayment. Upon integration, the payroll office of this organization will establish the date on which you would normally receive a regular step increase from your cover facility. Failure to report a grade promotion received from a cover facility does cause errors in processing regular step increases. Regular step increases, incorrectly processed in such manner, should be reported immediately to this organization. To eliminate this problem, any grade promotion received from a cover facility will be reported immediately by you to this organization's payroll office through channels showing both the old and the new rate and the effective date. All salary difference payments and adjustments will be reflected on earnings statements.

5. Your status as an employee of this organization will continue in full force and effect during your period of duty with your cover facility and you will continue to be entitled to all rights, benefits and emoluments of such status. Certain variations in procedure will be required, however, to preserve the security of your cover position.

a. Upon integrating into your cover facility you will continue to be covered by the particular retirement system in which you are a participant as an employee of this organization. Salary received from your cover facility and any salary differences payable by this organization will be subject to appropriate retirement contributions.

b. Appropriate Federal income tax withholdings shall be made from taxable income received from both your cover facility and this organization. Additionally, while serving in the United States, withholdings shall also be made for District of Columbia or State income tax, when applicable. You may claim reimbursement for excess income taxes paid on overt tax returns by reason of taxable income from your cover facility exceeding the taxable income due you as an employee of this organization.

c. All annual and sick leave which is accrued to your credit at the time of integration will be transferred to your cover facility. While integrated you will be permitted annual leave, sick leave, home leave, and leave without pay in accordance with the regulations of your cover facility in lieu of the leave benefits of this organization. Upon termination of your integration, your unused annual leave, sick leave, and home leave will be transferred to your credit with this organization and your leave record will be reconstructed as of the beginning of the leave year in which you return to this organization, as explained in the Handbook on Leave for Special Situations. Serving in an integrated capacity does not permit the carryover from one leave year to another of an annual leave balance which exceeds the ceilings authorized by regulations of this organization and the Federal leave law. If security conditions require that your cover facility make a lump-sum payment for accrued annual leave, upon your "resignation" you will be required to pay the gross amount thereof to this organization, including any income taxes withheld by your cover facility in order to receive credit for such annual leave.

6. You will be required to keep forever secret this agreement and all information which you may obtain by reason hereof, unless you are released in writing by this organization from this obligation. Violation of such secrecy may subject you to criminal prosecution under the espionage laws, as amended, and other applicable laws and regulations. The termination of your employment with this organization will not release you from the obligations of any security oath you may be required to take.

NARRATIVE COMMENTS

Significant strengths and weaknesses and their relationship to overall performance in the Operations Course. This section amplifies and explains, as necessary, the rating letters given above.

Mr. Flores' overall performance in this course was at the high proficient level. He is a very friendly and personable individual who put forth a good deal of effort to do well in the course. Mr. Flores takes a very practical approach to solving problems and his attitude throughout the course was excellent.

Mr. Flores acquired a good understanding of the principles and techniques of Clandestine Services operations, and in problems requiring face-to-face encounters with simulated agents in the live exercises he came through as a very friendly and personable individual. He was particularly effective in debriefing situations and demonstrated flexibility in meeting the problems that arose during the simulated agent meetings.

Mr. Flores demonstrated a good understanding of Clandestine Services programs in Foreign Intelligence, Counterintelligence and Covert Action. His performance was graded strong in handling of a simulated walk-in defector, and in a Counterintelligence case study and a Covert Action case study his understanding and analyses were judged highly proficient. He received a rating of adequate in photography.

Mr. Flores has good writing skills and acquired a thorough understanding of intelligence and operational reporting procedures and formats of the Clandestine Services. His intelligence reports were consistently complete, accurate and clear. His operational reports suffered occasionally from weak organization, and on one occasion he had difficulty distinguishing operational from intelligence information; but his reports were generally complete and accurate and showed a sound understanding of operational reporting requirements.

Mr. Flores is a personable and intelligent individual who got along very well with his colleagues and with the instructors. With his excellent attitude and strong desire for a career in the Clandestine Services together with his willingness to work hard, Mr. Flores should have little difficulty in developing into an effective case officer as he gets greater experience.

OVER-ALL PERFORMANCE EVALUATION

The RATING LETTER reflects the over-all performance of the student in the course and is thus a measure of the extent to which the student possesses the skills and techniques required in the production of finished intelligence. The rating is not necessarily arrived at by mathematically averaging in the skills ratings, but takes into consideration any outstanding strengths or weaknesses that should be reflected in an evaluation of the performance of the student as a whole. The RATING LETTER is a consensus of the view of the faculty.

REPORT OF OBSERVATIONS, JUDGMENTS AND IMPRESSIONS

This is a general, unspecific, narrative report of observations, judgments, and impressions. It includes intangible factors such as the student's attitude, cooperativeness, attentiveness, maturity, and judgment. It also includes the general impression the student has made on the faculty. This report will not be included unless the instructors believe that it would add something to the previous evaluation of performance in skills as well as to the evaluation of the OVER-ALL PERFORMANCE of the student.

COURSE OBJECTIVE AND CONTENT

The Operations Familiarization Course is a four-week course designed to provide the student with an understanding of the Clandestine Services programs, operational methods and reporting techniques. Special emphasis is given the basic elements of tradecraft, the fundamentals of operational and intelligence information reporting, and the Foreign Intelligence, Counterintelligence and Covert Action programs of the Clandestine Services. General orientation is also provided in special operations and staff communications.

METHODS

The instructional methods used included class discussions, lectures, films demonstrations, practical exercises and case studies. Practical exercises were conducted in operational and intelligence information reporting, surveillance, casing, handling of walk-in defectors and planning for, meeting and debriefing an agent. The operational programs of various Clandestine Services Divisions were discussed by representatives of the respective Headquarters components.

EVALUATION OF PERFORMANCE

The student's rating is based on understanding of the material presented as demonstrated by his participation in class discussions, the preparation of intelligence and operational reports, the application of operational principles in the practical exercises and the grade received on a comprehensive written examination given in the final week of the course which covered all areas of course content. Other factors considered in determining the final rating were the student's interest, attitude and preparation for assignments. The number of students receiving each adjectival rating on overall course performance is shown below. This student's rating is indicated by an asterisk. Explanatory narrative comments are included with a rating of ADEQUATE or STRONG. When considered pertinent by the training staff, comments may also be included with a PROFICIENT (average) rating.

UNSATISFACTORY	ADEQUATE	* PROFICIENT	STRONG
1	1	87	25

✓ Mr. Flores' overall performance in the course was at the solid proficient level. It should be noted that he demonstrated a particularly good attitude throughout the course. He took full advantage of the training offered to increase his knowledge of the Clandestine Services.

Mr. Williamson entered on duty with the Agency in June 1952, after having served with the Army, CIC, from 1942 to 1949 and, subsequently, as Chief, Civil Intelligence Branch in the Panama Canal Zone Government from 1949 to 1952. In January 1955 he was appointed Deputy Chief of Station, Havana and remained in this position until January 1959 when he was reassigned to Headquarters. Mr. Williamson served as Deputy Chief of Station, Madrid, from 1963 through 1965, and as Deputy Chief of WH Division Cuban Operations Group from 1966 to June 1968. He assumed the position of Chief of Station, San Jose, in June 1968. Since April 1971 Mr. Williamson has been assigned as Chief, WH Division, Branch 6, which encompasses the important Chile area.

Mr. Williamson has held positions of responsibility from the very outset of his Agency career. While demonstrating ample qualities of leadership and excellent managerial skills, his consuming interest lies in the real heart of Agency activities--the production of intelligence and the conduct of actions against our targets. This was high-lighted during his recent tour as COS, Costa Rica. The last year of his tour was marked by two extremely delicate, highly productive operations targeted against the Communist Party of Costa Rica, and a political action operation of a most sensitive nature stemming from them. This latter operation, focused as it was around the president of the country

called for constant good judgment on how to pursue U.S. Government interests with this highly sensitive and significant intelligence target.

Over the years Mr. Williamson has been extremely effective in liaison activities. Through his skillful approach and genuine interest in the problems of representatives of foreign countries, he has been able to enlist support for our operations.

During the past year, the task of supervising the WH/Chile Branch has been a most challenging one. Chile has become a knotty foreign policy problem, and is the subject of continuous and extensive discussions between the Agency, the State Department, and other components of the Government, while receiving the attention of the most senior policy makers. Requirements from many directions have required constant pressure to respond with ideas, methods, procedures and the subsequent position papers. Through it all Mr. Williamson has maintained a sense of balance and professionalism which permits a proper focus on the crisis of the moment. We have been fortunate in having an officer of Mr. Williamson's caliber in this position during such a difficult period.

In recognition of Mr. Williamson's demonstrated continuous superior performance as a senior intelligence officer, which has contributed to the accomplishment of the mission of the Agency, it is recommended that he be awarded the Certificate of Distinction.

Dear **Earl:**

You have just completed, at my direction, seven weeks of full-time service on the GS-13 Clandestine Service Personnel Evaluation Board. I know that this work has been particularly demanding. Your participation and diligent application of your professional experience have been decisive factors in the successful accomplishment of the Board's missions.

In the course of this assignment you have become thoroughly familiar with the use and interpretation of personnel files and personnel practices of the Clandestine Service. Having reviewed and analyzed the files of one hundred or more CS officers, you have had to make judgments and recommendations concerning their relative-ranking and their qualifications for promotion, for training required to overcome a deficiency or enhance career effectiveness, for changes of assignment to further career development and for Quality Step Increases to recognize outstanding performance. In so doing, you have carefully studied the career development of a large number of officers in all components of the CS, both as individuals and in relationship to each other in terms of merit and value to the Clandestine Service.

You have become familiar with a broad spectrum of personnel and administrative problems on a practical working level and have acquired a knowledge of personnel management which will better equip you to handle supervisory positions which require personnel reporting and career development of subordinates. The committee format of the panels has also deepened your understanding of the conference approach to management problems.

C-O-N-F-I-D-E-N-T-I-A-L

Mr. Earl Williamson
WH Division

I wish to commend you personally for your participation in an evaluation procedure which helps to strengthen the Clandestine Service Career Service. A copy of this letter will be included in your official personnel file so that your supervisors and future Evaluation Boards may make due note of this service.

MEMORANDUM FOR: [redacted]

SUBJECT : Foreign Divorce Decree

1. The purpose of this memorandum is to bring certain information to your attention which relates to the fact that your current spouse was a party to the dissolution in Mexico of a former marriage.

2. Recently, the Office of General Counsel completed a study of the validity of a Mexican divorce decree and potential problems arising from such a divorce for JKLANCE employees concerned and JKLANCE. A summary of OGC's study is attached.

3. You will note from the attachment that the employee whose current marriage follows a Mexican divorce may be confronted with serious problems affecting eligibility for payment of various government benefits such as reimbursement of hospitalization expenses, survivorship benefits and certain types of overseas allowances. My purpose in writing to you, therefore, is to be sure you are made aware of and understand the seriousness of the problems which would arise in the event of a challenge to the validity of the Mexican divorce and, consequently, to the validity of the current marriage. This challenge could arise at any time and from a number of sources.

4. JKLANCE has another interest stemming from Mexican divorces and this is one of security, depending upon the employee's specific employment. In the event such a divorce is challenged, subsequent litigation and attendant publicity become quite probable. It is, of course, in JKLANCE's best interest that this sort of activity be avoided where possible.

5. Recognizing that there are various types of Mexican divorce, and also that the various states in the United States have decided cases in different ways depending on the type of Mexican divorce involved and its own case law,

you may wish to discuss your personal situation with your attorney or a representative of JKLANCE's Office of General Counsel. In the meantime, however, JKLANCE's position with respect to your situation is that it assumes the validity of your current marriage, unless the earlier Mexican divorce action and your current marriage are challenged. Should that challenge ever occur, it may be necessary for JKLANCE to determine that your eligibility for benefits based on your current marriage must be suspended until such time as the challenge is litigated or otherwise resolved. Special note should be taken of the fact that such a challenge might arise after your death, possibly resulting in the distribution of insurance proceeds and other death benefits to other than your immediate family as constituted at your death and contrary to your own intentions and wishes.

6. Please advise me of your plans and any actions taken in connection with the above. If you have any questions on the substance of this memorandum or its purpose, please do not hesitate to let me know.

SUBJECT : Mr. Earl J. Williamson - Request for Approval of Ten Days of Additional Home Leave

REFERENCE : HR 20-30b(3)(b)(10)

1. The circumstances surrounding Mr. Earl J. Williamson's departure from San Jose, where he had been Chief of Station, are described in the attached memorandum. Because of the disruptive nature of his PCS transfer to Washington, Mr. Williamson has requested an additional ten days of home leave. As he is a State Department integree, the Office of Finance, subject to approval of his request, can offset the State disallowance of his additional home leave and the charge to his annual leave by adjusting Mr. Williamson's escrow leave account as appropriate.

2. Due to the nature of his transfer, Mr. Williamson's request for an additional ten days of home leave appears to be warranted. In accordance with the provisions of the referenced regulation, it is recommended that Mr. Williamson's request for an additional ten days of home leave be approved.

f. To give the public impression that my departure was a routine transfer, the Department, the Agency, and the GOCR agreed to the postponement of my departure until 21 February 1971.

g. On 11 February 1971 I received Department orders based on my previously requested itinerary for home leave and reassignment to Washington.

h. My home leave itinerary included five days annual leave in Mexico enroute and 25 days home leave reporting for duty on 5 April. I actually arrived in D. C. on 23 March and was fully occupied until 5 April in locating and renting a home and getting my family settled.

i. In accordance with Department regulations, I have been credited with only 15 days home leave and the additional 10 days have been charged to annual leave.

2. I submit that the circumstances of my departure from San Jose were unusual and beyond my responsibility or control. The delay in departure definitely occurred because of operational requirements abroad which negated my original home leave schedule. I would like to request the granting of an exception to the 15 day home leave limitation to show my return to duty as of 23 March (the date I arrived in D. C.) rather than 5 April the date the Department has me returning to duty.

My dear Arthur,

Now that Earl Williamson has come and gone I would like to record how very grateful I am to yourself and your Government for arranging his visit to Jamaica.

WSLUOOAGE - - Notification of Designation as a Participant in the Organization Retirement and Disability System

Action: Advise Subject
REF: Book Dispatch 5096

1. Subject has been found to be qualified as a participant in the Organization Retirement and Disability System and has been so designated effective 24 October 1965.

2. Although such designation under present statutes is viewed favorably by most persons, the regulation governing this retirement system gives the individual the right to appeal such a determination if he deems the designation adverse to his best interests. In order that this technical requirement may be satisfied, Subject should be notified promptly of his designation and of his right to appeal. Any questions he may have should be answered in accordance with information contained in Book Dispatch 5096 or referred to Headquarters. An appeal with reasons therefore must be received in Headquarters within 60 days of the date of this dispatch or acceptance of designation will be assumed.

3. We believe that the benefits of the Organization retirement system are superior to the benefits of the Civil Service retirement system. However, there are a few situations in which an employee at the time of retirement may have so many years of service (almost 37) that he would receive a higher annuity under the Civil Service system. Because of this, the policy decision has been made that a participant in the Organization system who would receive a higher annuity under the Civil Service system may, not later than one year prior to his retirement, apply to be removed from our system and transferred to the Civil Service system. Thus, Subject should not anticipate this contingency as a factor in deciding whether he regards his designation as a participant adverse to his best interests.

MEMORANDUM FOR: Deputy Director for Central Intelligence

THROUGH : Director of Personnel

SUBJECT : Request of Earl J. Williamson, GS-15, to Remain in the Employment of CIA Following Marriage to an Alien

1. This memorandum submits a recommendation for your approval: this recommendation is contained in paragraph 7.

2. Mr. Earl J. Williamson, a GS-15 Operations Officer, has requested permission to remain in the employ of CIA as a Staff Employee following his marriage to Miss Virginia J. Lobo, a 26 year old Cuban citizen living in Spain. The marriage is scheduled to take place in October 1965.

3. Mr. Williamson, 50 years old, attended Loyola University in 1947-48 and Berlitz School of Languages in 1948. Prior to joining CIA, Mr. Williamson served with the U.S. Army (1942-49) achieving the rank of 1st Lieutenant in CIC. Subsequently, he was Chief, Civil Intelligence Branch in the Panama Canal Government (1949-52). Mr. Williamson entered on duty with CIA in June 1952 as a GS-12 Operations Officer with WH Division. In January 1953 he was appointed DCOS, Havana, remaining in this position until January 1959 when he was reassigned to Headquarters. In August 1960 Mr. Williamson was assigned to Madrid and in 1963 was appointed DCOS, Madrid, which is the position he presently occupies.

4. The COS, Madrid, Mr. James A. Noel, has known Miss Lobo for over three years. He says she is a most attractive young lady who is a member of a distinguished and respected Cuban family. She is well educated, fluent (bi-lingual) in English, intelligent, cultured, and gracious. He has found her to be discreet at all times.

5. Chief, WE Division strongly believes on the basis of past performance and proven ability that Mr. Williamson is the kind of officer whom the Agency should retain. Mr. Williamson's record to date shows that he is a mature, experienced, and dedicated officer,

who has spared no effort to expand and improve the Agency's coverage in his area of assignment. WE Division and WH Division, where Mr. Williamson will be reassigned, foresee no difficulty, adverse effect in future usefulness or mobility as a result of this marriage.

6. I have reviewed Mr. Williamson's employment record and consider him an able and valuable member of the Clandestine Services. He has consistently performed his duties well, has strong to outstanding Fitness Reports, and is a definite asset to the Agency. I believe that the proposed marriage will not detract from his long term use by the Clandestine Services.

7. In view of the above consideration, I recommend that Mr. Williamson be continued in Staff Employment Status following his proposed marriage.

MEMORANDUM FOR: Chairman, Personnel Management Committee

SUBJECT : Request of Mr. Earl J. Williamson, GS-15, to Remain in Staff Status Following Marriage to an Alien

1. Attached is a request from Mr. Earl J. Williamson for permission to continue in a staff status with the Agency following marriage to a Cuban citizen. WE Division strongly recommends favorable consideration.

2. Mr. Williamson is a fifty year old officer who entered on duty with the Agency in 1952. He has been assigned to the Madrid Station since October 1960 where he has served as the Deputy Chief of Station and since May 1964 as the Western European Coordinator for Cuban Activities. Since his assignment to the Madrid Station, Mr. Williamson's performance has been outstanding. He is a mature, experienced, and well-rounded officer who is particularly well-suited for Agency employment. In every sense of the word, Mr. Williamson is a dedicated officer who has spared no effort to expand and improve the Agency's coverage in his area of assignment.

3. WE Division concurs with the Chief of Station, Madrid, who has stated that he does not believe that Mr. Williamson's marriage will adversely affect in any way his future usefulness or mobility of assignment in the Agency. Mr. Williamson plans to proceed with the marriage in October 1965 shortly prior to his return for reassignment to WH Division. Informal discussion with WH Division has indicated that they foresee no difficulty with their plans for Mr. Williamson were he to marry this alien as planned. Mr. Williamson is integrated in the Department of State and will be required to submit a similar request after Agency decision is received if he retains his integrated status in his next assignment.

SECRET

4. WE Division strongly believes that on the basis of his past performance and proven capability, Mr. Williamson is the kind of officer whom the Agency should retain. SUBJECT
[redacted] - Application to Marry an Alien

ACTION REQUIRED REFERENCES

[redacted] application for permission to marry an alien is transmitted to Headquarters with my strong recommendation that it be promptly approved and he be so notified. It has been my privilege to have known [redacted] fiancee for over three years. She is a most attractive young lady and is a member of a distinguished and respected Cuban family. She is well-educated, fluent (bi-lingual) in English, intelligent, cultured and gracious. I have found her at all times to be discreet. There is no question whatsoever in my mind that she will be a most loyal American citizen and a credit to her new country and to the Agency in every way. In future assignments abroad she will, without question, be an aid to [redacted] in the development of contacts and in carrying out their joint representational responsibilities. She is indeed a very fine person. I have no reservations whatsoever - mental or otherwise - with respect to the security aspects of this marriage - as far as I have been able to ascertain, none exist. I do not feel that [redacted] marriage to this young lady should in any way restrict his future assignments.

I urge speedy and favorable processing of this application.

MEMORANDUM FOR: Clandestine Services Career Service Section A

SUBJECT : Recommendation for Promotion - Mr. Earl J. Williamson

1. Since October 1960, Mr. Williamson has served as Deputy Chief of the Madrid Station, and during an extended period of this time, he was Acting Chief of Station. His performance has been outstanding. Not only has he assisted his Chief in the management of the Station, but simultaneously managed to reinvigorate our liaison program in Spain, which was the particular area of responsibility originally assigned to him. His service has been noteworthy not only for his vigor in initiating new activities but also for his balanced, yet energetic, cutting away of deadwood, useless procedures and purposeless activity.

2. In recent months, in part on his own initiative, and later under forced draft at Headquarters direction, Mr. Williamson has been instrumental in mounting an active operational program targeted against Cuba. Due almost entirely to the imagination, energy, and effort which he has applied, this program has already had considerable success in the acquisition of intelligence and the recruitment of agents, and promises to be even more productive in the future.

3. Mr. Williamson's activity since his assignment to Madrid is clearly of outstanding caliber and it is noteworthy that the present Chief of Station as well as the preceding Chief of Station have both, on the record, rated him as exceptionally able, energetic, and mature. Mr. Williamson has been in his current grade since December 1956. In view of the considered judgment concerning the value of his performance in Spain, his good administrative qualities, his obvious maturity, energy, judgment and experience, it is strongly recommended that Mr. Williamson be promoted to grade GS-15.

1. Subject is a mature, experienced, well-rounded operations officer and administrator. For the past fifteen months he held the position of Deputy Chief of the Madrid Station. For an extended period of time during that period he was Acting Chief of Station. As the attached Fitness Report will attest he has at all times discharged his responsibilities in an outstanding manner. In addition to the approximately four months that I have been able to observe Subject's performance at this post, I also had the privilege of serving with him at [illegible] and I was then, as I am now, impressed with his professional competence and his fine personal attributes. In every sense of the word, Subject is a dedicated officer who works "around the clock" in his efforts to expand and improve [redacted] coverage in this area.

2. Considerable credit is due to Subject for the improvement of our relations with the local security services. During the past three months he has spent a considerable amount of time and effort in bringing about needed reforms and economies in the operation of our "outside activity", cutting away deadwood and streamlining the actual operations. In addition, Subject has been particularly effective in developing and recruiting independent assets (including a stay-behind agent) for the [illegible] operation.

3. The attached Fitness Report speaks for itself. Subject has been in his current grade since December 1956. Given his age, his experience and maturity, and his consistently fine performance in his current position, I strongly urge that he be actively considered for promotion to GS-15 at the next appropriate panel meeting.

1. As reflected in his most recent Fitness Report, Subject, who has been serving as Deputy Chief of Station and Chief of Liaison at this Station, has demonstrated outstanding talents in management of personnel and their activities, developing relationships with liaison in operations both joint and independent. Because of my confidence in him, which is apparently shared by Headquarters, he is being retained here for a long period as Acting Chief of Station after my departure. As I have said in his Fitness Report, he is the best deputy I have had in my [redacted] CIA career and altogether an outstanding officer.

2. Subject has been in grade four and a half years as a GS-14 and because of his outstanding qualifications, I recommend he be immediately considered for promotion to GS-15.

Recommendation for Promotion

1. Mr. Williamson has been with the WH Division since June 1952 and at the Havana station since 17 January 1953. With approximately eight months headquarters training he has worked into a position demanding extremely sensitive liaison work. His efforts have been highly successful and are marked by an excellent grasp of the problems involved. Mr. Williamson also acts as Chief of Station during any absence of the Chief. The variety of problems he encounters are met with considerable ability.

2. The promotion of Mr. Williamson to the next higher grade is recommended, in view of the excellent performance of his present responsibilities. He has demonstrated his capacity to perform fully and effectively in a field assignment.

SUBJECT: Earl J. WILLIAMSON

1. It is requested that subject be processed at the grade of GS-11 for Slot No. 2, Intelligence Officer Operations, Lima, Peru, as a replacement for Mr. George P. Stone. Mr. Stone will be transferred to another station in Latin America in the next few months.

2. Although Mr. Williamson is at present a GS-9, he has had a total of approximately 8 years in investigative work with C.I.C., and FDT believes that a rating of CAF-11 is thoroughly justified. Since his present salary in the Canal Zone is $ 5750 per annum, it is specifically requested that he be processed at the grade of GS-11, $ 5600 per annum.

The performance of the Chief CAS continues to be very fine. He is highly experienced and capable both in his job and in this geographic area. I find him most cooperative, as does, I am sure, the Country Team as a whole. He is dependable, his judgment is good, he speaks to the point and his advice is sound. In addition to his thorough professional competence, both he and his wife are active and effective socially.

MEMORANDUM IN LIEU OF FITNESS REPORT

SUBJECT: Earl J. Williamson
1 April 1970 to 31 March 1971

Mr. Williamson departed San Jose, Costa Rica, on 21 February 1971, after having served as Chief of Station for two and one half years. The last year of his tour was highlighted by two extremely delicate, highly productive operations targeted against the Communist Party of Costa Rica, and a political action operation of a most sensitive nature stemming from them. This latter operation, focused as it was around the president of the country, called for constant good judgment on how to pursue U.S. Government interests with this highly sensitive and significant intelligence at hand. (It was highlighted at the WH Division's Chiefs of Station Conference held in February 1971 as a classic example of both the collection and use of intelligence on the real "national interest" level.)

Throughout these operations, Mr. Williamson handled himself very well, especially during the latter part of his tenure when he was under considerable pressure as an almost inevitable consequence of the impact of these operations. Ultimately, Mr. Williamson's recall from Costa Rica was requested by the Costa Rican Government. It should be stressed that this was a mark of his operational success rather than the result of any operational "flap" or miscue whatever. (The U.S. Ambassador was the government's ultimate and preferred target but, for a variety of reasons, it was desired by local authority to avoid that kind of a confrontation with the U.S. Government, so Mr. Williamson was selected as the next best target in the Embassy.) Publicity based on false and self-serving leaks by the local government placed Mr. Williamson under the most intense strain in his final weeks. The fact that, under these general circumstances, he continued to function normally, responding to numerous demands being made on him by the situation and Headquarters, and set about paving the way for his successor to take up the cudgel from the best operational platform -- all this speaks for itself and certainly underlines the fine quality of Mr. Williamson's professional and personal characteristics.

In the realm of normal activity, Mr. Williamson handled his officers with both firmness and tact. He was a good manager, ran a taut Station, and had cut back on several marginal operations, streamlined others, and initiated some new ones. He writes well and quickly, and he has exceptional fluency in Spanish. He moved very well in the local community and, during his tenure, established a wide range of contacts.

Mr. Williamson's relationship with the Ambassador was excellent, and his wife was a great help to him in discharging his representational duties and in developing contacts within the Costa Rican community.

In sum, Mr. Williamson is a "pro" who turned in a strong performance both before and after the chips were down.

I fully concur with the Rater's comments. I am pleased that Mr. Flannery explained the circumstances surrounding Mr. Williamson's recall from Costa Rica so well. His tour was a fine piece of operational work and in no way should it be tarnished by misinterpretation or gossip.

MEMORANDUM IN LIEU OF FITNESS REPORT

SUBJECT: Earl J. Williamson
1 April 1969 - 31 March 1970

Costa Rica has become progressively more important to the Agency because of its very active Communist Party and signs of the imminent arrival of the Soviets. In anticipation, Mr. Williamson has geared his Station and honed his operations to cope with these problems. San Jose Station has some of the more sophisticated and interesting operations in the Central American area, and the Station is preparing to exploit its assets to the maximum to meet the expected presence of the Soviets.

Mr. Williamson is an old "pro" who has had a variety of experiences in the intelligence field and who brings to his work maturity garnished with enthusiasm and expertise.

He has done particularly well in guiding his subordinates and extracting the maximum from them. His leadership is deft but firm.

His relationship with the past ambassador, a difficult person to deal with, who was not at first happy to have Mr. Williamson, progressed to the point that he became a valuable member of the Country Team and had the respect of the ambassador. There is a new ambassador now and it is clear that Mr. Williamson has gotten off to a very good start with him.

SECRET

He has a large range of contacts in the community and he has been helped by a charming wife who is an asset to him in his work.

His subordinates have a high regard for him--from a professional as well as personal standpoint--~~and look~~ to him for guidance and leadership.

He is judicious in the use of government funds, extracting the maximum from the operational dollar. His Spanish is excellent, and his experiences in Latin affairs have given him a grace in moving among the locals.

He is rated as Strong.

MEMORANDUM IN LIEU OF FITNESS REPORT

SUBJECT: Earl J. Williamson
1 April 1968 - 31 March 1969

Mr. Williamson began his tour as Chief of Station, San Jose, in July 1968. He was well prepared for the responsibilities of the assignment, having served in two important stations as Deputy Chief of Station, and as Deputy Chief, WH/COG.

At the outset of his assignment, Mr. Williamson was confronted with an ambassador who had reservations on several matters connected with the station, including problems concerning the establishment of a "third country" radio operation. Shortly thereafter Panamanian exile and guerrilla activities placed an additional burden on the San Jose station and on relations with the ambassador. Mr. Williamson weathered these initial rough spots well, keeping Agency interests protected.

In the seven months since his arrival in San Jose, Mr. Williamson not only succeeded in overcoming the ambassador's initial frostiness, but has mollified the ambassador's misgivings on several potential items of conflict. Furthermore, he has won a strong endorsement from the ambassador who has made it a point to inform Headquarters officers that he is highly pleased by the manner in which Mr. Williamson is handling his assignment.

SUBJECT: Earl J. Williamson
1 April 1968 - 31 March 1969

Mr. Williamson has an aggressive, constructive and realistic approach to operations. He has made a good assessment of the station's operational assets and personnel and has succeeded in sharpening general performances. Coordination and cooperation between the station and Headquarters leaves nothing to be desired.

He displays appropriate cost-consciousness. The morale of station personnel is high. Mr. Williamson and his wife are highly regarded by embassy personnel, and have established a wide circle of Costa Rican friends and contacts.

He has put in a Strong performance.

MEMORANDUM FOR THE RECORD

SUBJECT: Memorandum in Lieu of Fitness Report -
Mr. Earl J. Williamson

1. Mr. Williamson is on the eve of his departure as an overseas Chief of Station. This is a logical and justified next step in his career development. Mr. Williamson's responsibilities have been considerable in recent years: DCOS in two important Stations; Chief, FI and then Deputy Chief of WH/COG. It should be pointed out that in the latter position he was Acting Chief for long periods, performing admirably. His new assignment indicates that the most senior officers in the Division have recognized this.

2. Mr. Williamson is a professional intelligence officer in the strictest sense of the word. He is hard-driving and tenacious; despite his seniority he is on any list of activists; he has the capability of getting things going, of getting the job done. He applies rigid standards to his subordinates, but no less rigid than those he applies to himself. He is cost-conscious to an unusual degree. He is a fluent speaker of idiomatic Spanish and can handle himself well in any milieu. If Mr. Williamson is ever less than diplomatic it is when considering ersatz operational proposals or phoney practices, neither of which he can tolerate.

3. There is no question that in his next assignment Mr. Williamson will benefit from the social graces of his charming wife. In his own private life Mr. Williamson maintains numerous important contacts.

SECRET

4. In summary, Mr. Williamson is a dedicated and professional intelligence officer. He will undoubtedly continue his fine performance as a Chief of Station, and should in time be promoted to the next higher grade.

COURSE OBJECTIVES, CONTENT AND METHODS

The COS Seminar is aimed to prepare prospective Chiefs and Deputy Chiefs of Station and Chiefs of Base for field assignments. Emphasis was upon the difficulties confronting Chiefs of small or medium-sized installations, since they must handle a peculiarly wide range of problems. Included were case studies serving to remind outgoing chiefs of various operational approaches and techniques, but more time was devoted to policy, coordination, management, reporting, and administrative responsibilities of the Chief of Station, both within CIA and in the government at large, at home and abroad.

The bulk of the course is given in lectures and question periods conducted by officials responsible for the missions, functions, programs, and services discussed. A few key items of suggested reading are included, and bibliographies of suggested reading tailored to the individual's assignment are offered for those who want them.

MEMORANDUM FOR THE RECORD

SUBJECT: Memorandum in Lieu of Fitness Report - Mr. Earl J. Williamson

1. Mr. Williamson reported to WH/Cuban Operations Group in February 1966 and immediately took over the functions of Chief of the FI Branch. This Branch is concerned with the conduct of positive intelligence operations on a world-wide basis against the Cuban target. A small proportion of these operations were conducted directly from Headquarters (including the direction of assets inside Cuba, a denied area). The larger number of these operations was conducted through third countries and supervision involved the provision of staff support and guidance and extensive dealings with other Divisions and, to a lesser degree, with representatives of foreign liaison services. Mr. Williamson took hold of these duties quickly and forcefully and carried them out effectively and efficiently.

2. In July 1966, Mr. Williamson was appointed Deputy Chief of the Cuban Operations Group. In this role his duties involved supervision of the totality of the operational effort, including FI, CI, maritime infiltrations, propaganda, political action, and economic warfare. Again, Mr. Williamson undertook his broader duties forcefully and efficiently. He has shown qualities of leadership and good managerial skills in dealing with personnel and organizational matters.

3. During this period, Mr. Williamson has primarily been interested in substantive operational matters. He has carried out efficiently and promptly those staff functions which I have assigned to him, but I detect a certain lack of interest in these. Probably this reflects his most outstanding ability and consuming interest in the real heart of our activities-- the production of intelligence and in the conduct of actions against our target. He has participated personally in several operations and is one of the relatively few senior officers who delights in handling agents and making recruitments.

SECRET

4. Mr. Williamson is conscientious and economical in the use of operational assets, manpower and money. He is married to a charming young woman who is socially active, entertains well and is a real asset in representational activities.

5. Mr. Williamson's Spanish is fluent and colloquial, and in combination with his extensive understanding of Latin America and its people contributes enormously to his effectiveness.

Subject is departing Spain for an assignment PCS Headquarters following a tour of over five years at the Madrid Station. During the past three and one-half years he has headed up the Station's Cuban operations, has acted as a coordinator of Cuban activities in Western Europe and has actively participated in operations in support of other WE stations.

Starting completely from scratch, the Station was able, under Subject's able direction, to develop extensive operations against the priority Cuban target, including technical operations against the installation, recruitment and defection of important officials, penetration of commercial establishments, recruitment and training of internal assets, bi-lateral operations with the local services, etc.

Subject is an officer of considerable energy and drive. He has a knack of developing and exploiting interesting contacts and much of the success of the Station's Cuban program was due to his intimate connections in Cuban exile circles. Subject was also able to enlist the support of the local services in connection with certain aspects of the over-all program which could not be handled unilaterally.

Subject has shown himself to be "cost conscious" in the utilization of funds and manpower. His Cuban unit of the Station was

composed (in addition to himself) of four case officers, two reports officers and a secretary. Although he may be considered a "tough" supervisor in demanding the best of his subordinates, the record will show that he was able to build a very successful program.

During his tour at this Station, Subject made an important contribution toward the achievement of high priority targets. He is in every sense of the word an experienced, energetic and dedicated officer.

Since Subject's activities in support of other WE stations in the conduct of Cuban operations were under the direction of Headquarters, the rating box for this specific duty has been left blank for completion by the appropriate Headquarters official.

During the period under review Subject's activities in support of Cuban operations elsewhere in Europe and his responsibilities as Coordinator of Cuban activities for Western Europe have kept him away from the Madrid Station approximately one half of the twelve month period. Since these activities were under the direction of Headquarters, and not this Station, the rater does not feel qualified to comment on Subject's performance of Specific Duties 2 and 3 and has therefore left those rating boxes blank for completion by the appropriate Headquarters' official.

With respect to Specific Duty 1, supervision of Station's Cuban operations, Subject has applied himself aggressively and imaginatively to this task and the rater feels that Station's Cuban operations have been maintained at a high level and have been an important contribution to KUBARK's world-wide effort against this priority target. Obviously Subject's frequent and prolonged absences from the Station have not permitted him to give this task his undivided attention or the day-to-day continuity that is so necessary and important.

In the conduct of the Station's Cuban operations Subject has direct supervision of four operations officers, one full time and one part time reports officer, and a secretary. Subject is an efficient organizer and supervisor. He thinks and writes clearly. He is fluent in Spanish. In the conduct of the extensive Cuban operations he has shown himself to be

COMMENTS OF REVIEWING OFFICIAL

I know subject and am thoroughly familiar with his work and performance. I concur in this report with one exception, namely the rating given subject for specific duty No. 6. Because of his travels which absented him from the Station for one-half of the past year, subject perforce was inadequately qualified to take charge of the station in the absence of the COS. Specializing on Cuban operations entirely, he has but a limited knowledge of the station's other activities and considering only the effectiveness of his performance of this duty, I could not rate him higher than P. This is not a comment on his capability but rather an evaluation of his effectiveness in performance of this particular duty.

During the period under review Subject's duties and activities have continued to be concentrated on the Cuban target. Subject's performance of those duties has been eminently satisfactory and have received the recognition and commendation of Headquarters. Subject is an all-round operations officer with considerable experience and no significant weaknesses. His strengths are his aggressive approach to his operational responsibilities, his sound judgment and his complete dedication to duty. Due to Subject's energy and imagination the Madrid Station has been able to develop a highly effective and well-balanced program of Cuban operations. In addition Subject has spent a good part of his time in support of high level Cuban operations outside of Spain, assignments which he has carried out with a high degree of professionalism and success. In every sense Subject can be classified as a man of action.

In the conduct of the Cuban operations Subject has direct supervision of three operations officers, one reports officer, and one secretary. In addition he maintains indirect supervision of a debriefing center, an intelligence processing shop and all activities relating to the recruitment, training and dispatching of agents to the target country. Subject maintains contact with high level liaison officers whose cooperation and support are needed for a good part of our overall operations and the excellent cooperation we have received from those officials attests to the skill of Subject. Subject, of course, is fluent in Spanish. His drafting of cables and dispatches is excellent. Subject has at all times exhibited cost consciousness in the planning and execution of his operational responsibilities. In a word Subject is an excellent officer and a credit to the organization in every respect.

OFFICE OF PERSONNEL MAIL ROOM
MAY 8 2 55 PM '63

During the period under review, Subject's duties and activities have been in the main devoted to the conduct of Cuban operations. His performance of those duties has been characterized by vigor and imagination. Concrete results have been achieved. The Station's performance in connection with all phases of this top priority activity, carried out under Subject's supervision, has been the subject of commendatory comments from Headquarters. In addition to direction the Station's own Cuban operations, Subject has been frequently called upon to support other WE Stations in connection with various phases of their Cuban operations, particularly in making both "warm" and "cold" approaches to high level diplomatic candidates for defection. These assignments have been undertaken by Subject with much enthusiasm and a high degree of professionalism. As a matter of fact, Subject was away from Madrid on these and similar missions for 120 days during calendar year 1962.

In the conduct of the Cuban operations, Subject has direct supervision over four officers and indirect supervision of the debriefing center, the intelligence processing shop and all activities relating to the recruitment, training and dispatching of agents. Through personal liaison with leading Spanish intelligence and security service officials, he has been most successful in obtaining their cooperation in support of our operations. In addition, Subject has expended much of his after-hours time to maintaining contact with agents and persons of operational interest.

Subject is fluent in Spanish. He is an efficient organizer and supervisor and thinks and writes clearly. In summary, he is an experienced, energetic and highly dedicated officer. While he is well qualified to take over his own Station, it is my hope, and recommendation, that he be given a second full tour here in Madrid. In my opinion, it

SECTION E NARRATIVE DESCRIPTION OF MANNER OF JOB PERFORMANCE

Stress strengths and weaknesses demonstrated in current position. Indicate suggestions made to employee for improvement of his work. Give recommendations for his training. Describe, if appropriate, his potential for development and for assuming greater responsibilities. Amplify or explain, if appropriate, ratings given in SECTIONS B, C, and D to provide the best basis for determining future personnel actions.

Subject is a strong officer from every important point of view. He is experienced, intelligent, alert, aggressive, extremely hard working and conscientious. He is never satisfied with the status quo but is constantly striving to acquire new operational assets or to improve the functioning or production of old or current projects. He is tough-minded and abundantly endowed with intellectual as well as physical courage. If he has any one weakness, it is his impatience with subordinate officers and employees who do not tackle their operational duties with the same degree of zeal that he himself applies. His direct and forceful manner in calling such shortcomings to the attention of case officers under his direction has, on infrequent occasions, caused some minor and transitory resentment. In most cases, however, it has also resulted in improvement in the attitude and performance of the officer in question.

Subject is especially effective in his dealings with high level liaison officers and the fact that our relations with the various security services are currently on a cordial and more productive basis is due mainly to the thought, energy and time which Subject has devoted to this important activity. At the same time, subject has not permitted liaison considerations to inhibit the planning and development of independent operations and agents. In this connection he has been especially effective in developing valuable assets for third country (Cuban) operations.

Subject has an outgoing personality; makes friends easily, especially among Latins. He is a mature person who is respected by his Station colleagues and by the senior ODACID and other agency representatives with whom he maintains contact. He has direct supervision over nine officers and clerks. He is a good administrator. He writes effectively.

As a well rounded operations officer and administrator, Subject is qualified to run his own station and, in my opinion, it would be an injustice to him if he is not assigned as chief of a medium sized station when his service in Spain is completed. It is my hope, however, that Subject will be given a second tour at Madrid when his current tour ends in October 1962.

This officer, who is Deputy Chief of Station and also Chief of Liaison, directly supervises a sizeable number of personnel involved in joint operations with liaison and directs the operations in which they are engaged. In the comparatively short time he has been in this Station he has succeeded in making major advances in our liaison relationship to the point where we can now accomplish considerably more than before his arrival. He is energetic, imaginative, gets things done, and works round the clock — his off duty hours he employs mainly in developing further his liaison and other operational relationships. Furthermore, unlike some officers in liaison he is also most active developing independent operations. As for his qualities as a deputy, suffice it to say that he is the best deputy I have had in my entire career with this organization — a truly outstanding officer, as reflected in the numerical ratings I have given him, whom I would be glad to have with me any place I may be assigned.

TRAINING REPORT

MANAGERIAL GRID SEMINAR (50 hours) DATES: 23-28 April 1967

Student : Earl J. Williamson
Office : WH
Year of Birth: 1915
Service Designation: D
Grade : 15
No. of Students : 46
EOD Date : June 1952

COURSE OBJECTIVES AND METHOD

Course objectives are to aid participants to: learn the managerial theories contained in the Grid; understand their personal managerial styles in Grid terms; evaluate convictions about managerial values; develop team action skills; increase candidness of communication; strengthen the use of critique for problem-solving and learning; and acquire an appreciation of Organization Culture and Development.

The method of learning offers a challenge to all participants regardless of level or experience. A Grid Seminar is not "taught" in the usual sense. In Grid teams, participants solve complex management problems. Objective solutions are made available. Individual and team performance is repeatedly assessed. Various measuring instruments are used to evaluate effectiveness.

Critique sessions assist each participant to understand how he might change his own behavior to increase his problem-solving effectiveness. Thus managers are not told the best way to manage, but they learn by convincing themselves.

About twenty to thirty hours of study are completed as prework. Insights gained are deepened and personalized during the intensive 50-hour Seminar.

ACHIEVEMENT RECORD

This is a certificate of attendance only. No attempt was made to evaluate student achievement in this course.

Subject has done an outstanding job at this Station during his four years in Madrid. mistaken policy that was ultimately rectified when the Platt Amendment, which had allowed our government to intervene in Cuba, was abolished in 1934.

There are diplomatic and military lessons to learn from the recent civil war in Cuba. A policy of winning governments and losing people must definitely be discarded if we are going to win and maintain the sincere friendship of the people of Latin America. We are looked upon as the champions of freedom, freedom of the people, by the people and for the people, and our message in that regard should be transmitted to the peoples of the Americas.

The retention of the Military Missions in Cuba was a serious mistake, compounded by the fact that there was a proviso in the agreement that permitted their immediate withdrawal in the event of a civil war. Yet it was stated that their continued presence was necessary for hemisphere defense. In February 1959 the Missions were withdrawn at the request of the Cuban government because Castro felt that officers who trained an army he had defeated could not teach him anything about warfare in his country.

The Central Intelligence Agency, I understand, reported the steady and inevitable collapse of the Batista regime and the indignation over the retention of the Military Missions. Did the other government agencies who were responsible for co-ordinating policy regarding Cuba make adequate and sensible use of this evaluated intelligence? If not, why not?

And there were other members of the embassy staff in Havana who did not spend all their after-office time at useless cooky-pushing cocktail parties but had their ears to the ground and developed friendships with the man in the street, the student and the rebel. Earl Williamson was one and he is now in Washington, and so was Ignacio Carranza, now on duty in Guatemala. The Cuban people are grateful for their understanding and objective approach to their problems, and their discreet inquiries which helped save the lives of political prisoners.

No ambassador should be sent to any post unless he can speak the language of the country. A new look in relations with Cuba began with the arrival of Ambassador Philip W. Bonsal in

This form should be checked for holding of office, pension, suitability in connection with any record of recent discharge or arrest, and particularly for the following:

(1) *Identity of appointee.*—It is the duty of the appointing officer to guard against impersonation and to determine beyond reasonable doubt that the appointee is the same person whose application was examined. The appointee's signature and handwriting are to be compared with his application and/or other personal papers. If the appointee qualified in a written examination, the signature on this form should be compared with the signature on the declaration sheet, which was signed in the examination room. His physical appearance may be checked against the medical certificate. The appointee may also be questioned on his personal history for agreement with his previous statements.

(3) *Citizenship.*—The appointing officer is responsible for observing the citizenship provisions of (1) the Civil Service Rules and (2) appropriation acts. Form 61 constitutes an affidavit for both purposes and is acceptable proof of citizenship status in the absence of conflicting evidence. In doubtful cases the appointment should not be consummated until clearance has been secured from the certifying office of the Civil Service Commission.

(4) *Members of Family.*—Section 9 of the Civil Service Act provides that whenever there are already two or more members of a family serving under probational or permanent appointment in the competitive service, no other member of such family is eligible for probational or permanent appointment in the competitive service. The appointments of persons entitled to veteran preference are not subject to this requirement. The members of family provision does not apply to temporary appointments. Doubtful cases may be referred to the appropriate office of the Civil Service Commission for decision.

MEMO FOR THE FILE

Meeting with PACHANKIS 3 March 1975, 1345-1500, Restaurant at the Marrior Motel near National Airport

PACHANKIS stated that our old agent Miguel DIAZ Isalgue was having trouble getting his U.S. citizenship approved. DIAZ had sent in all the papers and I&NS told him the only thing left was the swearing in. So DIAZ waited a year and a half and I&NS never called him in. He called them in November 1974 and was told that there were no problems; that he would be called.

The DIAZ file shows that I&NS requested our traces in December 1974. IP/EIB sent them; there may be something in them that is causing a problem now though that doesn't explain the 1½ year delay before.

On 6 March, I told PACHANKIS to have DIAZ call I&NS one more time and if there is a real problem, we'd see what we could do.

Subj: Meeting with AMTALK-1

1. Subject was met in Room 602, Roger Smith Hotel, Washington at 1900 hxxx hours, 18xxxxxxxx19x 19 April 1968. The purpose of the meeting was to discuss the problems Subject ran into at the Argentine Consulate in New York. He said that one of the rqmts. of the New York office was that he present a letter of introduction from the Nicaraguan Consulate in New York. This latter was relayed by phone on 17 April, and resulted in Subject's return to Washington. During the interim between the 17 April phone call and the 18x 19 April meeting it was decided to have Subject make an effort to secure the visa from the Argentine Embassy in Washington. Accordingly Subject called the Embassy on 19 April and was informed that no visasxx were granted xxx by the Embassy, but that he could get one from the Consulate in Baltimore. Subject called the Baltimore office and was informed that if he showed up prior to 1500 hours a visa could be issued without waiting. Subject asked about requirements such as a letter of introduction from the a Nicaraguan diplomatic installation, and was told that there was no such requirement. Following the call Subject was told to take a bus to Baltimore and make application for the visa. Upon receipt of the visa he will return to Washington, and will be contacted at his hotel room between 1500 and 1600 hours.

While in New York Subject purchased his flight tickets to Buenos Aires as follows: Panam Flight 203, departing from Kennedy Airport at 2100 hours, 2x 20 April 1968. This information has already been passed to Mr. Louis Weinchowski, Alien Affairs Staffx for coordination with I&NS.

Subject reported his expenses to date and noted that he only had $150.00 left of the $1,000.00 advance made by JMWAVE. He pointed out that at the present rate he would arrive in B.A. with little cash, and might draw the attention of customs because of this. Accordingly, a $200.00 advance will be drawn for Subject and turned over to him on the morning of 20 April 1968.

Subject turned over receipts as follows:

a.	National Airlines Flight No. 108, Miami to Washington, 16 April 1968	$64.05
b.	Eastern Air Shuttle - Travel from Washington to New York, 16 April 1968	18.00
c.	Eastern Air Shuttle - Travel from New York to Washington, 18 April 1968	18.00
d.	Airwayte Hotel, Washington, D.C. This room was used for an operational meeting between AMSTALK-1 and Mr. Robert L. Fambrini.	7.00
e.	Taxi Fares	25.00
	TOTAL	$ 132.05

Subject also spent $630.00 for one round trip ticket New York/Buenos Aires/New York. This will be accounted for on his return from Buenos Aires.

Memo for the Record.

Subject: Contact with AMSTALK-1

AMSTALK-1 telephoned at 1815 hours, 17 April 1968 and reported that he went to the Argentine Consulate General in New York and applied for a tourist visa. He said he was told by them that there would be no trouble granting the visa, but that they wanted him to go to the Nicaraguan Consulate in New York and secure a letter of introduction. He told them he would and left the Consulate General. He took no further action.

After consultation with WH/4 it was decided to advise AMSTALK-1 to travel to Washington on 18 April and on 19 April go to the Argentine Embassy in Washington and try to get a visa there.

AMSTALK-1 was called and the above instructions were passed to him. He will call after 1800 hours to advise regarding his whereabouts in Washington.

MEMORANDUM FOR THE RECORD

SUBJECT: Meeting with AMSTALK-1

1. Background: AMSTALK-1 is a JMWAVE asset who was selected to fill a Station Buenos Aires requirement for a native Spanish speaking agent with a technical background. His task in Buenos Aires will be to work in the repair shop of a firm that has access to all Soviet installations in Buenos Aires. He will accompany a member of the firm when it is called by the Soviets to repair, maintain or install electrical appliances located in one of the installations. AMSTALK-1's initial task will be to case the installation for the purpose of locating a suitable site for an audio installation.

2. The undersigned met AMSTALK-1 in his room at the AIRWAYTE Hotel, National Airport, Washington, D.C. at 1530 hours, 16 April 1968. The meeting followed a telephoned exchange of prearranged recognition signals. The purpose of the meeting was to pass to AMSTALK-1 a Nicaraguan passport in alias and an Immunization Record in the same alias. He will use these documents for the remaining portion of his travel - Washington/New York/Buenos Aires- and to secure an Argentine tourist visa from the Argentine Consulate General in New York. AMSTALK-1 was briefed on the contents of the passport, and in the manner in which it is to be used, i.e., as a travel document only, and to be turned over to Station Buenos Aires for safekeeping during his TDY in Buenos Aires.

3. AMSTALK-1 was given the undersigned's first name only and home phone number with instructions that he is to call after 1800 hours on the day he secures the visa and purchases his flight tickets. The call will be made at least 24 hours prior to his departure from New York to allow time to inform the Station of his travel schedule and to coordinate his departure with the Alien Affairs Staff. AMSTALK-1 had already been briefed by JMWAVE regarding contact in Buenos Aires.

SECRET

4. AMSTALK-1 said that the cover for his travel from Miami was coordinated with JMWAVE, and is as follows: He is on a business trip to Equador where he has had business connections (he has actually traveled there on business). He has had to leave on short notice because he received word to go to Equador to take care of business matters.

5. AMSTALK-1 said he would like to send letters to his wife while he was in Buenos Aires. He was instructed to pass the letters to the Station who would send them on from there.

AB Memo No. 9562
19 April 1968

MEMORANDUM FOR: Chief, WH/4/Argentina

ATTENTION : Mr. Robert Fumbrini

SUBJECT : Transmittal of Nicaraguan Ordinary Passport in Alias for Use by AMSTALK-1 - AB Case No. 8237

REFERENCE : WH Memorandum dated 5 April 1968, same subject

1. Transmitted herewith for use as outlined in Reference are the following two documents issued in alias for AMSTALK-1: Nicaraguan Ordinary Passport No. 86781 and U.S. Immigration and Naturalization Form I-94 (stapled in the passport, page 9). Also furnished herewith is a travel itinerary on which AMSTALK-1 should be briefed before he applies for the Argentine visa in New York.

2. In keeping with arrangements made by TSD/AB, the Medical Office is preparing, for direct delivery to WH/4, the International Vaccination Certificate in alias to be used with the above documents. This certificate should be checked for accuracy as to name, place and date of issue. It is also understood that AMSTALK-1 will have received a bona fide smallpox vaccination prior to departing from the U.S.

3. TSD/AB prepared the above Nicaraguan passport on the strength of information that BIOGENESIS would instruct an Argentine Consular post in the U.S. to place a visa in the passport. The document was prepared in one week from date of request because of operational urgency. The requirement specified use of a Central American passport. To avoid placing a long, time-consuming simulated itinerary in the passport, it was given a recent issuance date, which necessitated issuance on the basis of exemplars issued nearly one year earlier (the most recent ones available). This short itinerary also would seem to make application at this time in the U.S. for an Argentine visa somewhat unusual. Since we are now informed that AMSTALK-1 is to obtain his Argentine visa without BIOGENESIS assistance we wish to make the limitations of the documentation provided for this operation, and agreed to by Mr. Fumbrini, a matter of record. This confirms discussion with Mr. Fumbrini. A telephone check with the Argentine Embassy by WH indicated that a Nicaraguan transient in the U.S. can obtain an Argentine visa in this country.

SECRET

4. It is understood that the passport will be needed for about six months, following which it is to be returned to TSD/AB. Should further operational need exist for this document beyond that time, it must be borne in mind that the expiration date is 7 March 1969 and that annual revalidations are needed from that time forward. Any such revalidations would have to be entered by TSD/AB. Also, use of this passport for travel other than that originally intended (direct from U.S. to Argentina and back within six months) will require careful scrutiny by TSD/AB of the situation at the time of the intended future travel.

5. In accordance with verbal arrangements between Messrs. Fambrini and Phelan, please pass on to TSD/AB details of AMTALK-1's procurement of the Argentine visa and any other travel control events of significance in the use of this passport so that TSD/AB may gain from the experience of this agent in the use of this alias document.

6. Any further questions concerning this case should be referred to the undersigned or to Miss Tina Jepikse on extension 2531.

MEMORANDUM FOR: Chief, TSD/AB

VIA : Office of Security/Alien Affairs Staff

SUBJECT : Request for Alias Documentation for AMOTIS-117

1. In accordance with preliminary conversations between Mr. Robert Fambrini, WH/4/A, and Miss Tina Japike and Mr. Patrick Phelan, TSD/AB, it is requested that an ordinary Nicaraguan passport be issued in the name of Juan Hidalgo ELIZONDO Romano for AMOTIS-117's use to travel from the United States to Argentina and return. In addition, it is requested that an Arrival-Departure Record (I&NS Form I-94) be prepared for Subject.

2. The requested passport should contain a forged United States multiple entry tourist visa and a cachet showing entry into the United States via Miami, Florida, in early April 1968. Inclusion of the forged United States visa in Subject's passport will not afford him any privileges he does not already legally hold in his true identity. The passport should be valid through the end of 1968.

3. The following information should be included on the Form I-94 to be prepared for Subject:

a. Permanent address in Managua, Nicaragua: Calle 15 de Septiembre No. 493.

b. Anticipated address in the United States: Airport International Hotel, Miami International Airport, Miami, Florida.

4. The above requirements are being coordinated with the Chief, Alien Affairs Staff, Office of Security, who will be kept informed every time the passport is being used for travel from or to the United States prior to exit and reentry to the United States. The information will include flight number, date and place of departure and reentry. The Alien Affairs Staff has been requested to provide Form-512 in alias.

MAKE CLEAR IT UNLIKELY RAN INSTALLATION CAN BE MADE IN SOVIET EMBASSY BY AGENT TECH SUCH AS AMSTALK-1. CANDIDATES UNCOVERED THUS FAR HAVE NO KNOWLEDGE WOFIRM AUDIO DEVICES AND NO AUDIO TECH ABILITY (IN CONTRAST GENERAL MECHANICAL, TECHNICAL KNOWLEDGE). APPEARS QUESTIONABLE HOW MUCH AGENT SUCH AS AMSTALK-1 CAN ACCOMPLISH BEYOND CASING. SINCE ULTIMATE INSTALLATION WILL PROBABLY HAVE TO BE PREFABBED DEVICE WHICH COULD BE INSTALLED BY CASTAGNA, WE SUGGEST YOU ALSO CONCENTRATE ON SUITABLE COMPONENT PARTS, ACCESSORIES OR OTHER ELECTRICAL FIXTURES USING PACY TECH AS SUGGESTED PARA 3, HABW 11024. WE FEAR THAT BY PLACING HEAVY XXXXXX RELIANCE ON AGENT TECH TO MAKE INSTALLATION WE MIGHT MISS OPPORTUNITY FOR MORE CERTAIN INSTALLATION USING COMPONENT PART. FROM Chief of Station, JMWAVE WH/COS

SUBJECT TYPIC/Operational
Termination of AMSTALK-1

ACTION REQUIRED - REFERENCES
ACTION: Cancel OA and MOC

1. Transmitted herewith are the Agent Service Record, Damage Report and Form 2457 on AMSTALK-1, who was terminated 29 February 1968. Subject was terminated for economy reasons, the lack of operational activity and because of the current JMWAVE reorganization. The termination was amicable and without prejudice. Attempts to place Subject with another JMWAVE component or the JMCHALK program were unsuccessful. Please cancel Subject's OA and MOC.

2. JMWAVE believes it worth noting that Subject has an excellent operational record and has participated in a number of special operations as a team member, team leader and principal agent. In addition, he had a hand in the recruitment of AMTRUNK-19, and, as recently as June 1967, made a WOFIRM-sponsored operational trip to Madrid.

3. As a result of the good will built up with Subject over the years of WOFIRM service and the excellent rapport maintained with him throughout, Subject offered to make himself available on short notice for any WOFIRM operational assignment. His 201 file contains his current location, in the event recontact with him becomes desirable at a later date.

Action Required: FYI

Reference: HMMA-33829, 12 January 1968

1. On 30 January 1968 AMSTALK-1 was shown the passport picture of Pedro Luis PINERO Eiria, which was received at JMWAVE as an attachment to the reference, for possible identification as one of the two Cubans he had met with in Madrid on 23 June 1967.

2. AMSTALK-1 said the individual in the photo was definitely not "Guillermo". He said that if the individual was one of the two he had met with, it would have to be the second man, who used no name but gave the impression of being a bodyguard. However, he said the second man had darker skin tones; looked like an Arab or Lebanese; appeared to have some Negro blood, although he would not classify him as a mulato; and had curly hair which was almost kinky. The eyes, lips and receding hairline are very similar, but the individual he met had a large bushy mustache.

Miguel - Sientate, quieres un cigarrillo?

Guillermo - Como no, gracias.

Miguel - La situation no se cual es, te das cuenta, entonces quiero conocer la situacion.

Guillermo - Ante todo, vamos a tener la perspectiva de una conversacion, en todos nuestros aspectos, e incluso en la actitud necesaria queremos verle a fin de rectificar. Toda esta conversacion va a ser algo mas tecnica, lo mas armado, tratando de subsanar, y siendo lo mas ecuanime posible .

Miguel - Si, yo creo que tanto Uds. como yo, todos tenemos ......, somos cubanos, y entonces podemos conversar. Entonces que lleguemos o no a un acuerdo ya es otra cosa, pero siempre podemos hablar y no creo que con eso se perjudicaran ni Uds. ni yo. Mis ideas Uds. saben cuales son. Siempre han sido esas, desde que luchabamos contra Batista, o sea no es una situacion nueva ni es una cosa improvisada. Y tambien saben por que me fui de Cuba. No fue ambicion politica, porque yo estaba muy bien con el gobierno y tenia muchos amigos, sino simplemente porque no estaba de acuerdo con las ideas. Pero bueno es una parte de la cosa que no vamos a discutir, pero sinceramente en lo que .... me vine de los EEUU aqui y no es cosa de juego y estar metido ya en la situacion esperando llamado de Uds. tampoco. De Cuba llegue el jueves pasado.

Guillermo - ...... de La Habana?

Miguel - Mando un telegrama pero con la direccion equivocada, con el numero equivocado. No lo entregaron entonces mande uno a los dos dias como no tuvo exito entonces............

Guillermo - Como preambulo te digo que te conocemos, nos conocemos mas o menos. Sabemos las ideas de (oidas?). Queremos saber que quieres tu de ideas, de accion, de hechos, de exposiciones, colocaciones mas alla de lo debido, las ventajas, etc. Mira, fijate, cuando nosotros te conociamos durante la lucha revolucionaria de tipo continental, tu no eras un tipo comun, tu eras un tipo singular.

Miguel - Yo soy un cubano mas, igual que Uds.

Guillermo - Te quiero decir, tu tienes personalidad, tenias ideas, tenias barba, te pusiste ..... mas o menos, en una cuestion luchando por ahi. Luego vienen los primeros años donde entra una serie ya de compr ensiones en cuanto al proceso. Tu en lo que te rodea. Fijate, en cuanto a los años interesantes, quisiera que tu me hicieras un analisis para poder empezar la discusion, ese año 1959-60, que te paso a ti?

Miguel - 1959-60, empezando, yo nunca presencie el 26 de Julio. Fui Presidente del Directorio, fui amigo personal de Jose Antonio DEFICTICSC (fon) de CHOMON (fon), de FEPIN (fon), de toda la gente del Directorio. Es mas, nunca presencie el 26 de Julio. Yo tuve la suerte de conocer a un individuo, al mejor amigo de Fidel Castro, que si conocia las ideas de Castro. Y se lo puedo decir como un secreto, porque sino lo perjudico, puesto que lo quiero entrañablemente, es para mi como un hermano. Yo se los digo Uds. lo saben. El sabia como Fidel pensaba, inclusive Fidel lo reconocio en una reunion personal, que teniamos

Miguel - en Santa Fe en el año en que fue convocado, un mes antes. Estaba Federico, no Federico no, Santamaria, Isaac, Fidel y no me acuerdo quien mas estaba. Entonces FIDEL le dice, se rio y le dijo Isaac tu de Jefe del Ejercito y yo de Presidente de la Republica, a ver quien se mueve en Cuba, que fuera de estilo comunista, y desde entonces mas nunca se vieron, y el retroproceso ya se conoce. Esa es una de las partes de ..... con las cuales yo estaba predispuesto con .... de Fidel, perfectamente con Fidel y conocia sus ideas, y asi fue como en el año 1956 en los EEUU, en el 1957...... inclusive los primeros meses del gobierno, como diez muchachos conversamos eso y somos el ...., el lo sabe.

Guillermo - Fijate, viendo perspectivamente como se representa tu suspicacia, tu desavenencia, ya visto el proceso, el desarrollo (Miguel interrupts)

Miguel - Dijimos al principio que ibamos a hablar con sinceridad, no es cierto? Ud. ve que yo hablo muy claro.

Guillermo - Fijate, nosotros tenemos que buscar un punto de coincidencia, si no buscamos un punto de coincidencia ....(Miguel interrupts)

Miguel - Especificamente, cual es la razon por la cual Uds. han buscado que me viniera hasta aqui?

Guillermo - Mira Miguel, te voy a hacêr la historia.

Miguel - Ahora comprendiendo, porque podemos estar hablando tres dias seguidos y no nos decimos nada.

Guillermo - Mira aqui vamos a hablar con sinceridad. Tu eres un individuo que, claro, para un cubano es poco comun, entonces una serie de boberias, boberias dentro del personal, tecnicamente mal hecho, entonces tuvo el ...... una serie de problemas que nosotros no podemos anticipar sobre este punto la manera necesaria y dejar la otra, era un caso especifico. Entonces que pasa, pero claro ponemos .... la familia que pasa con este que esta de tonto aqui viendo a gente que como .... Entonces eso parte de la historia; se congela la salida y la entrada de todo el mundo alli.

Miguel - Eso que te digo de Fidel se lo dije a Mabelo en el año 1956 en mi casa. Me dice Miguel, ven aca. Yo en aquel entonces era Presidente de la Asociacion de ...... Me dijo Miguel, por que no vienes a trabajar con nosotros en el .... 26 de Julio. Yo se que Fidel es comunista y tu lo sabes tambien. No, estas equivocado, no me estoy equivocado.

Guillermo - A nosotros nos interesa en cuanto a lo hecho buscar la linea de coincidencia, porque fijate tu a tu parte es una cosa. Tu eres un agente que para nosotros ..... todavia no ....., porque en el lugar donde te colocaste no se te confia. Primero de todo que apoyas demasiado ...... desde el punto de vista tecnico, vamos a mantener una estetica.

Miguel - No hay nada mas logico que si tu vas a ..... tu madre, no que la ..... sino que la veas. Mi madre es una mujer que te voy a decir una cosa, todo lo que le ha hecho a Cuba ha sido bien. Toda su vida ha sido maestra, ha tenido muchos amigos, ha hecho mucho efectivamente en contra de Batista, te das cuenta? O sea que el estado ha tenido consideraciones con ella y con el resto de la familia por .... merece tambien, aparte de lo que haya sido yo, eso es completamente aparte de mi, yo no tengo nada que ver con ella.

Guillermo - No tienes nada que ver pero ..... Mira chico aqui hay una cosa que esta escrita en la carta, mira (probably shows him something). Hay un millon de cosas a solucionar, partiendo del entendimiento mutuo. Que eso es lo que tratamos de participarte, queremos decirte.

Miguel - Bueno, pero que tipo de entendimiento por ejemplo?

Guillermo - Buscar una linea, tratar de ubicar que te molesta, que te mortifica, que tienes y entonces vamos a ver, vamos a entrar en discusion, hoy, podemos tener una discusion diaria, porque esto es problema de mas de un dia, podemos discutir a ver hasta donde podemos llegar. A ver quien eres tu de veras, o que quieres. Aparte de eso, mira tu juicio es contradictorio, tu eres combatiente de un cuadro y te metes en ese bando y te destandas en ese bando. Las cosas que tu vienes a plantearnos a nosotros son contradictorias. No en el origen ideologico, que ya estamos de acuerdo tu no eres comunista, pero en la cuestion practica, es la contradiccion de la persona. Porque hay millones de cosas ideologicas que no vamos a entrar.

Miguel - Yo no se, especificamente .... para que esos senores puedan dejarla en libertad que es lo que habria que hacer.

Guillermo - .... (speaks in very low voice)

Miguel - Espero que no, pero estoy tratando de ayudar porque... (Guillermo interrupts)

Guillermo - ....Mira Miguel, el (balon?) moderno de lo que el mensaje que te queriamos dar es ese. Que discutas con el, discutas un poco, no ..... (he mentions Manolo again). Que trates de discutir con el, ese es el objetivo nuestro, y ademas la carta esta puesta.

Miguel - De manera que eso, la actitud mia, es una actitud, una posicion clara, definida, no pueden tener Uds. en ningun momento idea de que yo pueda tener un doble juego con Uds., siempre hablar con claridad. Yo con Uds. no podria llegar nunca en la vida a ningun tipo de acuerdo en cuanto al trabajo se refiere, porque mis ideas son radicalmente opuestas a las de Uds. Eso no quiere decir que no pueda conversar con Uds. ni eso no quiere decir que no les tenga afecto a Uds., que somos como hermanos, mismo Manolo, Manolo y yo siempre nos llevamos bastante bien, pero ahora el esta en un lado y yo estoy en otro, radicalmente opuesto. No estoy dispuesto a enganarme.

Guillermo - Chico.............

Miguel - Creo que las dos lineas saben que estamos aqui.

Guillermo - Que quiere decir eso?

Miguel - Quiere decir que el gobierno de los EEU U saben, no que estoy en esta habitacion en este momento pero que estoy en Espana y que vine a hablar con Uds. Por eso le digo a Ud. que la intencion mia no es crear un doble juego ni a Ud. ni a mi. Ellos saben que mi madre esta en Cuba, estan conscientes de eso, y que en Cuba Uds. ...... Lo que quiero decir es que no hago juego sucio con Uds.

Guillermo - (habla de una situacion y de analizarla mas, muy dificil de entender)

Miguel - Es una lucha que ha tenido muchas alternativas. Como Uds. vieron yo cometi un error, Uds. tambien cometieron un error, todos cometimos errores, todos fueron susceptibles de cometer errores. Pero siempre podemos hablar. siempre podemos hablar, este hecho por ejemplo, que estemos nosotros reunidos aqui, hace dos o tres años yo creo que hubiera sido imposible.

Guillermo - Este planteamiento muy fino, es un planteamiento que a nosotros nos protege: eso si, nos protege. Tendriamos que entrar a la cuestion ideologica como tu planteas no creo que de momento ..... En nuestra opinion, entonces el planteamiento que tu haces, que tengo que hacer yo?......

Miguel - Yo no haria nada que afectara en ninguna forma mi modo de pensar. Ya le digo no tengo ningun interes en hacerles que tengan una idea equivoca o erronea, un doble juego como se que hay quien lo hace, que se ponen a hacerle juego a Uds. para ver lo que dicen o hacen. Yo vivo en los EEUU, me siento cubano, soy cubano y debo sentirme como tal, y quiero a Cuba y quiero a mis amigos que estan alla, no a los amigos que estan en el gobierno, otros que estan presos, y por eso he venido aqui a conversar con Uds.

Guillermo - Esa es una disyuntiva un poquito cerrada, un poquito cerrada. Yo no puedo creer sobre los amigos que tu tienes alla y que estan en el gobierno, no se que no te gustaria nada positivo para ellos. Los otros amigos que tu tienes alla que estan presos, esos si que tampoco puedes esperar nada positivo para ellos. Hay una cosa cierta, a traves de 8 años que son 8 años de revolucion, tu sigues manteniendo una conducta en tu opinion nunca jamas equivocada. Hasta cuando tu podras seguir manteniendo esa linea de conducta? 27, 14, 15 anos? Tus amigos seguiran presos, yo ~~xx~~ tendre una opinion quizas no muy buena de ti. El problema de Cuba yo no creo que se defina en una forma facil. Cuba ya no es un caso aislado, tu lo sabes. Cuba forma parte de un problema continental incluso mundial.

Miguel - Por desgracia, tanto para Uds. como para nosotros.

Guillermo - Nosotros no, nosotros por suerte. Pero bien, esa es la situacion. La situacion es un poco dificil. Porque EEUU no han podido liquidar .... America Latina es un continente en revolucion, Asia tambien. Claro, estos son nuestros puntos de vista que por supuesto pueden ser muy divergentes a los tuyos.

Guillermo - Cuando eramos mas debiles, cuando estabamos mas aislados, no podiamos influir, en cambio el que hubo ahora tengo una fe absoluta (?). Es una situacion dificil y que perspectivamente, no se, quiza tu entres en analisis perspectivo de lo que tu hagas.

Miguel - Hay una cosa que es la siguiente, estaba analizando la situacion. Desde el punto de vista de Uds. esta bien; ahora el punto de vista mio es el siguiente: yo no soy comunista, por lo tanto .... en Cuba.... las ideas..

Guillermo - Fijate, mira yo te diria a ti otra cosa. Yo te diria a ti que en Cuba hay gente que no es comunista, que no simpatiza con la revolucion, que es Catolica que tienen todas sus ideas, de todo tipo, sociales, prediales, diversas en general, no coincidentes con las ideas de la revolucion, sin embargo estan en Cuba, tienen sus ninos, tienen su trabajo, disfrutan de sus vacaciones, o sea que es una actitud de familia que ...... Una cosa es el ciudadano que se va a los EEUU o se va para Pakistan Occidental que no quiere saber nada mas de Cuba.

Miguel - El que se vayá de Cuba y no quiera sáber mas de Cuba no es buen cubano.

Guillermo - O quiera saber de Cuba, se entere por la prensa, como avanza la revolucion, las dificultades de la revolucion, la situacion mundial por la zona de Cuba, Cuba con relacion a la situacion mundial, se sigue enterando, se siente cubano, tiene una bandera cubana en la casa, se sigue sintiendo cubano. Sin embargo, se dedica a una serie de juegos un poquito peligrosos, tu te das cuenta? Introduccion de RF 48A (fon), introduccion de ......, introduccion de .... y hasta ahora nosotros no hemos tenido mas remedio que defendernos, defendernos de la forma mas humana posible, porque yo te digo a ti realmente con el cargo que tenia tu hermano (?) que ..... era para ....., estamos hablando en nuestro propio idioma. Nosotros no podemos estar dando bombones al que nos tira piedras, y ademas vacaciones al que nos introduce materiales de espionaje.

Miguel - .... exactamente igual.

Guillermo - Quizas, si.

Miguel - En los EEUU no, porque en los EEUU la situacion del pais es distinta, a la de los paises latinos. Es mejor.

Guillermo - Hay una diferencia sensible, por ejemplo nosotros no lo hacemos digamos contra nuestro propio pais, contra nuestro propio pueblo.

Miguel - Tu crees que el pueblo de Cuba esta contento con la situacion de ahora?

Guillermo - Yo creo que si, mira yo te voy a decir otra cosa para que tu tengas una idea clara y nitida de esto. Hay una serie de gente con nivel cultural bastante jodido que no tienen porque ponerse en contra de la revolucion, aunque no sean revolucionarios sinceros, que si miramos del punto de vista economico, han mejorado con la revolucion, si lo miramos desde el punto de vista politico, han mejorado tambien, te das cuenta? Entonces a esas personas nosotros los consideramos tambien parte del pueblo de Cuba. Mira, a nosotros no nos preocuparia mucho de que tu lograrse de tu (?), incluso .... un poquito, tu te das cuenta?

Miguel - El problema es que esos senores, con mi forma de pensar tampoco me daria muchos resultados. No seria valioso para eso.

Guillermo - (Talks about how successful they've been, very difficult to understand what it is)...... que tu estes con un servicio de inteligencia de un pais que esta tratando de ......

Miguel - del comunismo?

Guillermo - Vamos a hablar de esto como liderazgo de que? Vamos a llamarlo por su nombre. De la escuela. Cosas concretas porque se habla en abstracto se parece a la otra (?) Cuando se habla en concreto tenemos que llegar al sistema social de algo, a escuelas, a hospitales~~, a comida~~, a existencias sociales.

Miguel - .... sistema social que se conoce por el nombre comunista de capitalista y en los sistemas sociales se puede progresar....... como el cambio de Rusia de la epoca de los zares a la fecha actual es una cosa increible, posiblemente nunca se ha visto....... por eso los EEUU y otros paises como los EEUU tambien ....

Guillermo - Igual que el de Peru, el de Ecuador, el de Bolivia, el de Brasil.

Miguel - Tu sabes el problema de Sudamerica cual es.

Guillermo - (interrupts), El origen de esta cuestion es muy simple. En primer lugar tu tienes la Cuba de tu informacion parcial. Esta la otra Cuba, la Cuba que combate, la Cuba que rinde, la Cuba que va el 31 de diciembre, 300.000 o 400.000 a un lugar a festejar, la Cuba que tiene cuero. Tu basas tu informacion en base a que? EEUU esta viviendo a costa de Nicaragua, de Costa Rica, de Bolivia, de Panama. Porque mira, si hablamos de liberacion lo primero que tendriamos que liberar seria la humanidad.

Miguel - La situacion actualmente en Cuba no es de la mejor. Hay escasez de todo. Negar eso seria faltar a la forma en que estamos conversando.

Guillermo - Si, hay escasez, eso tu sabes por que hay escasez? Porque todo el mundo come, son dos cosas que se vienen hacia si. En toda Cuba, desde la sierra, no hay un nino, no hay un anciano, no hay un hombre que se quede sin comer, pero hambre hambre endemica no hay.

(then they talk about 5 minutes, very difficult to understand, possibly about Cubans living in Miami and how they live.)

Guillermo - No nos pusimos de acuerdo.

Miguel - Para mi hubiera sido una posicion mas comoda haberle hecho juego a Ud. y lo pude haber hecho, puesto que he venido aqui, nadie me conoce aqui, nadie sabe que yo estoy. Hemos hablado con sinceridad. Otra cosa, no creo que hubiera sido correcto crear un doble juego y aceptar, cambiar mi manera de pensar. Eso seria lo que casi cualquier otra persona hubiera hecho pero yo prefiero... Espero que algun dia cambie de manera de pensar. El mundo da muchas vueltas y quien sabe, nadie sabe, ahora esta fanatizado con esas ideas, a lo mejor cambia.

Adios, mucho gusto.

2. AMSTALK-1 (Identity B) received recruitment letter in very sophisticated operation involving a frame of 35 mm film rolled up and concealed in a hollowed out crucifix on rosary beads sent via his cousin who came out on the airlift on 11 April 1967. The letter believed to be from AMGHOST-1 was mildly threatening to AMSTALK-1's family and friends in Cuba and suggesting a meeting with the CUIS in Spain or Canada. Local LNERGO not advised. AMSTALK-1 and JMWAVE Case Officer are currently in Madrid on this operation. It is believed that this operation was initiated by AMGHOST-1 for unknown reasons, but possibility exists it is to establish a communications channel to WOFACT.

AMSTALK/1 was interviewed and tested at a covert site in the Miami, Florida area on 17 May 1967 at the request of Stanley B. JERSAWIT. The interview was conducted in English in which AMSTALK/1 is fluent.

Testing was requested following receipt by AMSTALK/1 of a recruitment letter, apparently from the Cuban Intelligence Service. Details regarding the letter were forwarded to Headquarters under UFGA-27562.

AMSTALK/1 is presently a WOFACT principal agent who, although he never worked with the CUIS, was acquainted with numerous Cuban Intelligence personalities. He was last SGSWIRLed on 7 December 1966.

RESULTS

AMSTALK/1's cousin, Iden B, did bring AMSTALK/1 a letter from Cuba and AMSTALK/1 believes that the letter came from the CUIS.

AMSTALK/1 was never previously contacted by the CUIS and he has not been given any means of contacting the CUIS which he has not revealed to WOFACT.

AMSTALK/1 has no reason to believe that his cousin has not told him all she knows about this matter and he himself is not concealing from WOFACT anything that he knows about it.

AMSTALK/1 cabled a reply to the letter exactly as instructed by WOFACT.

While future intentions are not a valid topic for SGSWIRL testing, AMSTALK/1 was asked during testing whether he is now willing to engage in an operation involving direct confrontation with the CUIS and whether he would continue his anti-Castro activities even though his friends or relatives in Cuba might be in danger. For what it is worth, there was no indication of deception when AMSTALK/1 replied affirmatively to both of those questions.

DETAILS

Prior to testing AMSTALK/1 mentioned that during the pre-Castro era he was frequently in contact with persons now in the upper echelons of the Cuban government. Among these were Iden C and Iden D. Although he was asked on numerous occasions to join the 26th of July Movement he was never asked to work for CUIS or contacted by Cuban Intelligence with respect to working for them prior to the present instance.

SECRET

CS COPY

201-307337

[redacted]

[redacted]

SECRET

AMSTALK/1 said that he believes that Iden B has passed on to him all the information she was told to by the CUIS. He said however that Iden B talked with Iden C about forty-five minutes and he feels certain that Iden C told her more about his (AMSTALK/1's) activities than she has admitted knowing.

AMSTALK/1 said that Iden B told Iden C that she would not cooperate with the CUIS in any action which would harm her husband, Iden E, who is presently in prison in Cuba. She was apparently re-assured that what she was to do would not make her husband ashamed of her. For this reason AMSTALK/1 says that he feels that the intent of the CUIS is to neutralize him. AMSTALK/1 is of the opinion that the CUIS thinks he occupies a much more important position within WOFACT than he actually does.

AMSTALK/1 said that he is perfectly willing to follow WOFACT directions; that he will gladly engage in a direct confrontation with the CUIS if this is desired and that he would do so even though friends or relatives of his in Cuba might be in danger.

I think we ought to go out on record on this case before JMWAVE really gets all wrapped upx in a bum operation. Did that cable ~~xxxxx~~ we had drafted ever fly ?? In any event, you know pretty much what my feelings on this matter are and we should get them (assuming we are in agreement) down on paper someplace. Although there isn't any blame on us for the FAGHOST/3 fiasco it has made me rather leery of taking JMWAVE's ideas. Even though Jake says we can't knit-pick on JMWAVE we can at least make our views a matter of record.

Thank you,

hm

Discussed w/ Harry. Agree that since previous cable turned down little chance in getting anything worked out.

AMSTALK/1 has probably already sent a cable to the CUIS agreeing to meet them in Madrid since we [illegible] fooled around bending over backwards not to hurt JMWAVE's delicate sensibilities. However, the attached is a pretty good try and we should at least make it a matter of record that we don't think it is a well thought out operation when WAVE has to send a CO when there is a three man PBRUMEN section in the Madrid Station.

CUIS Proposal for Meeting with AMSTALK-1

ACTION REQUIRED REFERENCES

Action Required: FYI

References: A. JMWAVE 6942, dated 2 May 1967

JMWAVE 6980, dated 4 May 1967

Attached for Headquarters information and evaluation are copies of three JMWAVE memoranda, WSO's 3012, 3013, and 3022, covering the background and events of the CUIS proposal to AMSTALK-1 requesting a meeting to be held in either Canada or Spain. It should be noted that some information reported initially is corrected in later memoranda. As presented in references and brought out inmore detail in the attached memoranda, the operation by the CUIS seems to be directed by Manuel PINIERO; the professionalism shown in the preparation of the message and the subsequent concealment of the message were certainly not warranted by the circumstances. If the purpose were only to get a message to AMSTALK-1, a simple typed letter in a sealed envelop would have done the job. The use of strip film which necessitates special equipment for reading, also suggests the possibility that the entire operation is designed for the purpose of opening a channel to WOFACT. PINIERO would probably assume AMSTALK-1 would report the incident to WOFACT and the utilization of professional techniques might be a means of establishing bona fides in order that WOFACT not dismiss the message as other than genuine. Also attached for Headquarters are photographs of the crucifix in which the message to AMSTALK-1 was concealed.

SUBJECT: Recruitment Proposal Received by AMSTALK-1.

1. On 25 April 1967, RAMSKILL and COBFIELD met with AMSTALK-1 at safehouse #316 at his request for the purpose of discussing what the agent described as "a matter of urgency".

ISALGUE (spelling)

2. AMSTALK-1 said that his cousin, one Marta ISALQUE Rodriguez, 44 years old, arrived in Miami via the Freedom Flight on 11 April 1967. She is the wife of Fernando de ROJAS, who is presently serving a 30 year sentence in La Cabana Prison for conspiracy against the Castro Government. Marta had applied for exit from Cuba some time ago, but it wasn't until she wrote a letter to Manuel PINEIRO, aka Barba Roja, Director of the DGI and close family friend of the ISALGUE's prior to the Revolution, that she had any inkling that her exit request would be honored. Following dispatch of the letter, she was telephoned by PINEIRO who said that he had taken her case under his personal supervision, and that she would be visited by someone from his office in the near future. The following day, PINEIRO's secretary called on Marta to discuss the situation, and obtain necessary additional details. Not hearing anything concrete for about one month, Marta again wrote to PINEIRO, who again telephoned her saying that immediate action would be taken. The following day she was visited by two men who claimed to be from PINEIRO's office. One identified himself as MENENDEZ and said that he was a former close friend of AMSTALK-1. They gave Marta a definite date for her departure from Cuba, and promised to return again to insure that the plans were working smoothly. Just prior to leaving Cuba, Marta was revisited by the two PINEIRO representatives, and was told that she had been

Att 1 to UFGA 27552

201-307337

granted a farewell meeting with her husband in La Cabana. On her way to the airlift, she was permitted a lengthy conversation with her husband, and was given a new cross to attach to her rosary beads, and told that inside the cross was a message for AMSTALK-1 in Miami, and that she would be doing AMSTALK-1 and herself a favor by delivering it. MENENDEZ added that the message was from a good friend of AMSTALK-1's. Marta later boarded the Freedom Flight under the supervision of MENENDEZ who permitted her to bring with her certain of her personal jewelry which a normal exile is not permitted.

2. AMSTALK-1 avoided meeting Marta at the airport for reasons of security, and saw her for the first time on the following night, 12 April, but there were so many friends and family present that they had no chance to talk alone. Marta did indicate, however, that she wanted to have a long talk with AMSTALK-1. The following day, Marta left for West Palm Beach where she stayed with relatives for about one week. She returned to Miami and telephoned AMSTALK-1 on 24 April, at which time a meeting was arranged for the same evening. It was at this meeting that Marta gave AMSTALK-1 the above story and the rosary.

3. There is attached a translation of the message to AMSTALK-1 which was hidden in the lower upright of the cross. It appears to be a positive 35mm film strip of one frame. According to TSD, it was a professional concealment job. The name and address to which AMSTALK-1 may direct his replies is unknown to the agent, although all of the facts in the message indicate that the writer knows AMSTALK-1's position exactly. The agent believes that the reason for the sending of the message at this time is that he was involved in the CUBELA/GUIN wrap up and because this is the first time that a close relative of his has come out. The agent has agreed to follow whatever instructions we may have for him without question, and reiterated that the Cuban colony here and the Castro Government know that he cannot be influenced by any such threats of blackmail against his family, a condition he has been living with for the last five years.

4. In addition to the above, Marta provided the following information:

a. AMTRUNK-19, cousin of both Marta and AMSTALK-1, appears to be assuming a role of lesser importance in his job and in Cuba as the result of the departure of

Che Guevara, to whom he was very close. AMTRUNK-19's wife, who used to be a secretary to the wife of Raul CASTRO, has all but dissassociated herself from revolutionary activity. She was formerly very active.

b. Jose MASIP Isalgue, another cousin, is still writing for the Cuban Institute of the Theatre. He remains very pro-Communist.

c. Antonio MASIP Isalgue, another cousin, is presently in East Germany studying. He cannot return to Cuba. He previously studied and/or worked in the Soviet Union, Czechoslovakia and Poland.

d. Certain fruits which are grown in Cuba, but were heretofore exported and unavailable locally, are now plentiful. On occasions , they are given free to the public in the local markets. On the other hand, canned Soviet goods, which were plentiful before, are now almost non-existent.

e. The Isle of Pines was closed and the 50,000 prisoners have been transferred to the mainland to work on farms.

f. A live-and-let-live attitude has been adopted by the Castro Government in relation to the opponents of the regime. Persecution is falling off.

g. Marta's husband, Fernando de ROJAS, was sent to Matanzas following the CUBELA/GUIN wrap up, and was interrogated, but was exonerated from any implication, and returned to La Cabana.

h. During Marta's conversations with her husband prior to her leaving Cuba, the two PINEIRO agents joined in the talk without being in any way oppressive, and encouraged Marta and her husband to suggest ways in which "the system" might be improved.

5. AMSTALK-1 was asked about the possibility of Marta's providing additional information or support, and if she might consent to entering into contact with an American. The agent made it clear that she was frightened by what the implications of the message she had brought out for AMSTALK-1 might be, and had no intention of getting any further involved in clandestine relationships, since both her husband, and adopted mother (mother of AMSTALK-1) were still in a dangerous position. AMSTALK-1 was instructed to review the message he had received, talk again with his cousin, Marta, and add whatever he could to amplify the available information in this matter.

Miguel:

In the last years of the revolutionary process we have been in contrary positions and, at times, our acts have affected your decisions to oppose us by serving third interests. The struggle has had its ups and downs, but without a doubt, the weight is now in our favor.

Your decision to oppose us, I repeat, drove you to resort to using your family and friends; who have been progressively rolled up, such as Fernando, Carlos, Ramon, Gina and others. Since this is a war to the death, as far as we are concerned, our strength permits us the luxury of not retaliating indiscriminatly. But our accounts are not paid and you must understand that in this type of struggle, there must be an eventual clearing of accounts.

Miguel, you know that we have concrete proof against persons close to you, against whom, until this time, we have not acted. These persons, in additions to the crime for which they are directly responsible, have dedicated themselves ultimately to the violation of many other laws of the country; the stimulus and example you have set in this matter has made you responsible for this. Even in light of the foregoing or any other of your economic or social needs, we ought to exchange opinions.

Our proposition is: To have a meeting in Canada or Spain, where we would discuss the entire situation with the intent of forgetting the past and examining present realities.

To let us know of your decision to go to one or another of the countries, send a cable to the address which is appended. If you will go to Canada, sign it Enrique, if Spain, Guillermo. Send this cable a month prior to your departure. When you arrive in the chosen country, send another cable indicating your exact location and contact instructions. If you are unable to go to either of the countries mentioned above, write an open text letter explaining why you can't, and an alternate suggestion.

Remember Miguel, that others depend on your decision. For this reason we recommend you be discreet. The bearer can add some details to our proposition.

You decide if the war is to continue. Some of we old fig' who remember you prefer that it does not.

Arturo PITA Rey

Miguel:

En los últimos años del proceso revolucionario hemos estado en posiciones antagónicas y, de cierto forma, nuestras actuaciones han sido correspondientes a tu decisión de combatirnos puesto al servicio de terceros intereses. Las batallas, de todo tipo, han tenido sus alternativas, pero sin dudas la balanza es favorable a nosotros.

Tu decisión de combatirnos, repito, te impuso la necesidad de acudir a familiares y amigos; los cuales han ido cayendo sucesivamente, como Fernando, Carlos, Ramón, Gina y otros. Pese a que esta guerra está planteada a muerte, nuestra fortaleza nos permite no tener que golpear indiscriminadamente. Pero nuestras cuentas no estan saldadas y es necesario que entiendas que en este tipo de lucha no puede quedar eslabón sin aclaración.

Miguel, tu sabes que tenemos pruebas demoledoras contra personas muy allegadas a ti, contra las cuales, hasta el momento, no hemos actuado. Esas personas, además de los delitos sobre los cuales tienes responsabilidad directa, se han dedicado ultimamente a violar otras muchas leyes del país; tu culpa en esto último es el estímulo y ejemplo que les inculcaste. Alrededor de todo esto o de cualquiera otra necesidad humana, económica, social, que tuvieras debemos intercambiar opiniones.

Nuestra proposición es: Tener una entrevista en Cánada o España, donde discutiríamos toda una política encaminada a tratar de ir olvidando el pasado y situarnos a la altura de las realidades presentes.

Para hacernos llegar tu decisión de ir a uno u otro país, envías un cable a la dirección que te adjuntamos. Si vas al Cánada lo firmas Enrique y si vas a España, Guillermo. Este cable lo mandas un mes antes de partir. Cuando llegues al país envías otro diciendo el lugar exacto donde resides y como localizarte. De no poder ir a ninguno de los países señalados, escribe en texto convencional explicando lo que te lo impide y la solución que propones.

Recuérda, Miguel, que otros varios dependen de tu decisión, por lo que te recomendamos discreción. La portadora puede agregarte algunos detalles de nuestro planteamiento.

Tu decides si la guerra continúa. Algunos viejos combatientes que te recordamos, preferiríamos que no.

SUBJECT: April 26 Meeting with AMSTALK-1

1. COBFIELD and RAMSKILL had a second meeting with AMSTALK-1 at S/H 316. An enlargement of the message which was concealed in the crucifix and brought to Miami from Cuba by the cousin of AMSTALK-1 was shown to AMSTALK-1. He read the message and the English translation, commenting that the English coincided with his own interpretation.

2. AMSTALK-1's reaction to the contents of the letter was mild and he did not appear too concerned about the threats to his family (paragraphs 2 and 3). He stated that he did not recognize the name at the bottom of the letter (Arturo PITA Rey) and commented that from talks with his cousin he believed the real sender of the letter was Manolo PINIERO "Barba Roja" (Director of the DGI), and that the name and address was probably an accomodation address used by the Cuban Intelligence Service.

3. AMSTALK-1 identified the names in Paragraph 2 as follows:

Fernando	- Fernando de ROJAS - husband of AMSTALK-1's cousin, Marta (the source of the message) presently serving a 30 year jail sentence in Havana. Fernando de ROJAS was described by AMSTALK-1 as a fanatical Catholic.
Carlos	- Carlos PEDRAZA - husband of Gina ISALGUE who is AMSTALK-1's aunt and also in jail.
Ramon	- Ramon GUIN member of former AMTRUNK net and connected with Rolando CUBELA presently sentenced to Isle of Pines Prison.
Gina	- Gina ISALGUE sister of AMSTALK-1's mother and wife of Carlos PEDRAZA, presently in jail.

In addition AMSTALK-1 stated that the regime might also take action against his mother and another sister of his mother living together in Havana (ages 72 and 78 respectively)and unable to obtain permission to leave Cuba, and Andres VARGAS Gomez, a friend presently serving a jail term in Cuba.

4. AMSTALK-1 agreed to follow whatever course of action we wished, i.e. in terms of answering the letter, not answering it, arranging a meeting according to the instructions contained in the message, or other. He was told not to take any action re answering the letter until we advised him of our interest.

SUBJECT: May 1, 1967 Meeting with AMSTALK-1 Concerning Recruitment Proposal He Received.

1. For the meeting AMSTALK-1 prepared the attached material. Attachment 1 is a type written report by AMSTALK-1 of events which took place in Cuba between his cousin, Marta ISALQUE Rodriguez de ROJAS, and Manolo PINEIRO and his representatives. Attachment 2 is a message written by AMSTALK-1 and addressed to PINEIRO containing his thoughts regarding a possible answer. (The message has not been sent by AMSTALK-1, and he will not take any action without our concurrence.)

2. On April 30, 1967 AMSTALK-1 met with his cousin. According to his cousin, the only persons, who know about the crucifix, and the conversations about it and the message, are Manolo PINEIRO, MENENDEZ and the other representative of PINEIRO inside Cuba; and AMSTALK-1 and herself in Miami. She told AMSTALK-1 that none of the conversation about the crucifix or the message took place in the presence of her husband, at the jail, and that MENENDEZ and the other PINEIRO Representative, specifically cautioned her not to reveal anything about the subject to anyone including members of the Cuban G-2, security etc. To her knowledge no one else knows about the subject. As a sidelight she told AMSTALK-1 that MENENDEZ had informed her that unless she cooperated with them and agreed to carry and deliver the message, she would not be permitted to leave Cuba; but that the other individual with MENENDEZ, interrupted at this point and told her that she would be permitted to leave whether or not she agreed to do as they asked. ✓

3. AMSTALK-1 also stated that his cousin told him that she had not been asked by PINEIRO, or his representatives, or anyone else, to carry any other messages or do anything else for them in the U. S.

TO PAUL

FROM DAVID

SUBJECT: MESSAGE BROUGHT FROM CUBA BY MRS. MARTA ISALGUE RODRIGUEZ, WIFE OF FERNANDO DE ROJAS PENICHE, WHO RESIDES AT 4740 NW. 1ST. MIAMI, FLA., TELEPHONE 445-3100.

BODY OF THE INFORMATION: MARTA ISALGUE'S HUSBAND WAS CONDEMNED TO PRISON FOR 30 YEARS IN 1961, ACCUSED OF CONSPIRING AGAINST THE COMMUNIST GOVERNMENT AND OF LEADING THE ORGANIZATION OF ING. RAY IN HAVANA. HE WAS FIRST HELD AT THE ISLE OF PINES AND IS CURRENTLY AT LA CABANA, HAVANA.

MARTA ISALGUE HAS THREE CHILDREN, 11, 9 AND 7 YEARS OLD, AND BECAUSE OF HER CHILDREN SHE HAD BEEN TRYING TO LEAVE CUBA FOR SEVERAL MONTHS. MRS. MARTA IS A CHILDHOOD FRIEND OF MANUEL PINEIRO, AS WELL AS ALL HIS FAMILY. FOR THIS REASON SHE DECIDED TO WRITE HIM A LETTER AT THE END OF THE MONTH OF JANUARY 67, SO THAT PINEIRO WOULD HELP HER LEAVE CUBA. THIS SHE DID AND APPROXIMATELY TEN DAYS FROM THEN A MAN APPROXIMATELY 45 YEARS OLD APPEARED AT HER HAVANA HOUSE LOCATED AT REPARTO DEL VEDADO. THIS MAN CLAIMED TO BE PINEIRO'S SECRETARY (EXECUTIVE SECRETARY), WHO TOLD HER THAT MANOLO HAD RECEIVED HER LETTER BUT BECAUSE OF HIS MULTIPLE OCCUPATIONS IT HAD NOT BEEN POSSIBLE FOR HIM TO SEE HER; HOWEVER, HE HAD SENT HIM SO THAT HE WOULD HELP HER MAKE ARRANGEMENTS TO LEAVE THE COUNTRY AND THAT THE FOLLOWING

DAY HE WOULD GO T IMMIGRATION TO ARRANGE FOR HER DEPARTURE.

APPROXIMATELY 25 DAYS FROM THE FIRST LETTER, MARTA SENT A SECOND LETTER ADDRESSED TO THE MINISTRY OF INTERIOR IN WHICH SHE REQUESTED SHE BE ALLOWED TO KNOW WITHOUT ANY EVASION IF HER PROBLEM COULD BE SOLVED OR NOT. THE NEXT DAY MANOLO PINEIRO TELEPHONED HER AND SPOKE WITH HER FOR 45 MINUTES. DURING THE CONVERSATION, ALMOST AT THE END OF IT, HE ASKED, "AND YOUR BROTHER?" SHE REPLIED, "WHAT BROTHER?" AND THEN HE SAID, "MIGUEL WHO HAS BEEN VERY CALM LATELY." SHE REPLIED, WHAT ELSE COULD SHE DO. SHE HAD THREE CHILDREN AND HAD TO WORK HARD FOR THEIR SUPPORT. AT THE END OF THE CONVERSATION PINEIRO TOLD HER THAT HE WOULD SEND SOME FRIENDS TO SEE HER. THE NEXT DAY TWO MEN ARRIVED. ONE OF THEM USING THE NAME OF MENENDEZ SAID THAT HE KNEW ME AND THAT HE HAD A LETTER FROM A FRIEND TO SEND ME. USING THIS PRETEXT HE ASKED MARTA FOR AN OBJECT WHERE HE COULD INSERT A MESSAGE. MARTA SHOWED HIM SEVERAL THINGS AND HE CHOSE THE CROSS. AT THAT MOMENT HE TOLD HER THAT SHE WOULD BE LEAVING ON 11 APRIL AND THAT HE WOULD COME TO PICK HER UP SO THAT SHE WOULD SEE HER HUSBAND BEFORE SHE LEFT. 10 DAYS LATER HE RETURNED WITH THE CROSS AND TOLD HER WHERE THE MESSAGE WAS HIDDEN, THEN TOOK HER TO SEE HER HUSBAND AT LA CABANA.

MENENDEZ RECOMMENDED TO MARTA MAXIMUM DISCRETION EMPHASIZING THAT ONLY FIVE (5) PERSONS KNEW OF THE MESSAGE: MARTA, THEY TWO, PINEIRO, AND OF COURSE I WHO WOULD FIND OUT WHEN THE MESSAGE WAS DELIVERED TO ME AND THAT MY REACTION UPON RECEIVING IT COULD DEPEND ON THE SOLUTION OF MANY/FAMILIAR PROBLEMS OR PROBLEMS OF THE FAMILY/ THIS MENENDEZ WAS PRESENT WHEN MARTA CHECKED IN AT THE LAGUITO IN HAVANA AND

ALSO AT THE VARADERO AIRPORT WHEN MARTA LEFT FOR THE UNITED STATES. THEY ALSO DEMANDED THAT SHE DID NOT MENTION TO ANYONE OF THEIR CONVERSATION NOT EVEN WITH ANY MEMBER OF THE MINISTRY OF INTERIOR THAT IT WOULD NOT BE THEM.

THE INTERVIEWS TOOK PLACE IN MARTA'S HOUSE IN HAVANA.

MANOLO:

RECEIVED YOUR LETTER THRU MY SISTER MARTA AND MY ANSWER IS AS FOLLOWS: SINCE YOU GAINED THE POWER IN CUBA IT WAS MY DECISION TO FIGHT YOU; HAVING DONE SO FROM THE FIRST MOMENT NOT DUE TO POLITICAL OR ECONOMICAL AMBITION BUT TO THE IDEOLOGICAL DISCREPANCIES YOU WELL KNOW. I DO NOT KNOW IF YOU REMEMBER THAT IN THE YEAR 1956 WE SAW EACH OTHER AT THE CAFE WHICH BELONGS TO YOUR COUSIN IN AGUIAR AND OBRAPIA IN OLD HAVANA. THEN YOU TOLD ME THAT YOU WERE GOING TO THE SIERRA MAESTRA AND I TOLD YOU THAT I WAS LEAVING FOR THE UNITED STATES. FROM THAT TIME AND EVEN BEFORE THEN WE HAVE NOT FOLLOWED THE SAME IDEOLOGICAL LINES. I KNOW THAT I HAVE FAMILY AND VERY DEAR FRIENDS, SOME IMPRISONED AND OTHERS AT YOUR MERCY, IN MY COUNTRY, BUT THAT I KNEW FROM THE TIME I CLANDESTINELY LEFT CUBA. FOR THIS REASON I DO NOT BELIEVE THAT THE REALIZATION OF THESE FACTS COULD AFFECT YOU OR ME. IF THE SCALE IS IN YOUR (PL.) FAVOR AS THEY SAY AND IF AS YOU SAY YOU HAVE BEEN GENEROUS, I DO NOT BELIEVE THAT YOU ARE GOING TO CHANGE YOUR WAY OF ACTING FOR THE PLEASURE OF PUNISHING SOME ELDERLY AND POOR INDEFENSIVE PRISONERS. WITH REGARDS TO A CONVERSATION I HAVE NO OBJECTION IN HAVING ONE AT ALL IN ANY ONE OF THE TWO COUNTRIES YOU HAVE MENTIONED AS LONG AS YOU SEND ME THE MONEY FOR THE ROUND TRIP FARE TO THAT LOCATION AND, OF COURSE, WITH THE UNDERSTANDING THAT THE ONLY OBJECTIVE OF THE TRIP IS TO CONVERSE PREFERABLY WITH YOU MANOLO, SINCE WE BOTH KNOW EACH OTHER.

B. OPERATION IS OBVIOUSLY PROFESSIONAL INTEL JOB. STRIP FILM WELL DONE AND CRUCIFIX CONCEALMENT DEVICE EXCEPTIONALLY EFFECTIVE.

C. IN CIRCUMSTANCES, THIS PROFESSIONALISM APPEARS UNNECESSARY. LETTER FROM PINEIRO TO AMSTALK-1 (ON PAPER, NOT STRIP FILM) COULD HAVE EASILY BEEN GIVEN AMSTALK-1 COUSIN FOR DELIVERY AS REFUGEES ARE NOT BODILY SEARCHED AND CUBANS DOUBTLESS AWARE OF THIS. IN FACT LETTER COULD HAVE BEEN MAILED FROM HAVANA OR NEW YORK (AS HAVE BEEN OTHER RECRUITMENT LETTERS) THROUGH MAILING WOULD PERHAPS REDUCE BONA FIDES.

E. NO MENTION WAS MADE IN LETTER OF ADVANCING MONEY, OR REIMBURSING AMSTALK-1, FOR TRAVEL TO SPAIN OR CANADA.

F. ALL AVAILABLE INFO INDICATES AMSTALK-1 WELL KNOWN BY CUIS TO BE NOT ONLY WOFACT, BUT ALSO ADAMANTLY OPPOSED TO CASTRO REGIME, TO EXTENT CUIS WOULD NOT EXPECT HIM TO COOPERATE EVEN IF FAMILY INSIDE THREATENED.

2. ABOVE LEADS JMWAVE TO BELIEVE THAT PINEIRO, IN SETTING UP OP, FULLY EXPECTED AMSTALK-1 TO TURN MATTER OVER TO HIS WOFACT CASE OFFICER, WHO COULD EASILY READ STRIP FILM LETTER AND FOR WHOM USE OF STRIP FILM AND PROFESSIONAL CONCEALMENT DEVICE WOULD PROVIDE BONA FIDES THAT THIS ACTUALLY IS CUIS OP. IN SHORT, APPEARS TO STATION THAT PINEIRO FULLY EXPECTS, IF AMSTALK-1 MAKES MEETING REQUESTED, THAT IT WILL BE UNDER WOFACT SPONSORSHIP.

3. IF THIS TRUE, PURPOSE OF OP IS UNCLEAR. APPEARS DOUBTFUL THAT CUIS AIM IS TO KIDNAP OR OTHERWISE HARM AMSTALK-1; WOULD BE DIFFICULT TO DO IN CANADA OR SPAIN, AND HAVE NO REASON BELIEVE THEY CONSIDER AMSTALK-1 SUFFICIENTLY

1. Operational Activity:

A. During the period June-August 1966, AMSTALK/1 was instrumental in assisting in the preparation of the AMTRUNK Operational Team consisting of AMAKA/1, AMTRUNK/24, and AMTRUNK/25 for STEAMER IX and X, a two phase operation targetted at southern Matanzas and Havana. During the final planning stages, however, it was decided to omit for the present the portion of the operation directed at Havana, and AMTRUNK/7, a former AMTRUNK Team guide on operations in the northern Matanzas area, was rehired specifically for the exfiltration phase of the STEAMER IX and X Operation. AMSTALK/1 was responsible for convincing AMTRUNK/7 to rejoin his former team, and arranged the necessary cover details which would explain AMTRUNK/7's absence from the JMWAVE area during the operation.

B. During July 1966, AMSTALK/1 attended the majority of the three week communications instructors course, but as the result of the press of business in preparing for the STEAMER Operation, was unable to complete the course; it is believed, however, that AMSTALK/1 could perform as a qualified instructor even though he did not receive his "diploma".

C. A part of AMSTALK/1's contribution to the STEAMER Operation was the extensive and comprehensive debriefing of refugees to the JMWAVE area from the operational area. The information obtained from these reports was of value to the AMTRUNK Team in planning for the STEAMER Operation.

2. Operational Expenses:

Salary (June-August 1966 Gross)	$1,476.00
Mileage (June-August 1966)	383.00
TOTAL	$1,859.00

3. Intelligence Production:

AMSTALK/1 did not provide any disseminable reports during the period under review. He did, however, provide the Station with considerable operational information through his contacts in the local community, and through refugee leads provided by the Station.

4. Projected Plans:

STEAMER IX and X is planned for launching on 11 September 1966. AMSTALK/1 who has assisted in the planning phase, and who has provided the Station with the services of AMTRUNK/25 and AMTRUNK/7 will accompany the AMTRUNK Team during its travel to its infiltration point and during its return from its exfiltration point in order to provide on-the-spot guidance and support.

Subject: Iden A

AMSTALK/1 was interviewed and tested on 2 June 1966 at a safe site in the Miami area at the request of George H. RAMSKILL. The interview was conducted in English.

AMSTALK/1 is a Principal Agent of an infiltration team.

RESULTS

AMSTALK/1 is not cooperating in any way with the government of any country other than PBPRIME.

He has never done anything on purpose to cause a mission to fail.

He is not obligated to any of the Cuban exile organizations.

He does not discuss with or report to any unauthorized persons regarding his operational activities. He has not taken any unauthorized persons to a safehouse or a training site.

AMSTALK/1 was asked whether anything had ever happened on a mission which he did not report during his after-action debriefings. He replied in the negative and there was no indication of deception.

DETAILS

AMSTALK/1 stated that he was interested in the possibilities of going into private business in Costa Rica, but so far he had made no commitments. If and when he does he plans to give KUBARK the necessary notice.

EXAMINER'S NOTE:

While AMSTALK/1's charts during previous tests were unresolved, the charts of 2 June 1966 were readable and are considered valid.

1. During late 1962 while still a member of the AMICE organization, AMICE-14 received some informal para-military training from JMWAVE. The cryptonym was assigned to him at that time.

2. Subject resigned from AMICE in March 1963 at which time he became a fully-recruited asset of Station JMWAVE. Subject has been associated with the MHAPRON-oriented AMTRUNK (STEAMER) project as Team Leader and Principal Agent since his resignation from AMICE.

3. Since Subject's activities for the past three years have been totally unrelated to those of AMICE, it is requested that his cryptonym be changed to forestall any further possible confusion between his current duties and the activities of his former parent organization.

4. In anticipation of a favorable reply to this request, the cryptonym AMICE-14 will be cancelled effective 15 March 66 and the new cryptonym AMSTALK-1 assigned to the Subject of 201-307337 as of that date.

<8. Miguel Angel DIAZ Isalque: I showed P the letter from DIAZ to the PO Box 982 Coral Gables box; P said he did not know that address and had no idea how DIAZ might have got it. I told P it was a sensitive address which we did not want to have blown, asked him to contact DIAZ, ostensibly because KALBING (who long ago was having P prime DIAZ for a trip to Madrid, which never came off) had sent regards and an explanation of why the Madrid thing fell thru) P is to make no mention of the Coral Gables address or the letter, but assuming DIAZ will bring it up, to try to discover how DIAZ got that address, while also discovering what it is DIAZ had in mind when he wrote the letter. P thinks he has DIAZ' phone number, if necessary can use the ploy of having seen DIAZ' TV ad for his furniture store.>

SUBJECT: Contact Report on Miguel DIAZ Isalgue. (D)

1. (Background). (D) was an agent of ours during the early/mid 1960s and put his life on the line many times for us in different assignments. In c. Oct 1963, he was examined and approved by INS to become an american citizen. He paid the $25.00 court fee and expected to be called shortly thereafter for the Naturalization Court ceremony. To date, he has not been Naturalized and INS has refused -according to (D)- to satisfactorily explain the reason for this unusual delay. (D) asked us in c. February 1975 to help determine the cause for the INS delay. Hqs came back saying he should make one more attempt with INS before Hqs would check with their INS laison.)

2. On 21 and 27 March, I met with (D) and informed him of the Hqs suggestion that he check once again with INS. (D) informs me he went back to INS and has been given the same evasive/vague explanation: "Your case is under investigation. We'll call you when its finished." (Or words to that effect.)

3. (D) has extensive business relations in both Costa Rica and Venezuela. He desparately needs a US passport to travel freely.

4. As far as I know, (D) has been a loyal/daring agent who has always been ready to cooperate (and still does). If we possibly can -consistent with current policy- offer a hand to this man, at this time, we will be creating a great amount of goodwill with (D) God know we need to hang on to as many good and old friends as we can.

5. IF -for some reason- D's case with INS is murky, and he is ineligible to be an AMCIT, then we should know that, too.

6. Before beating this dead horse any further, let me sum up. If its a bureaucratic snafu by INS, lets help (D) If, on the other hand, INS has a legitimate case against (D), lets find out the details for the sake of our security.

(D)

7. I promised/to pass the word to our people up North and hopefully have some word on the status of his case soon.

12 February 1975

SUBJECT: Contact Report on Miquel DIAZ Isalgue.

1. Miquel was met for lunch at the Marriott Hotel on 12 February, to ascertain why he wanted to see me and how he came into possession of the sensitive Office accomodation address.

2. Getting hold of Miquel was difficult and had to be done in a round about way. I could not tip my hand and admit I had received his letter. I had to write to his home address and enclose a stamped, self addressed envelope to my new PO Box.

3. As always, our meeting was most pleasant and comfortable. Our association goes back many years and I have always had the greatest respect for his talents and motivation.

4. Miquel stated he had been trying to reach me and thought he could do it through:

H/ 0030'

Orlando SIMON Casas
1613 NW 14th Court
Ft. Lauderdale, Fla
tel: 763-1346.

Orlando worked inside for the Organization in the 1960s, had been imprisoned and finally released in c. 1970. I had debriefed him at that time and serviced some other requests he had to make to the Organization in subsequent months. Orlando's wife and Miquel's wife are related. Orlando's wife had been receiving Organization assistance while he was in prison and evidently received her funds through the reference PO Box. Miquel wanted to get in touch with me and asked Orlando if he had a way of communicating with the Organization. Orlando then supplied Miquel with the PO Box.

2

5. I did not press Miquel for any further details. I believe this answers most of our questions. I denied having received Miquel's letter and Miquel reasoned that it was "probably one of those old addresses which isn't in use anymore." I seconded his thoughts. I said I had been trying to get hold of him since Christmas to say hello, but he had changed his phone.

6. Miquel's interest in seeing me was for the following:

A. On 25 October 1973, he was interviewed by INS for his US citizen's application, was approved, and paid $25.00 at the US District Court in Miami. He has never again been called back. This is usually a routine, fast process.

RECORD COPY

B. Miguel has been to INS in Miami on several occasions to inquire re the delay in giving him (and his wife and daughter) their US citizenship. He has always been told that "nothing is wrong," and that he will be called soon. But over a year's wait is not normal and something must be wrong.

C. In view of Miguel's past relationship with us he wonders if this is holding up his citizenship. He asks us to inquire with the responsible authorities and let him know the present status of the case.

D. Would the Office please contact INS so we can assist Miguel in some way and find out why he has not been called to take his citizen's oath? Thanks in advance.

E. The details are:

Miguel DIAZ Isalgue A 11 264 049
Has US District Court receipt # 82427, dated Oct 25, 1973 for $25.00.

Wife: Fabiola Pura DE LA PORTILLA de DIAZ A 12 445 501
Has US District Court receipt under the name of Fabiola Pura DIAZ, # 82426, date 25 Oct 1973, for $ 25.00.

Daughter: Maria Rosa DIAZ A 12 445 502.

7. Operationally, Miguel is always ready and willing to cooperate and collaborate. When I was last asked to contact Miguel over a year ago he was asked if he would be available to re contact SLFOZ-1 in Madrid. Although his answer was in the affirmative, there was never any followup.

8. Miguel now has business ventures in both Costa Rica and Venezuela. He claims to have well placed friends in the Costa Rican government. He has recently began importing appliances into Venezuela. His contact there is:

2K 201-0756656
Antonio BUSTILLO (mit unknown) Caucasian male.
DPOB: c. 1934 in Guantanamo, Oriente, Cuba.

BUSTILLO is the "right hand man" of Venezuelan Minister, and confidant of Carlos Andres PEREZ: 201-0104034

Note!
Orlando GARCIA (mit unknown) Caucasian male.
DPOB: c. 1924 in Havana, Cuba.

9. Miguel led me to understand that he is available in whatever task we might need him. I have promised to pass this on to the Office. I have just scratched the surface not knowing

what interest, if any, the Office has. But, with the impending re-establishment of GOC diplomatic relations with both Costa Rica and Venezuela, Miguel might be useful to us in developing access agents to the new Cuban mission personnel, or any other assignment we might require along these lines. Please advise.

10. I promised Miguel that I would pass on his request to the Office and get back to him just as soon as I had some answer.

PS: For the record: Miguel is not looking for a job. He appears affluent and quite busy with his business ventures. But, I am almost certain he would contribute his services for the cause, if we need him, with complete dedication.

Henry S. PACHANKIS.

1. THROUGH QUEYE SURVEILLANCE IT WAS DETERMINED ON 16 OCTOBER THAT AMWOLF/1 LEFT THE CONSULATE ALONE AND WENT TO HIS APARTMENT. ON THE BASIS OF THIS ALERT, POSITIONED AMCHALK/5 NEAR GARAGE WHERE AMWOLF/1 PARKS HIS CAR.

2. AT 1656 HOURS 16 OCTOBER WHEN AMWOLF/1 LEFT THE GARAGE, AMCHALK/5 WAS ABLE TO STOP HIM HALF A BLOCK FROM HIS APARTMENT AND CARRIED ON A SIX MINUTE CONVERSATION. INITIALLY AMWOLF/1 WAS COLD, VISUALLY UPSET BUT LATER BECAME JOVIAL. AT FIRST INSISTED THAT AMCHALK/5 COME TO THE CONSULATE OR CALL HIM TO SET UP MEETING. HOWEVER, AMCHALK/5 INSISTED THEY TALK THEN AND AMWOLF/1 AGREED. AFTER AMCHALK/5 MADE THE PITCH, AMWOLF/1 REACTED BY SAYING "THESE 'JOHNIES' HAVE EVERYTHING AND NOW THEY REALLY STEPPED ON ME". AMWOLF/1 ENDED THE CONVERSATION BY AGAIN AKSING AMCHALK/5 TO COME TO CONSULATE OR CALL HIM SO THEY COULD HAVE ANOTHER TALK. AMWOLF/1 RETURNED TO THE CAR WHERE HIS WIFE WAS WAITING AND STARTED THE MOTOR AND THEN STOPPED AGAIN AND GOT OUT. HE THEN HAD AMCHALK/5 COME OVER AND INTRODUCED HIS

3. AMCHALK/5 COMMENTED TO CASE OFFICER THAT HE DID NOT THINK AMWOLF/1 WOULD CHANGE HIS POSITION NOW. AMCHALK/5 BELIEVES WE SHOULD WAIT A FEW DAYS BEFORE ATTEMPTING ANOTHER CONTACT EITHER BY ANOTHER MEETING OR TELEPHONE CALL. STATION AGREES WE SHOULD WAIT A FEW DAYS BUT THAT A TELEPHONE CALL SHOULD PRECEDE ANY MEETING. IF THE TELEPHONE CALL PRODUCES A CONTINUED NEGATIVE REACTION, WOULD NOT PROCEED WITH SECOND MEETING UNLESS HQS DESIRES CONTRARY. BELIEVE WE WILL GET SOME REACTION FROM QUTINID IN THE NEXT SEVERAL DAYS. ANOTHER FACTOR IS THAT AFTER THE ENCOUNTER, AMWOLF/1 WENT TO THE EMBASSY BUT DID NOT REMAIN. SURVEILLANCE WAS NOT ABLE TO LOCATE HIM AT THE CONSULATE.

SUBJECT : Meeting with AMCHALK-5

TIME AND PLACE: Miami, 3 and 4 OCTOBER

1. I met AMCHALK-5 at 1430 hours at the Rusty Pelican Restuarant. I told him we would like to have him travel immediately in order to arrive in Madrid by 9 October. AMCHALK-5 said he could make it with no problem. He wasn't sure his wife would be able to go on such short notice, but that didn't matter. I briefed him on the contact arrangements sent from Madrid and described WIBALDA to him. I told him WIBALDA'S name is "ROBERTO." AMCHALK-5 said he would make the 0930 hours contact on 10 October, but of course if something goes wrong that he will go to all the alternate meetings. He will be wearing a white sports jacket, white shirt, blue tie, blue slacks and black shoes.

2. I told AMCHALK-5 that WIBALDA would have the letter for AMGHOST-1 for him to take to the meeting, and I told him again not to use the letter unless his recruitment pitch had no results. If he does pass the letter, I suggested that he flex it to prove to AMWOLF-1 that it does not contain a bomb.

3. I told AMCHALK-5 that it looked good for a surprige contact with AMWOLF-1 on 10 October ~~and~~ because he would be going to lunch with a woman not connected with his office. AMCHALK-5 was pleased to hear this ~~was~~ because he feels he must make the contact unannounced for it to be effective. He said that if the October 10 contact was missed, there would probably be another luncheon the following week. AMCHALK-5 is willing to stay in Madrid as long as necessary.

4. AMCHALK-5 was sorry to hear that I won't be going to Madrid because he wants to be sure that he is given as much flexibility as possible, and not forced to handle the approach in a manner that he would not be comfortable with. I told him

file: AMCHALK-5

that WIBALDA understood the situation, and that I was sure it would all go well. AMCHALK-5 assured me that he has no intention of letting himself get into a physically dangerous situation during the contact.

5. If the contact is made next week, AMCHALK-5 will be back before ~~the~~ PACHANKIS is. I said we would want to debrief him in Miami and that either I would see him or PACHANKIS would. I said that if PACHANKIS talks to him, he can tell PACHANKIS the complete details of the operation unless I phoned him otherwise.

6. We arranged to meet again at 1900 hours when AMCHALK-5 would have his itinerary, and I could pass him the money he needed. AMCHALK-5 doesn't want to be paid for this job, but I insisted again that we would pay all his expenses, and I told him to save his hotel bill and other receipts. We met at 1900 hours at the Vizcaya bar and then drove around in AMCHALK-5's car. I passed him $1,500 for which he signed a receipt. AMCHALK-5 had gotten reservations and will leave Miami for New York on 7 October and then fly to Lisbon that same night. He will spend 8 and 9 October in Lisbon where he will rent a car and drive to Madrid, arriving in the evening on 9 October. He has reservations in the Agumar Hotel for 9 October, and he will make the first contact at 0930 hours on 10 October.

7. I wished AMCHALK-5 good luck. He is much more optemistic about his chances with AMWOLF-1 than I am, but it is good to work with a man with enthusiasm. Just in case AMCHALK-5 should be successful, we should be prepared to support him. I suggest that we cable Madrid telling them what and how much we are willing to offer should AMWOLF-1 be interested in defecting. I told AMCHALK-5 that he could promise asylum, but I did not tell him how much money he could offer as an inducement for either recruitment in place or defection.

MEMORANDUM FOR: Chief, WH/COG

FROM : Thomas P. Keogh, Jr.

SUBJECT : Proposal to Continue Attempt to Establish Channel/Dialogue With AMGHOST-1 (201-840126)

1. As a follow-up measure to our attempt to establish a channel to AMGHOST-1 by using AMGHOST-2 on 10 August in Montreal, I propose that we establish an operation with the same end; on this occasion, however, I propose that at this stage we use AMWOLF-1 as our secure channel to AMGHOST-1.

2. The dramatis personae in this operation are: (a) AMCHALK-5 (201-[illegible]), reliable, courageous asset who has been involved with and who knows AMGHOST-1; and (b) AMWOLF-1, Deputy Chief of Center, Cuban Intelligence Services (CUYS), Madrid.

3. Timing of this operation would be for that period in September in which AMCHALK-5 visits Europe.

4. The place for the meeting between AMCHALK-5 and ARAOZ would be in Madrid, Spain, at a place mutually convenient to both. The meeting would be established either by telephone or by personal contact.

5. The purpose of this operation is to establish a channel of communications/dialogue with AMGHOST-1.

6. This operation involves AMCHALK-5's passing of a sealed envelope with a message in it for AMWOLF-1's unopened transmittal to AMGHOST-1. AMCHALK-5's instructions would be to pass the sealed and unopened communication to AMWOLF-1. AMCHALK-5 would then tell AMWOLF-1 that the message must be transmitted directly without tampering or being opened to AMGHOST-1. AMCHALK-5 would add that AMGHOST-1 is waiting for this communication. (FYI: Director 148293, dated 10 June 1971, paragraph 2 noted "that AMWOLF-1 was contact man in DGI effort recruit AMCHALK-5 in June 1967.")

SECRET

7. The message to AMCHALK-5 follows:

M.

We arranged to meet "PUSHKIN" recently but you apparently called the meeting off. We can understand your hesitancy to meet with us in that place and at that time. We do, however, wish to meet with you anytime, any place of mutual agreement via any secure channel of your personal confidence. As you can see, in this instance, we have selected an officer whose loyalty to you is unquestioned. We intended to tell "PUSHKIN" of possible pitfalls in your path. We still wish you to know of these dangers. We realize that you are a true revolutionary in every sense of the word. We have no quarrel with you as a true revolutionary nor with the system that has established itself over the years. We will not countenance nor do we believe that you will countenance continued foreign intervention in your system wherein lies the major danger to your futre. We would also like to make you an offer which would be difficult for you to refuse. To contact one of our reliable officers concerning this opening of a two-way channel of communications, contact or have your selected man contact DIAZ in which you showed some interest in 1967 and he will then contact us. He will then relay the time and meeting date to us, and we will then open our dialogue using only trusted personnel.

Greetings,

L.

8. I believe that our chances for success in this operation are reasonably good for the following reasons: (a) AMCHALK-5 is sufficiently courageous to meet AMWOLF-1 in the Cuban Ambassador's office in Madrid, if necessary; (b) AMWOLF-1 is a trusted colleague and follower of AMGHOST-1. For this reason and in the belief that AMGHOST-1 was awaiting the message, he would find a way to deliver the message unopened to AMGHOST-1; (c) AMGHOST-1 from all available reporting, background material, SI traffic, we have reason to believe that AMGHOST-1 is not held in the confidence of the Soviets nor does he respect their presence in Cuba, a presence which can only be interpreted as promising difficulties for AMGHOST-1; and (d) Bona fides for the originator are contained in a copy of a letter from AMGHOST-2 to her relatives which she signs with the name "PUSHKIN."

SECRET

9. I request authorization to commence this operation immediately with appropriate alterations as required.

MEMORANDUM FOR: Chief, [illegible]

SUBJECT: Use of AMCHAIK/5 Against the DGI in a Counterintelligence Operation

1. The attached cables contain background information on a counterintelligence operation to be initiated in Montreal, Canada. Set forth below are several significant points, which have not been mentioned in the cable traffic. If these points have not been considered in the operational planning, then it is believed the overall risks are going to be far higher than planned.

Physical Danger to AMCHAIK/5 and His Relatives in Cuba

2. It is believed AMCHAIK/5 still has close relatives in Cuba. The DGI's first letter to AMCHAIK/5 in 1967 carried an implied threat to these relatives. The writer does not know what happened to the relatives after AMCHAIK/5 double crossed the DGI in the 1967 meeting. But they are surely going to be in jeopardy again if they are there, because the DGI, in the writer's opinion, will eventually discover this second double cross.

3. Furthermore, the DGI initiated an operation to assassinate AMCHAIK/1 who participated in Bolivia in the GUEVARA roll-up. The DGI just might consider AMCHAIK/5 as great an enemy as AMCHAIK/1.

4. It is my recollection that when ARACE and [illegible], the two DGI officers, met AMCHAIK/5 in Madrid, they were armed; moreover they clearly displayed their holsters to AMCHAIK/5.

AMCHAIK/5's Participation in Sensitive Operations

5. AMCHAIK/5 has been involved in Miami-based CIA Cuban operations since 1961. The AMCHAIK Project Outline

[illegible] [illegible] of him [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] operations, [illegible] [illegible] [illegible] [illegible]. He would be a real prime if [illegible] get him to date.

It is not known whether the SR Division, [illegible], or [illegible] have been consulted.

7. To the writer, on the basis on the information available, the risks in the operation appear to be unduly great for the operational objectives outlined. Futhermore, we are undoubtedly going to be immediately confronted with the problem of releasing information to the [illegible], because they undoubtedly are going to want to debrief him in full [illegible] knowledge of CIA.

SUBJECT - STATUS OF AMCHALK-5 CONTACT WITH CUIS

REFERENCE - UFAW-671, 1 DECEMBER 1969

ACTION REQUIRED - SEE PARAGRAPH 6

1. AMCHALK-5 HAS NOT BEEN RECONTACTED BY THE CUIS SINCE THE NOVEMBER 1969 MEETING REPORTED IN REFERENCE. IT WAS NOT ANTICIPATED THAT SUCH CONTACT WOULD BE MADE PRIOR TO LATE DECEMBER AND POSSIBLY NOT UNTIL JANUARY 1970, SINCE THE RELEASE OF FERNANDO ROJAS BY FIDEL CASTRO WAS A CONTINGENT FACTOR. AS FAR AS WE KNOW ROJAS HAS NOT YET BEEN RELEASED. THERE HAVE BEEN TWO RECENT DEVELOPMENTS HOWEVER WHICH MAY MEAN THE RELEASE IS IN PROCESS. ROJAS'S WIFE WHO LIVES IN MACON, GEORGIA, RECEIVED A LETTER WRITTEN BY ROJAS AND DATED 19 DECEMBER. ROJAS SAID IN HIS LETTER THAT HE HAD BEEN TRANSFERRED TO ANOTHER PRISON FROM LA CABANA AND THAT HE AND OTHER PRISONERS WERE DEALING WITH A DELEGATE FROM THE MINISTRY OF INTERIOR CONCERNING VISITS BY CLOSE RELATIVES IN EXILE. ALSO, ROJAS'S SISTER WHO IS STILL IN CUBA WROTE

downgrading and

TO HER AUNT IN THE UNITED STATES THAT SHE HAD SEEN ROJAS AND THAT HIS PHYSICAL APPEARANCE IS MUCH IMPROVED. SPECIFICALLY, SHE MENTIONED HIS BEING SUNTANNED. THIS MAY BE INDICATIVE THAT HE IS BEING READIED FOR RELEASE.

2. ALTHOUGH INSTRUCTED BY HIS CASE OFFICER TO DO SO, AMCHALK-5 HAS NOT YET PREPARED THE FIRST PART OF THAT HISTORY OF RVROCK ACTIVITY AGAINST CUBA WHICH WAS A TASK ASSIGNED BY HIS CUIS CONTACT IN CANADA. IN DISCUSSING THIS ON 12 FEBRUARY, AMCHALK-5 REITERATED HIS RELUCTANCE TO PREPARE SUCH A DOCUMENT AND SAID THAT WHILE HE WOULD BE WILLING TO WRITE THE PAPER FOR HIS CASE OFFICER, HE COULD NOT DO SO IF IN THE COURSE OF PREPARATION HE HAD IN MIND THAT IT WOULD BE PASSED TO THE CUIS. AMCHALK-5 CITED HIS PAST CLOSE RELATIONSHIPS WITH MANUEL PINEIRO AND PEPIN NARANJO AND SAID THAT ALTHOUGH HE WAS MUCH CLOSER TO THE LATTER, BOTH KNEW HIM WELL ENOUGH THAT THEY AND OTHERS WOULD REGARD ANY SUCH DOCUMENT WITH COMPLETE DISTRUST.

3. AMCHALK-5 SAID HE HAD REASSESSED THE ENTIRE MATTER OF HIS CUIS CONTACT AND HE NOW FEELS THE CUIS:

A) RESPONDED TO HIS INITIATION OF CONTACT OUT OF CURIOSITY,

B) IS NOT PRIMARILY INTERESTED IN

[illegible] CHANNEL [illegible] TO THE FREE WORLD;

C) WILL NOT GIVE CREDENCE TO ANY INTELLIGENCE INFORMATION OFFERED BY HIM, AND

D) MAY PROCEED WITH RELEASE ROJAS AND OTHERS JUST TO MAINTAIN CONTACT WITH HIM.

4. AMCHALK-5 REVIEWED THE TENOR OF HIS CONVERSATION WITH EDUARDO ARAOZ AND AGAIN MENTIONED HE HAD DEVELOPED GOOD RAPPORT WITH ARAOZ. AMCHALK-5 IS INCLINED TO BELIEVE HE CAN PURSUE THIS RELATIONSHIP POSSIBLY TO THE POINT OF EVENTUALLY DISAFFECTING ARAOZ. AMCHALK-5 RECALLED THAT IN THEIR CONVERSATION WHENEVER HE POINTED TO SOME OBVIOUS DIFFICULTY OR FAILING OF THE REGIME, ARAOZ CONSISTENTLY TIED HIS DEFENSE TO THE PREDICTED SUCCESS OF THE 1970 SUGAR HARVEST. AMCHALK-5 FEELS THAT THE FAILURE OF THE TEN MILLION TON CAMPAIGN WILL SERIOUSLY SHAKE ARAOZ'S FAITH IN CASTRO.

ARAOZ
201-840176

5. IT APPEARS THAT WHETHER OR NOT ROJAS IS FREED IN THE IMMEDIATE FUTURE, IF THERE IS NO ATTEMPT BY THE CUIS TO CONTACT AMCHALK-5 BY THE END OF FEBRUARY, AMCHALK-5 CAN SEND ANOTHER LETTER TO THE ACCOMMODATION ADDRESS INDICATING HIS WILLINGNESS TO MAKE ANOTHER MEETING. THE STATION FEELS THIS COURSE MAY BE NECESSARY TO ASSURE THE CASE KEEPS MOVING. IF ARAOZ MAKES THE NEXT MEETING WE OUGHT TO AT LEAST BE ABLE

TO DETERMINE WHETHER THE STATUS OF THE SUGAR HARVEST HAS MEASURABLY AFFECTED HIS FAITH IN CASTRO. IF ANCHALK-5 IS CORRECT IN HIS ASSESSMENT THAT THE CUIS IS INTERESTED IN KEEPING A CHANNEL OPENED, IT IS PARTICULARLY IMPORTANT THAT THE CASE BE KEPT ACTIVE NOW WHEN THERE MAY BE OTHER CUIS PERSONALITIES WHO MEASURE THEIR FAITH IN THE REGIME BY THE SUCCESS OR FAILURE OF THE "DIEZ MILLONES".

I doubt that
we should depend too
much on the failure
of the 10 in
affecting many
important people.

6. HEADQUARTERS COMMENTS AND SUGGESTIONS ON THE FOREGOING WOULD BE WELCOMED.

Dismissal of AMCHALK-5

ACTION REQUIRED - REFERENCES

Action Required: As indicated

References: A. WH/MIAMI 5683
B. UFGA-29702, 12 March 1968

1. AMCHALK-5 was advised on 17 October 1969 that his services with RVROCK had not been in sufficient demand to justify his retention on the payroll beyond 30 November 1969. Accordingly, on 31 October 1969 AMCHALK-5 executed a termination secrecy oath and quitclaim which are forwarded as separate cover attachments hereto. The agent was paid his salary through 30 November plus a bonus equivalent to one month's salary.

2. During the afternoon of 31 October 1969 and following the meeting that morning with AMCHALK-5 which was to have been the final meeting; AMCHALK-5 initiated contact with writer and advised that he had, upon returning to his office from the morning meeting, received a letter from Cuba. This letter was in response to one which he had sent to an old accommodation address. Reference A and subsequent correspondence describe the letter received by AMCHALK-5 and developments which followed. Although AMCHALK-5 was reimbursed for cost of his transportation to Canada and was paid per diem for the duration of his travel, he has collaborated with the Station since 30 November 1969 on a voluntary basis without compensation.

3. Since severance of AMCHALK-5 from the Station payroll had been imminent for some time and he was not being used operationally, no request was submitted for renewal or up-dating

Operations Against AMCHOST Representatives in Canada

Neil, — Best

Reference: A. UFAW 671, 1 December 1969
B. UFAW 673, 1 December 1969

1. After his return to Ottawa from Montreal for the AMCHALK/5 -AMCHOST meeting, KOLTHAN had a number of extended discussions with SHABOVE Headquarters' officers on the general subject of operations against AMCHOST in Montreal. They had one complaint about the AMCHALK/5 meeting that we believe is logical and warranted on their part. At our request they had more or less reserved the services of their two surveillance teams in Montreal to cover the AMCHALK/5 operation. This was based on our early request which in turn was based on the Headquarters' cabled request that SHABOVE give as much coverage as possible to the meeting. When it turned out that it would be impractical to cover the meeting at all with surveillance, SHABOVE felt that they had "reserved" their team for nothing. As you may know, SHABOVE was especially pressed during that period. The Grey Cup football game - an event that compares to our Rose Bowl - was scheduled for the following weekend and they expected trouble from militant separatists, etc. In other words, they were not too happy that we asked for support and then did not use it.

2. Looking back over various records, we find that this situation is not entirely new. We do, however, want to avoid this in the future. In future cases we will have to reach a firm decision on what we want SHABOVE to do for us well before we go to them and ask for support. Once this support is offered, then we should follow through and use it. If not, SHABOVE will soon stop offering to help us in this way. In order to get an operation such as this organized and presented to SHABOVE, we suggest that Headquarters make their views known well in advance. If a change is desired after the operation is launched, as happened in the case of the AMCHALK/5-AMCHOST meeting in Montreal, our liaison relationship with SHABOVE will surely suffer. We will watch this in the

future and if we believe there is a danger of this happening again we will have to turn the operation over.

3. On a more hopeful note the SMABOVE officers in Ottawa are enthusiastic about the possibilities of launching operations against the AMCHOST group in Montreal. [illegible] explained that [illegible] intended to screen assets in the Miami area for agent candidates that could somehow be of use in Montreal. They were especially interested in creating what they have termed the [illegible] opportunity for AMCHOST types in Montreal. This would involve our placing a "Judas Goat" agent in Montreal. This agent would be known to the AMCHOST representatives there as a person who could, if approached, aid them in defecting to WOLADY or SMADD. Our present idea is that the agent would not need to be in Montreal full time. Having a commercial office there and making periodic trips to check on it should be enough. In this way we would not have to turn the agent over to SMABOVE to handle. His contact with us could be via New York or Miami. We would, of course, have to keep SMABOVE completely informed on his travel in and out of Montreal and any contact that he had with AMCHOST would have to be explained to them. As you know there is considerable travel between Miami and Montreal especially in the winter months and a suitable cover for an agent to open an office there should not pose too great a problem. We have noticed that orange juice is imported from the Miami area in great quantities. Possibly a small office to do market research on this commodity could be used as a suitable cover. As it is now the AMCHOST representatives in Montreal would probably not know how to go about defecting. We recall that [illegible] had problems in this regard before he finally decided to make his move.

4. SMABOVE said that they would like to see a simple provocation against AMCHOST in Montreal. They suggested that we select an agent to go there and simply walk into their office, explain that he is not satisfied with his lot in Miami, and ask for help. We are not sure where this would get us but it does show that SMABOVE is willing to entertain more aggressive ideas than we have given them credit for in the past.

5. We have for some time been attempting to pull our files together to determine just what we have in terms of AMCHOST representation in the country. This has been difficult since our files are not in good order. For this reason we were glad to learn, while NOLTHAN was visiting Headquarters on 12 December 1969, that the Headquarters desk is doing a study of AMCHOST and other PBRUMEN officers in SMADD. When this is received we would like to put it into a form of a target notebook. We will give this to SMABOVE and let them add what they can. With this start we should be able to jointly keep it up to date and complete.

6. We appreciate the references and will pass SMABOVE the material that is of interest to them.

ACTION - FYI
REF - UFAW-671, 1 DECEMBER 1969

1. ON 26 NOVEMBER NEBECKER AND OTTAWA STATION CASE OFFICER NOLTHAM MET WITH SMABOVE OFFICERS DON BATSTONE AND NORMAN CYR OF THE MONTREAL COUNTER-SUBVERSIVE SECTION. THE PURPOSE OF THE MEETING ARRANGED BY NOLTHAM WAS TO BRIEF SMABOVE ON THE AMCHALK-5 OPERATION, DISCUSS THE CUBAN PROBLEM AS IT RELATED TO CANADA AND TO GENERAL ACQUAINT SMABOVE WITH WH/MIAMI INTERESTS. PRIOR TO MEETING WITH SMABOVE NEBECKER AND NOLTHAM AGREED THAT FRANKNESS WAS CALLED FOR AND THAT WITHIN SECURITY LIMITATIONS WE WOULD ATTEMPT TO ENGENDER INCREASED INTEREST ON THE PART OF SMABOVE FOR THE CUBAN TARGET.

2. THE OBVIOUS GOOD RAPPORT ESTABLISHED BY THE OTTAWA STATION HELPED IN ESTABLISHING A FREE AND EASY DISCUSSION. NEBECKER FULLY REVIEWED THE AMCHALK-5 CASE AND ALSO THE GENERAL PROBLEM OF WORKING AGAINST THE CUBAN TARGET EMPHASIZING OUR INTEREST IN INCREASED OPERATIONS AGAINST DGI PERSONNEL. WHILE THE SMABOVE OFFICERS EXHIBITED A GREAT DEAL OF INTEREST IT WAS APPARENT THEY HAD LITTLE KNOWLEDGE OF THE TARGET. THEY DID ASK

PROFESSIONALLY PERTINENT QUESTIONS AND IMPRESSED NEBECKER AS KNOWING THEIR BUSINESS. IN QUESTIONING THEM THEY RE-VEALED THAT SMABOVE HAD FORTY TO FIFTY MEN IN THEIR COUNTER-SUBVERSIVE SECTION IN MONTREAL BUT THAT ONLY TEN PERCENT OF THEIR EFFORT WAS DIRECTED AT THE CUBAN TARGET. THIS WAS STATED HESITATINGLY AND IT IS DOUBTED THAT THEY SPEND THAT MUCH TIME ON THE TARGET. THEY DID ADMIT CONCERN AND DID MENTION THEIR WORRY ABOUT CUBAN-QUEBEC NATIONALIST TIES. NO SPECIFICS OF THIS RELATIONSHIP WAS DISCUSSED. IT WAS APPARENT FROM THE OUTSET THAT THEY BOWED TO HEADQUARTERS IN OTTAWA IN DISCUSSING ANY OPERATIONS.

3. MR. CYR WAS CLEARLY THE PERSON MORE CONCERNED WITH THE CUBAN TARGET. HE TOOK WOLTHAM AND NEBECKER ON A TOUR OF CUBAN INSTALLATION SITES AND THE AREA WHICH ARROZ HAD EXPLORED IN PREPARATION FOR HIS MEETING WITH AMCHALK-5. HE LATER EXHIBITED A HIGH DEGREE OF FRIENDLINESS AND TOOK US TO SMABOVE HEADQUARTERS FOR CONTINUED DISCUSSIONS AND DRINKS. IT IS BELIEVED THAT THE MEETINGS WITH CYR IN PARTI-CULAR WERE PROFITABLE AND THAT RVROCK COULD GET FURTHER COOPERATION OF AN OPERATIONAL NATURE IF SMABOVE HEADQUARTERS WOULD OPEN THE WAY FOR JOINT OPERATIONS IN MONTREAL. SINCE MONTREAL HAS PROBABLY THE LARGEST CONCENTRATION OF CUBAN OFFICIALS IN THE WORLD OUTSIDE OF HAVANA THE FIELD IS RIPE.

4. NEBECKER TOLD WOLTHAM THAT UPON HIS RETURN TO MIAMI HE WOULD LOOK FOR MIAMI AGENTS OR ASSETS THAT HAS CONTACTS IN CANADA AND WOULD WORK TOWARD THE OBJECTIVE OF FURTHER INTERESTING SMABOVE IN THE TARGET - A MOST TEMPTING ONE. IT WAS SUGGESTED IN THE INTERIM THAT PERHAPS COS, [illegible] INTRODUCE THE SUBJECT ANEW WITH SMABOVE AND GET THEIR REACTION TO JOINT OPERATIONS AGAINST THE TARGET.

5. RE SMACT - NOLTHAM EXPLAINED TO NEBECKER THAT A CANADIAN FOREIGN INTELLIGENCE DID NOT EXIST AND THAT REPORTING OF HAVANA WAS UNDERTAKEN BY CANADIAN FOREIGN SERVICE OFFICERS. IT WAS AGREED THAT REQUIREMENTS WOULD BE SENT TO OTTAWA FOR DISCUSSION WITH SMACT.

6. NOLTHAM TOLD NEBECKER THAT THE NEWLY ARRIVED CEYLONESE AMBASSADOR TO OTTAWA WAS ALSO ACCREDITED TO CUBA AND THAT HE HAD COOPERATED IN THE PAST WITH KUBARK. WHILE THE STATION IN OTTAWA HAD NOT YET RECONTACTED THE AMBASSADOR THEY WERE PLANNING TO DO SO IN THE FUTURE. A BRIEF DISCUSSION WAS HELD ON THE POSSIBLE UTILIZATION OF THIS PERSON. NOLTHAM WAS REQUESTED TO KEEP CUBA IN MIND DURING THE FORTHCOMING MEETINGS WITH THE CEYLONESE AND PARTICULARLY ANY INFORMATION REGARDING HIS TRAVEL TO CUBA. HE WAS TOLD THAT WH/MIAMI WOULD LIKE TO MEET WITH HIM PRIOR TO ANY TRAVEL TO CUBA.

7. A COPY OF THIS MESSAGE AND THE REFERENCE IS BEING GIVEN TO THE CANADIAN DESK FOR TRANSMITTAL TO OTTAWA. WE WOULD LIKE TO THANK BOTH THE OTTAWA STATION AND SMABOVE FOR THEIR COOPERATION ON THE AMCHALK CASE. THE OTTAWA STATION IS AUTHORIZED TO PASS TO THE SMABOVES THE COMMENTS ON [illegible] REGARDING THE CUBAN SITUATION AND TELL THEM OF THE MODUS OPERANDI OF THE CONTACT. WE REQUEST HOWEVER THAT THE DETAILS REGARDING THE FREEING OF ROJAS AND FUTURE CONTACT ARRANGEMENTS NOT REPEAT NOT BE PASSED. IT IS BELIEVED THAT IT IS SUFFICIENT TO TELL THEM THAT THE DCI SAID THAT THE AMCHALK-5 OFFER OF COOPERATION WAS ACCEPTED CONDITIONED UPON APPROVAL OF HAVANA AND THAT HE WOULD BE CONTACTED SOMETIME AFTER CHRISTMAS.

SUBJ - RYBAT/TYPIC/AMCHALK - AMCHALK-5 MEETING WITH AMGHOST REPRESENTATIVE

ACTION - FYI

1. AMCHALK-5 WAS MET BY NEBECKER UNDER SECURE CONDITIONS IN NEW YORK CITY FROM 1800 TO 2230 ON 28 NOVEMBER FOLLOWING HIS MEETING WITH AN AMGHOST REPRESENTATIVE IN MONTREAL. THE FOLLOWING COVERS A-5'S NARRATIVE OF EVENTS. PREVIOUS CORRESPONDENCE COVERS THE PREPARATION FOR THE MEETING.

2. A-5 ARRIVED IN MONTREAL AS SCHEDULED AND PROCEEDED TO THE PLAZA MOTOR HOTEL AS INSTRUCTED BY CUIS LETTER. HE CONFIRMED RESERVATIONS UPON ARRIVAL AT MONTREAL AIRPORT. THE HOTEL WAS LOCATED IN A COMMERCIAL/RESIDENTIAL AREA REMOVED ABOUT FIFTEEN MINUTES DISTANCE FROM THE CENTER OF THE CITY. /THIS WAS CONFIRMED BY NEBECKER AND NOLTHAM./ ACCORDING TO A-5 NO SPANISH SPEAKERS APPEARED TO BE EMPLOYED BY THE HOTEL. FRENCH WAS DOMINANT LANGUAGE WITH LITTLE ENGLISH SPOKEN. A-5 CHECKED INTO THE HOTEL AT 1600 ON 24 NOVEMBER. AT 0645 ON 26 NOVEMBER HE WAS CALLED BY PERSON IDENTIFYING SELF AS FRIEND OF ALBERTO /SIGNER OF LETTER WHICH MADE CONTACT ARRANGEMENTS FOR MONTREAT/. CALLER IN CUBAN SPANISH SAID QUOTE CALLS ARE DIFFICULT TO MAKE. ALBERTO WILL CALL YOU BETWEEN SEVEN AND NINE UNQUOTE. AM OR PM WAS NOT SPECIFIED NOR DID A-5 HAVE THE OPPORTUNITY TO ASK. AT TWENTY FIVE MINUTES TO EIGHT THAT SAME EVENING 26 NOVEMBER ALBERTO

CALLED. HE SAID HE WAS AT THE HOTEL CAPRI /FOUR BLOCKS FROM THE HOTEL AT WHICH A-5 WAS STAYING AND AS IS KNOWN THE ALTERNATE LOCATION FOR A-5'S RESIDENCE IN MONTREAL AS RECEIVED IN THE LETTER OF INSTRUCTION./ ALBERTO INSISTED THAT A-5 MEET HIM AT THE BAR OF THE CAPRI AFTER A-5 ASKED HIM TO COME TO HIS HOTEL. THIS WAS IN KEEPING WITH THE INSTRUCTIONS GIVEN A-5 PRIOR TO HIS DEPARTURE FROM MIAMI TO ASSUME THE INITIATIVE. A-5 AFTER APPROPRIATE DELAYS ACQUIESCED. HE SAID THAT HE RECOGNIZED THE VOICE OF ALBERTO AS BEING THAT OF GUILLERMO WHOM AMGHOST-1 HAS SENT TO SPAIN FOR A MEETING WITH A-5 SEVERAL YEARS AGO. TWENTY MINUTES LATER A-5 ENTERED THE CAPRI BAR AND MET GUILLERMO /EDUARDO ARAOZ/. UPON ENTERING BAR WHICH WAS EMPTY EXCEPT FOR GUILLERMO HE NOTED ONE OTHER PERSON IN A CORNER BOOTH WATCHING HIM. THIS THROUGH A DEVICE HE LATER DISCOVERED TO BE ANOTHER CUIS OFFICER. THIS OFFICER HAD DARK THINNING HAIR COMBED TO SIDE AND APPEARED MORE ENGLISH OR AMERICAN LOOKING THAN CUBAN ACCORDING TO A-5. HE WAS OF MEDIUM HEIGHT AND BUILD AND CLEAN SHAVEN. THE FOLLOWING FOUR HOURS WERE SPENT WITH GUILLERMO ALONE ALTERNATING BETWEEN THE BAR, THE RESTAURANT AND A SMALL NITE CLUB IN THE CAPRI HOTEL. ENTIRE TAB PICKED UP BY A-5. GUILLERMO MADE NO OFFER TO PICK UP TAB AND JOKINGLY ON ONE OCCASION ALLUDED TO THE PROSPERITY OF THE BUSINESS OF A-5 IN MIAMI. SUSPICIONING THAT THE MAN IN THE BOOTH OF THE BAR WAS CUIS WHEN PASSING BACK THROUGH THE BAR FROM THE RESTAURANT ON THE WAY TO THE NITE CLUB A-5 SAID TO THE MAN IN SPANISH QUOTE YOU CAN GO TO DINNER NOW, YOU MUST BE HUNGRY AFTER YOUR LONG VIGILANCE. THE MAN APPARENTLY CAUGHT OFF GUARD ANSWERED SOMETHING RAPIDLY IN SPANISH AT WHICH TIME GUILLERMO BECAME FURIOUS AT THE MAN FOR FALLING

FOR THE PLOY OF A-5.

3. ACCORDING TO A-5 THE MEETING WITH GUILLERMO THROUGHOUT WAS FRANK AND FRIENDLY THOUGH RESERVED. EARLY IN THE MEETING GUILLERMO BLUNTLY QUERIED A-5 AS TO THE REASON HE HAD REQUESTED CONTACT. A-5 FOLLOWED THE SCENARIO AS PREVIOUSLY AGREED UPON IN MIAMI. HE CLEARLY EXPLAINED THAT CIRCUMSTANCES IN MIAMI AND FOR HIM PERSONALLY WERE MUCH DIFFERENT THAN WHEN THEY HAD MET IN SPAIN SEVERAL YEARS AGO. HE SAID THAT HE AND ALL HIS FRIENDS HAD BEEN TERMINATED BY [illegible], THAT HIS MOTHER WAS NOW DEAD AND THAT HE HAD PERSONALLY LOST HOPE THAT CUBA COULD BE LIBERATED. HE POINTED OUT HOWEVER THAT HE STILL OPPOSED FIDEL CASTRO AND NOW MERELY WANTED TO HELP NEGOTIATE THE RELEASE FROM PRISON OF HIS FRIENDS. GUILLERMO WAS NOT SURPRISED OR DISTURBED BY THIS APPROACH. GUILLERMO COUNTERED WITH THE STATEMENT THAT THE CUBAN REVOLUTION HAD SUCCEEDED AND THE ENTIRE MATTER OF RETAINING PRISONERS WAS UNDER CONSIDERATION IN HAVAN ANYWAY. AS CONVERSATION CONTINUED GUILLERMO SAID THAT WHILE HE NATURALLY WOULD HAVE TO DISCUSS THE OFFER OF COOPERATION OF A-5 WITH AMGHOST-1 HE FELT QUITE CERTAIN THAT THE RELEASE OF FERNANDO DE ROSAS PENICHE, A RELATIVE OF A-5'S COULD BE ARRANGED EITHER IMMEDIATELY BEFORE OR SHORTLY AFTER CHRISTMAS, BUT THAT THE RELEASE OF PERSONS SUCH AS COMANDANTE GUIN WAS NOT CONVENIENT AT THIS TIME. TO THIS AGAIN KEEPING WITH THE PREARRANGED SCENARIO A-5 SAID THAT FIDEL WAS AN INGRATE SINCE GUIN HAD GIVEN FIDEL MUCH HELP IN MEXICO PRIOR TO THE INITIATION OF ACTION AGAINST BATISTA. GUILLERMO REPEATEDLY BRISTLED WHEN FIDEL WAS ATTACKED. ONLY WHEN FIDEL WAS ATTACKED DID THE MEETING TAKE ON A LESS THAN FRIENDLY TONE.

4. TAKING THE INITIATIVE A-5 ASKED GUILLERMO WHY HE

HAD WAITED SO LONG TO ANSWER HIS LETTER SENT IN JULY. GUILLERMO PARRIED THIS QUERY BY ASKING A-5 WHY HE HAD NOT SENT THE RESPONSE CABLE TO HAVANA SOONER. A-5 SAID THAT HE HAD SENT THE REPLY AS SOON AS HE KNEW HE COULD TRAVEL TO MONTREAL SINCE THIS WAS HIS BUSY BUSINESS SEASON. GUILLERMO NEVER DID ANSWER WHY CUIS HAD DELAYED ANSWERING A-5'S LETTER. HOWEVER IN THE COURSE OF THE CONVERSATION GUILLERMO SHOWED A-5 HIS PASSPORT WHICH SHOWED THAT HE HAD ONLY RECEIVED A VISA FOR CANADA TWENTY FOUR HOURS PRIOR TO HIS TRAVEL TO CANADA. PASSPORT SHOWED ENTRY DATE OF 14 NOVEMBER. A-5 ASKED GUILLERMO IF AMGHOST-1 HAD SENT HIM. GUILLERMO REPLIED AFFIRMATIVELY AND SAID HOWEVER THAT THERE WAS ONE MAN WHICH HE DID NOT IDENTIFY BETWEEN HIMSELF AND AMGHOST-1. A-5 ASKED WHETHER GUILLERMO HAD EVER GIVEN THE PACKAGE WHICH HE HAD GIVEN HIM IN SPAIN TO AMGHOST-1. GUILLERMO AGAIN REPLIED AFFIRMATIVELY.

5. SINCE A-5 OFFERED TO COOPERATE REGARDING THE SUPPLY OF INFORMATION IN MIAMI WITHOUT IMPLICATING INDIVIDUALS, , THE CONVERSATION GRAVITATED TO THE CHE GUEVARA ADVENTURE IN BOLIVIA. GUILLERMO QUESTIONED A-5 REGARDING HIS KNOWLEDGE OF THE PARTICIPATING OF AMCHALK-1 IN THE ACTION AGAINST GUEVARA. A-5 TOLD GUILLERMO ONLY THAT HE HAD HEARD THAT AMCHALK-1 HAD PARTICIPATED IN THE OPERATION AGAINST GUEVARA BUT THAT THIS WAS COMMON KNOWLEDGE AMONGST MANY EXILES-- WHICH IS TRUE. GUILLERMO CONFIRMED THAT HE KNEW THIS TO BE THE CASE. IN ORDER TO WARM THE MEETING A-5 SAID THAT HE RESPECTED CHE AS A DEDICATED MAN DESPITE HIS DISAGREEMENT WITH HIS PHILOSOPHY AND ACTIONS. GUILLERMO SAID THAT HE KNEW THAT CHE HAD BEEN MURDERED BY BOLIVIANS AND THAT NO AMERICANS OR CUBAN EXILES HAD ACTUALLY PARTICIPATED IN THE

EXECUTION. ALONG THIS LINE GUILLERMO SAID THAT THE CUBAN GOVERNMENT HAD NO INCLINATION TO ASSASSINATE OR PHYSICALLY INJURE ANYONE SINCE THEY NO LONGER NEEDED TO ENGAGE IN THIS TYPE OF ACTION AND THAT A-5 NEED NOT FEAR ANY ATTEMPT ON HIM OR HIS FAMILY. GUILLERMO SAID THAT THE GREAT PREOCCUPATION OF THE CUBAN GOVERNMENT WAS ECONOMIC. IN THIS CONNECTION GUILLERMO SAID THAT THE CANADIANS WERE GREAT FRIENDS OF CUBA AND HAD HELPED AND WOULD CONTINUE TO HELP THEM. NO ELABORATION WAS MADE AS TO HOW THE CANADIANS WERE DOING THIS AND IN PURSUIT OF HIS MISSION A-5 DID NOT PROBE. GUILLERMO DID SAY THAT THE CUBANS HAD ABOUT FORTY-FIVE PEOPLE IN MONTREAL ALONE.

6. GUILLERMO SAID THAT THE CUBAN GOVERNMENT HAD CONSIDERABLE KNOWLEDGE OF THE ACTIVITIES OF CUBAN EXILES AND QUERIED A-5 TO HIS KNOWLEDGE OF MANUEL VILLAFANA WHO THEY KNEW TO BE IN COLOMBIA, PEDRO DIAZ TORRES IN MIAMI /DIAZ WAS INFIL GUIDE INTO NORTH MATANZAS/, PEPIN NARANJO AND OTTO GINER. GUILLERMO WAS PARTICULARLY INTERESTED IN WHAT GINER WAS DOING IN SOUTH AMERICA PRIOR TO HIS DEATH IN AN AIR CRASH. A-5 ANSWERED THAT HE THOUGHT HE WAS MIXED UP IN NARCOTICS TRAFFIC. REGARDING THE OTHERS HE SAID HE WOULD ATTEMPT TO FIND OUT ABOUT THEIR ACTIVITIES. THE ONLY IMMEDIATE TASK GIVEN A-5 WAS TO PROVIDE CUIS WITH A HISTORY OF KUBARK ACTIVITIES AGAINST CUBA FROM 1959 TO THE PRESENT. GUILLERMO SAID HE WANTED IT IN FOUR PARTS, 1959-61, 1961-63, 1963-65, 1966 TO PRESENT. A-5 REPLIED HE WOULD ATTEMPT THIS BUT IN KEEPING WITH SCENARIO HE WOULD NOT IMPLICATE INDIVIDUALS AND THAT HE WOULD NOT PROVIDE ANYTHING IF THE CUBANS DID NOT SHOW GOOD WILL AND MEET HIS DEMANDS. HE ALSO SAID THAT UPON THE RELEASE OF ROJAS HE WOULD CERTAINLY BE WILLING TO TALK AGAIN.

7. GUILLERMO INVITED A-5 TO CUBA SAYING HIS OLD

FRIENDS WOULD LIKE TO SEE HIM AND THEY WOULD WELCOME HIM, THAT HE HAD LEFT CUBA TOO SOON AND THAT HE WOULD BE PROUD OF HIS COUNTRYMEN IF HE WOULD RETURN AND SEE THE PROGRESS MADE. A-5 THEN SAID THAT ACCORDING TO INFORMATION AVAILABLE TO HIM THE ECONOMY WAS IN SHAMBLES AND PEOPLE WERE STARVING. GUILLERMO ALLOWED AS HOW THEY DID HAVE PROBLEMS BUT WAS NO HUNGER. CHILDREN /INCLUDING HIS OWN WERE VERY WELL FED/ AND THAT A REAL SPIRIT OF DEDICATION EXISTED IN THE COUNTRY. GUILLERMO SAID HE WAS RETURNING TO CUBA SOON AND WOULD THEN GO TO CUT CANE. GUILLERMO SUGGESTED THAT IF A-5 WOULD LIKE TO SEE CUBA RAMON DONESTEVEZ OF MIAMI OR OTHERS COULD EASILY BRING HIM TO THE ISLAND. HE ASSURED A-5 HE WOULD BE ALLOWED TO LEAVE AT WILL. HE ADDED THAT WHILE THE CUBAN GOVERNMENT COULD CARE LESS ABOUT RELATIONS WITH THE UNITED STATES THEY WERE NOT INTERESTED IN EXACERBATING TENSIONS SINCE THEIR GREAT PREOCCUPATION WAS THE SUGAR HARVEST. GUILLERMO SPOKE HIGHLY OF PRESIDENT NIXON AS A STATESMAN, INDICATING THIS WAS A WIDELY HELD VIEWPOINT. ONLY ONE THREAT WAS MADE DURING THE MEETING AND THAT WAS THAT ANY ATTEMPTS AGAINST CUBA BETWEEN NOW AND JUNE WOULD BE DEALT WITH HARSHLY. A-5 UNCLEAR AS TO THE REASON FOR THIS STATEMENT BUT SPECULATES THAT CUBAN GOVERNMENT WILL SPARE NO EFFORTS TO REACH THEIR ULTIMATE IN PRODUCTION.

6. REGARDING SECURITY GUILLERMO SAID THAT HE HAD WALKED EIGHT KILOMETERS THE DAY OF THE MEETING INORDER TO DETERMINE SURVEILLANCE SINCE HE BELIEVED THAT HE HAD BEEN WATCHED SHORTLY AFTER HIS ARRIVAL. HE FELT CONFIDENT THAT HE NOW WAS NOT BEING WATCHES. ACTUALLY THE SMABOVES TOLD NEBECKER AND NOLTHAM THAT HE WAS NOT. GUILLERMO OFFERED TO SEND A GIRL WITH A BOX OF CUBAN CIGARS TO THE HOTEL OF A-5. A-5

DECLINED SAYING THAT HE WANTED THE RELATIONSHIP WITH CUIS TO BE HELD AS TIGHTLY AS POSSIBLE AND THAT IT WAS POSSIBLE THAT THE CANADIANS MIGHT HAVE THE CUBANS IN MONTREAL PENETRATED. GUILLERMO SCOFFED AT THIS AND AGAIN SAID THE CANADIANS WERE FRIENDS. A-5 RETURNED TO HIS HOTEL WAS NOT FURTHER CONTACTED AND DEPARTED FOR NEW YORK CITY AT 1520 27 NOVEMBER IN PREPARATION FOR MEETING WITH NEBECKER. HE WAS TOLD THAT NO FURTHER CONTACT WOULD BE MADE WITH HIM UNTIL CUIS HAD HEARD FROM HIM USING THE CHANNEL ESTABLISHED THROUGH THE LETTER FROM BRONX. A-5 WAS INSTRUCTED TO WRITE TO THE HAVANA ADDRESS TO WHICH HE SENT CABLE ACKNOWLEDGING MEETING IN MONTREAL. A-5 SUGGESTED THAT THEY MIGHT HOLD NEXT MEETING IN MEXICO BUT THIS WAS IMMEDIATELY RULED OUT BY GUILLERMO CITING THE DIFFICULTIES CAUSED BY THE LIZAGA CASE. HE ALSO RULED OUT SPAIN BECAUSE HE SAID HE WAS KNOWN THERE. KINGSTON WAS CHOSEN AS THE NEXT MEETING PLACE. A-5 TOLD GUILLERMO THAT DUE TO PRESS OF BUSINESS HE COULD NOT MEET IN KINGSTON BEFORE CHRISTMAS BUT DEPENDING ON THE RELEASE OF ROJAS HY WOULD WRITE WHEN HE COULD MAKE THE MEETING AND THEN AWAIT INSTRUCTIONS.

9. A-5 CALLED NEBECKER FROM MONTREAL AIRPORT AND MEETING TOOK PLACE NEXT NITE IN NEW YORK. A-5 TOOK EXCEPTIONAL PRECAUTIONS IN GOING TO MEETING SITE. HE HAD BONA FIDE REASON FOR GOING TO NEW YORK I.E. VISIT RELATIVES. WILL SEND SEPARATE MESSAGE RE MEETING WITH SMABOVES.

10. INTEND TO REVIEW ENTIRE MEETING WITH A-5 DURING NEXT CONTACT IN MIAMI ON 10 DECEMBER, IN ORDER TO DOUBLE CHECK HIS MEMORY AND DETERMINE ANY INCONSISTENCIES.

A. POSSIBILITY OF DGI REVENGE AGAINST AMCHALK-5, HIS FAMILY, AND FRIENDS BOTH IN CUBA AND US.

B. POSSIBILITY THAT OPERATION WOULD JEOPARDIZE ANY FUTURE CONTACT BETWEEN RVROCK AND OFFICIAL CUBANS ABROAD, AS CUBANS NATURALLY WOULD REGARD ALL FUTURE CONTACT AS POSSIBLE PROVOCATIONS.

C. CUBANS WOULD PROBABLY MAKE PUBLIC PROTEST TO CANADIAN GOV SAYING ALL WAS RVROCK PLOT TO DAMAGE CUBAN-CANADIAN RELATIONS. COULD FURTHER MENTION THIS SECOND CASE, FIRST BEING LISAGA CASE IN WHICH CUBANS MAY SAY WE ALSO TRIED TO DAMAGE CUBAN-MEXICAN RELATIONS. CUBA MIGHT REINFORCE ITS CASE BY MENTIONING AMCHALK-5'S TRUE NAME AND WHAT CUBAN GOVERNMENT KNOWS OF HIS ACTIVITIES ON BEHALF RVROCK.

3. MONTREAL UNDER ORDINARY CIRCUMSTANCES IS A RATHER EXPLOSIVE PLACE. THIS WEEK IT WILL BE MORE THAN EVER AS THE TOWN PREPARES TO RECEIVE THE BOISTEROUS FANS FOR THE BIG GREY CUP GAME ON SATURDAY. THE TOWN WILL BE LOADED WITH FREE-WHEELING DRUNKS AND FRANKLY WILL BE THE IDEAL TIME TO PULL A KIDNAPPING WHICH COULD BE CARRIED OFF EASILY. SMABOVE IN MONTREAL BEING MOST COOPERATIVE BUT UNABLE TO DO ANYTHING UNLESS WE PROVIDE MEETING PLACE BEFORE HAND. AS OTTAWA 6728 POINTS OUT MEETING PLACE MIGHT WELL BE NOTRE DAME DE GRACE PARK.

4. AS HEADQUARTERS AWARE WE HAVE A LOT RIDING ON THIS SO-CALLED OPERATION. NOT ONLY POSSIBLE THREAT TO AMCHALK/5 BUT A MATTER OF OUR RELATIONSHIP WITH SMABOVE. IF THIS "JOINT OPS" GOES SOUR IT WILL BE BECAUSE OF OUR SHORTCOMINGS AND PERHAPS RUIN FOREVER OUR CHANCES FOR ANY FUTURE VENTURES. IN OTHER WORDS RYROCK PROFESSIONALISM, AT LEAST IN THE EYES OF THE SMABOVES, IS AT STAKE. THEREFORE, I WOULD RATHER ABORT THAN PROCEED ON A HOPE AND PRAYER. WH Comment: Ref A says that Hqs desires that Nebecker initiate contact with AMCHALK-5 and that AMCHALK-5 should not make meeting with DGI without surveillance by SMABOVE. Ref B says that NOLTHAM, Ottawa Station Officer, will contact AMCHALK-5 at his hotel in Montreal to try delay operation. It adds that NOLTHAM and NEBECKER (DCOS WH/Miami) will consult with SMABOVE to assure coverage of meeting. Ref C requests no contact between NOLTHAM and AMCHALK-5 for fear that operation would be exposed to DGI. Ref D requests that operation proceed only if protective coverage can be given to AMCHALK-5-DGI meeting and that NEBECKER initiate contact with AMCHALK-5 upon arrival Montreal.

MEMORANDUM FOR: Chief, CI/[illegible]

SUBJECT: AMCHALK/5 -- Use Against the DGI in a Counterintelligence Operation

1. The attached cables contain background information on a counterintelligence operation to be initiated in Montreal, Canada. Set forth below are several significant points, which have not been mentioned in the cable traffic. If these points have not been considered in the operational planning, then it is believed the overall risks are going to be far higher than planned.

Physical Danger to AMCHALK/5 and His Relatives in Cuba

2. It is believed AMCHALK/5 still has close relatives in Cuba. The DGI's first letter to AMCHALK/5 in 1967 carried an implied threat to these relatives. The writer does not know what happened to the relatives after AMCHALK/5 double crossed the DGI in the 1967 meeting. But they are surely going to be in jeopardy again if they are there, because the DGI, in the writer's opinion, will eventually discover this second double cross.

3. Furthermore, the DGI initiated an operation to assassinate AMCHALK/1 who participated in Bolivia in the GUEVARA roll-up. The DGI just might consider AMCHALK/5 as great an enemy as AMCHALK/1.

4. It is my recollection that when [illegible] and [illegible], the two DGI officers, met AMCHALK/5 in Madrid, they were armed; moreover they clearly displayed their holsters to AMCHALK/5.

AMCHALK/5's Participation in Sensitive Operations

5. AMCHALK/5 has been involved in Miami-based CIA Cuban operations since 1961. The AMCHALK Project Outline

states, "Although [illegible] of his experience prior to 1966 was in the [illegible] field, [illegible] has received a wide variety of training and he was [illegible] into [illegible] indicated roles [illegible] time." One such [illegible] role was in [illegible] he went to Buenos Aires and assisted the [illegible] a sensitive [illegible] audio operation [illegible]. [illegible]K/5's knowledge of CIA-connected [illegible], operations, modus operandi, and equipment [illegible] tremendous. He would be a real prize if [illegible] get him to Cuba.

[illegible]tion

6. [illegible] this operation involves our Canadian liaison [illegible] possible threat of violence, it is suggested that the [illegible] be checked out the [illegible]/OCG. It appears [illegible] Division may have some equities in [illegible]K/5's case and use against, the DGI because of his involvement in the KUDTOP/Buenos Aires operation. It is not know whether the [illegible] Division, [illegible]/OPS/[illegible], or [illegible]/4/Argentina have been consulted.

7. [illegible] the writer, on the basis on the information available, the risks in the operation appear to be unduly great re the operational objectives outlined. Futhermore, we are undoubtedly going to be immediately confronted with a problem of releasing information to the [illegible], because they undoubtedly are going to want to debrief him in full on his knowledge of CIA.

1. THE OBJECTIVES OF THE AMCHALK/5 MEETING WITH DGI OFFICERS IN MONTREAL, AS OUTLINED IN REF, ARE WORTHY AND CERTAINLY WARRANT THE OPERATION. WOULD, HOWEVER, LIKE POINT OUT ANOTHER OPTION THAT APPEARS OPERATIONALLY WORTHWHILE. SUGGEST HQS AND WH/MIAMI CONSIDER WITH KNOWLEDGE OTTAWA NOT IN POSSESSION ALL FACTS OF CASE AND CAN NOT DETERMINE USEFULNESS THIS SUGGESTION TO OVERALL PBRUMEN PROGRAM.

2. BELIEVE STAGE SET FOR GOC TO PNG A PBRUMEN OFFICER IN MONTREAL. THIS APPARENT FROM STATEMENTS ALLUDING TO CUBAN SUPPORT OF SUBVERSIVES AND MILITANT SEPARATISTS IN QUEBEC BY HIGH GOC OFFICIALS AND IN FACT BY CHIEF/SMABOVE HIMSELF. THESE STATEMENTS WERE CARRIED IN PRESS AS APPARENT ATTEMPT BY GOC TO THROW BLAME FROM MONTREAL RIOTS ON OUTSIDE INFLUENCES. WE BELIEVE THAT SMABET WOULD AGREE USE AMCHALK/5 MEETING AS REASON FOR PNG ACTION AND GIVE IT HIGH DEGREE PUBLICITY. UNTIL MORE EXPLORATION DONE, WE COULD NOT SAY HOW MUCH

AMCHALK-5 EAGER TO UNDERTAKE EFFORT TO EITHER (A) MAKE SELF ATTRACTIVE TO DGI FOR DOUBLE AGENT PURPOSES OR (B) PARTICIPATE IN POSSIBLE OPERATIONS FOR RECRUITMENT AND DEFECTION OF DGI PERSONNEL DEPENDENT UPON HOW MEETINGS GO IN MONTREAL.

2. FOLLOWING IS EXPLANATION WHICH AMCHALK-5 WILL PROVIDE DGI OFFICER AS EXCUSE FOR REINITIATION OF CONTACT, I.E. THAT HE TOTALLY DISILLUSIONED WITH ACTIONS OF U.S. GOVERNMENT VIS-A-VIS CUBA, THAT THE U.S. GOVERNMENT, AS IS WELL KNOWN IN THE MIAMI AREA, HAS TERMINATED ALL OF ITS MILITANT ACTION CAPABILITY AGAINST CUBA, AND THAT HE HIMSELF HAS BEEN DEFINITIVELY TERMINATED. THIS WILL BE MOST PLAUSIBLE TO DGI SINCE THEY UNDOUBTEDLY AWARE OF TALK IN EXILE COMMUNITY OF MASS TERMINATIONS. THIS IS A MOST PLAUSIBLE STORY SINCE DISILLUSIONMENT IS COMMON AMONG FORMER MILITANT EMPLOYEES OF RVROCK. WE PRESUME THAT THE SEQUENCE OF EVENTS WILL BE THAT THE DGI OFFICER MEETING AMCHALK-5 WILL THEN CONVEY THIS MESSAGE TO HIS HEADQUARTERS. SUBJECT Serafin PINEIRO Losada, aka "Fifo"
Transmittal of Correspondence

ACTION REQUIRED - REFERENCES

Attached for the information of addressees are copies of a letter purportedly written by Serafin Pineiro Losada to Argelio Martinez del Toro, former mayor of Matanzas now resident in Miami. The original letter has been returned to AMCHALK-5. Most of the letter seems devoted to complaint that Serafin has been unjustly accused of being a member of the G-2. Of interest is the writer's reference to the death of "Pepito" (probably Jose Pineiro Losada, 201-735948) some three years ago.

5. AMCHALK-5 may also be terminated within this fiscal year. He has managed to develop a successful, full-time business and is only slightly involved in operational activity. We are holding off on his termination because of the potentially interesting operational situation discussed in paragraph 12 of reference. AMCHALK-5 thinks the black marketeers referred to may be on the verge of another trip to Miami. It might be interesting from the JMROD standpoint to "piggyback" that channel and send in an incriminating package to a JMROD target. AMCHALK-5 as the source of the package is already well identified through the AMGHOST operation as affiliated with BVROCK. There are the two possibilities that the couriers themselves would open the package, inspect the contents and turn the whole package over to the DSE or that they would deliver it unopened to the target. In the latter case the target might either turn it over to the DSE, destroy it, or make use of the contents for his own benefit. Content of the package would of course have to be tailored to the target but it might purport to be an agent re-supply cache. Many possible avenues would have to be explored; for the moment we would appreciate consideration of the proposal by the Desk and JMROD staff. One of the first items to be resolved is whether or not there is an inherent "blow-back" feature of the situation which could cause too much embarrassment if exposed to press play. Specifically, is there a case for an allegation that BVROCK was using the international organization with which the "couriers" are affiliated for "subversive" purposes? The answer to that question probably lies somewhere in between what the contents of the package consists of and to what lengths the Cubans would be willing to go to "burn" the "loyal comrade" couriers.

Disposition of Unused Airline Ticket

ACTION REQUIRED - REFERENCES

References: A. DIRECTOR 64936

Attached is a letter received from Pan American World Airways in response to one written by AMCHALK-5 in an unsuccessful attempt to secure a refund on the unused portion of an airline ticket. Although Pan American avers that the ticket has no value the fact remains that a person could use it to fly from Miami to New York during the period of validity (expiring 20 April 1969). The Station will hold the ticket until expiration in event that an opportunity arises where it can be used by an individual performing official travel.

Answer to WH/Miami 3326 which was prompted by PARIS 7580

1. When AMBEDEW-1 was working for the counter revolutionary section, he became acquainted with the case of the penetration of Miguel Diaz Isalgue's group.

2. In this operation, the Cuban DGI collaborator who acted as principal agent was Marta Gonzalez, authoress of Bajo Parola. She came to the United States as an exile in 1963 (more or less) and lived in Miami. She was handled by "Bolo" Martinez, Cuban DGI Case Officer in the United Nations who would see Marta in New York and Miami.

3. Marta recruited two agents (at least), one of whom was a woman. He did not recall the sex of the other. She had an "infinity" of contacts in Miami and sent detailed reports to Habana on exile organizations and intra-mural exile politics. He does remember that Marta was living in the house of the woman she recruited. She used to send reports on Varona and Rey. Her mission was to penetrate Alpha 66.

4. AMBEDEW-1 remembers from reports that he read that:

Marta Gonzalez knew the places where the reception team would meet infiltrators of Isalgue's group.

Marta Gonzalez knew the names of fishermen who were members of the reception team.

Marta Gonzalez knew that Isalgue's mother's house was used as a "casa de contacto" and that Comandante Guin was recruited by Isalgue in the mother's house.

5. Can Miami supply a list of names of people close to Isalgue to see if AMBEDEW-1 can recall the agents names. AMBEDEW-1 thinks there is a good chance that they are still in place even though he has no info.

6. Marta Gonzalez is now back in Habana. She left the country via Mexico and in Mexico was helped by a Foreign Relations employee named "Flores" who was about 58 years old. The Center in Mexico was

FILE MIAMI

considering trying to recruit "Flores" using Gonzales. Gonzales returned to Habana in 1964-65.

In 1966, a sensational case involving Gonzales was the talk of the day in DGI Headquarters. Gonzales recruited a Spanish diplomat. Evidentally, the DGI tried to push the diplomat a little bit further than the diplomat wanted. The Latter got mad and refused to cooperate. (It appears that the DGI uses the words "agents" and "Recruit" loosely).

I asked AMBEDEW-1 if Marta used her sexual prowess for the sake of the cause. He said she had an added advantage, she is bi-sexual.

More on Isalgue. He has one sister in Habana, a woman named Sara. The DGI suspects her of being recruited by Isalgue even though AMBEDEW-1 could not substantiate this other than to say that she was the only brother or sister of Isalgue still in Cuba. Sara is very close to Fidel and the DGI would not dare approach Fidel with its suspicions without being able to substantiate their accusations. Fidel would blow up. The DGI has to be very careful when it approaches Fidel. Sara recently wrote a report on Microclima (?) which interested Fidel.

1. Attached please find the following (we have marked each in accordance with our lettering):

A. Two plugs which were actually cut off of the REDTOP air-conditioners by José CASTAGNA. You will note that one of these plugs is fused together to a local adaptor. This adaptor is the type utilized by the local FJSTEALERS on those air-conditioners which still have original plugs.

B. A locally produced plug which is utilized by the FJSTEALERS to replace the original plugs (A above). This locally produced plug (B) was actually taken by AMSTALK-1 from José CASTAGNA's workshop.

C. A locally produced plug which, though slightly larger than (B) above, can be placed on the target air-conditioners.

2. In accordance with Reference B, we hope Headquarters can install an audio device in either of the above three plugs or plug/adaptor units.

1. WE WILL PROCURE (UNILATERALLY) AND POUCH SAMPLES LOCAL PLUGS AND ADAPTERS. WILL ALSO OBTAIN (VIA AMSTALK-1 WITHOUT ALERTING CASTAGNA) DETAILED DATA AS TO LENGTH OF CORD. HOWEVER WISH REPEAT: AIR CONDITIONERS ARE ONLY IN USE 3 OR 4 MONTHS OF YEAR. THUS, ASSUMING UNIT WILL REMAIN PLUGGED IN ALTHOUGH NOT IN USE (WHICH WE BELIEVE TO BE CASE) WE COULD RECEIVE 8 OR 9 MONTHS OF TAKE PER YEAR WHICH WOULD CERTAINLY SATISFY US AT THIS TIME.

2. SINCE GIMMICKED PLUG RESTRICTED TO UNILATERAL USE, CONVINCED WE CAN INSTALL IT WITHOUT CASTAGNA KNOWLEDGE.

3. ON OTHER HAND, AS PARTIAL SOP TO BIOGENESIS, IS THERE ANY SECURE BUT LESS SOPHISTICATED RELEASABLE DEVICE WHICH COULD BE INSTALLED IN AN AIR CONDITIONER UNIT WHICH TO BE UTILIZED BY EITHER TRADE MISSION OR POSADAS? ASSUMING HQS CAN COME UP WITH SUCH A DEVICE, WE WOULD INFORM BIOGENESIS OF INSTALLATION

1. INTERNATIONAL CRITICISM OF CHILEAN JUNTA AND MORE RECENTLY OF BKHERALD HAVE BEEN ORCHESTRATED TO DRAMATIC PROPORTIONS. HQS BELIEVES EFFECTIVE EXPLOITATION OF GENERAL PINOCHET'S OFFER TO EXCHANGE A NUMBER OF POLITICAL PRISONERS FOR AN EQUAL NUMBER OF SOVIET AND/OR CUBAN PRISONERS IS OPPORTUNITY TO BLUNT HOSTILE PROPAGANDA. IF THE USSR AND CHILE CAN BE LUMPED TOGETHER IN POPULAR MIND AS EACH HAVING POLITICAL PRISONERS, THE SITUATION CAN BE EXPLOITED TO DIVERT SOME OF ATTENTION FROM JUNTA'S SUPPOSED MISDEEDS TO SOVIET HANDLING OF POLITICAL PRISONERS. A REPORT FROM A SENSITIVE SOURCE INDICATES THAT THE SOVIETS AND CUBANS ARE CONCERNED OVER THE PRESSURES THAT COUBLD DEVELOP FROM THE OFFER. Y

THE EXCHANGE OFFER HAS ASPECTS THAT WOULD BE ATTRACTIVE TO NUMEROUS GROUPS IN EUROPE BUT THERE HAS BEEN LITTLE REACTION, PROBABLY BECAUSE OF CHILE'S EXTREME UNPOPULARITY AND THE LACK OF BOTH A NEUTRAL SPONSOR AND SUFFICIENT PUBLICITY. LEFTISTS OF NUMEROUS SHADES INCLUDING THE BERTRAND RUSSELL GROUPS SHOULD ALSO FAVOR THE RELEASE OF THESE PRISONERS, YET BE LESS TROUBLED BY THE DISCOMFITURE OF THE SOVIETS AND CUBANS. SECOND, THE OFFER IS AN OPPORTUNITY FOR GROUPS LIKE AMNESTY INTERNATIONAL TO BRING DIRECT PRESSURE ON THE USSR TO RELEASE SOME PROMINENT INTELLECTUAL PRISONERS. FINALLY, THE OFFER SHOULD ATTRACT SOME HUMANITARIAN SUPPORT FROM THOSE WHO FAVOR RELEASE OF ALL POLITICAL PRISONERS ON PRINCIPLE. IN FACT, PROPERLY DEVELOPED, THE EXCHANGE IS POTENTIALLY ATTRACTIVE TO ALMOST THE ENTIRE POLITICAL SPECTRUM.

5. IN TAKING THE EXAGGERATED POSITION IT HAS ON THE REVELTIONS, EL MERCURIO HAS LEFT ITSELF VULNERABLE TO BEING EMBARRASSED AND CONTRADICTED BY STATEMENTS (SUCH AS THE PRESIDENT'S) THAT ARE MORE ACCURATE PRESENTATIONS OF WHAT WENT ON IN CHILE PRE-COUP. EL MERCURIO MAY WELL HAVE TAKNE THIS POSITION BECAUSE, BESIDES THEIR RIGHT-WING VIEWS, THE CURRENT MANAGEMENT IS GENUINELY IGNORANT OF THE FUNDING THAT TOOK PLACE WHEN FUBRIG-2 WAS RUNNING THE SHOW. FUBRIG-2 WHO SCHEDULED TO RETURN TO CHILE 18 SEPTEMBER, HAS TOLD COS THAT NO ONE CURRENTLY AT EL MERCURIO KNOWS OF FUNDING. EVEN CURRENT MINISTER OF ECONOMY LENIZ DOES NOT KNOW DETAILS BUT HAD SUSPICION ABOUT INFUSION OF FUNDS THAT TOOK PLACE IN U.P. ERA. WE WILL ATTEMPT TO MONITOR INTERNAL EL MERCURIO REACTION THROUGH FUBRIG-2.

PROBLEMS AND PROSPECTS FOR THE COMMUNICATIONS MEDIA IN ALLENDE'S CHILE

For Psych Pol

HIGHLIGHTS

-- Since President Allende's electoral victory in 1970, the Government propaganda apparatus has mounted a coordinated campaign against the opposition communications media focusing on the prestigious El Mercurio newspaper chain and key opposition radios. The long-range goal is to create conditions that will insure Government control over the media so that an emasculated opposition will operate intuitively and through self-censorship within an approved framework.

-- The opposition radio stations bear the brunt of an array of legal and illegal devices designed to intimidate them. These devices include the threat of violence, favoritism in the distribution of essential Government advertising revenue, temporary closures, and Government-fomented strikes.

-- Chile's national television -- the only country-wide channel -- has become an important propaganda instrument for the Government. But it is being challenged by a Catholic University channel which is attempting to expand its service beyond the Santiago area.

-- A major confrontation between the Government and the opposition, lasting more than a year, has taken place at the Papelera, Chile's only important private newsprint producer, with the company supported by the opposition media stymying repeated Government efforts to take over the firm. The paper company claims that Government price policies have brought it close to bankruptcy.

-- Despite officially-sanctioned harassment, the opposition media have continued to function, taking advantage of the fluid political situation currently prevailing in Chile, and have become increasingly effective in exploiting the Government's economic failures and the growing dissension within the ruling Marxist coalition.

-- Nevertheless, the opposition's economic base that sustains its media is being slowly undermined as the Government expands its control over the Chilean economy. Many opposition media are reportedly already in difficult financial straits. The Chilean Communist Party, seeking to strengthen its voice in the March 1973 Congressional elections, has already purchased five beleaguered radio stations (one a former opposition station) in southern Chile.

III. THE ALLENDE PROCESS - HOW THE MEDIA ARE TREATED

Allende's treatment of the opposition media and his utilization of the pro-Government media offer revealing insights into the unique claim that Chile will carry out a Socialist revolution within the framework of traditional bourgeois and democratic institutions without social cost.

Any Chilean government possesses wide powers that can be employed to control and intimidate media opponents given sufficient will power and cynicism to do so, despite the fact that media freedoms in Chile are twice-guaranteed, both in the 1925 constitution and in a statute of constitutional guarantees agreed to by Allende's Popular Unity coalition and the Christian Democrats (PDC) as a condition for PDC support for Allende in the congressional run-off held subsequent to the Presidential election in September 1970.

What are some of these powers? Any Chilean executive under provisions of the State Internal Security Law may establish emergency zones by decree headed by military commanders empowering the State to enforce news censorship and to restrict access to newsprint supplies. A law on publicity abuses empowers the government to petition the courts to suspend access to news and information. (Laws on the books that pose potential threats to freedom of radio information are more severe and more frequently utilized. See Section III. B. Radio.) Furthermore, through the judicious parceling out of advertising from State and autonomous State firms any government can discriminate against opposition media by denying or restricting this key source of revenue.

Unlike predecessor governments which utilized existing laws and accepted practices to reward political associates and benefit business partners, the Allende Government has consistently and frequently applied these measures to harass, to intimidate, and to undermine the morale of political and class opponents in the media. These tactics are applied throughout the country.

A basic organizational technique for the UP coalition has been the establishment of UP committees (CUP -- Comité de Unidad Popular) -- composed of newsmen who are militant members of parties belonging to the Government coalition or independent supporters of UP policies -- in newspapers, radios, magazines, and in journalistic bodies. The CUP's have been most active at the union level: demanding exorbitant wage increases, insisting that UP employees be given the right to express their opinion on editorial pages, disrupting legitimate union meetings, forming rump unions, and leaking internal company data to the leftist press and to the Government.

The goal of certain Unidad Popular militants regarding freedom of the press was most explicitly and revealingly stated by the organizing committee for a conference of leftist journalists which was held in Santiago in April 1971. The committee issued the following statement prior to the conference:

> ...we believe that we must fight for true freedom of the press, which will only be possible when there is true economic independence. We maintain that Chile will have true freedom of the press only when the means of mass communication are part of the area of social property, that is, (when they) belong to all Chileans. The press, radio, television, and the theater must be tools at the service of liberation and culture of our people and not a private business, an ideological battering ram of the national and foreign minority (the capitalists) as is presently the case.[7] (underlining added)

Another statement said "the mission of journalists is to support and defend the People's Government (the UP) together with all the workers." The declaration also underlined the support of UP newsmen for "Viet-Nam, Cuba, and all the people that are building Socialism," and threw a bouquet at Cuba's Prensa Latina agency for its "objective" reporting of the Chilean phenomenon. Allende himself lent legitimacy to the mission of UP journalists in a speech kicking off the conference when he stated that "committed" newsmen must act as the "vanguard" of the revolution by "elevating the political level of the people." Reiterating a theme expressed on many other occasions, Allende asserted that his Government would respect freedom of information while at the same time he lamented his Government's "excessive tolerance" for the opposition media.

A. Press

In the key Santiago metropolitan area, there are five major opposition daily newspapers and one important neutral daily, La Tercera de la Hora.

TABLE 2. MAJOR OPPOSITION AND NEUTRAL DAILY NEWSPAPERS

Title	Estimated Circulation	Political Orientation
El Mercurio	160,000	Independent, conservative
Las Noticias Ultimas	120,000	Part of the Mercurio chain
La Prensa	25,000	Christian Democratic (PDC)
La Segunda	60,000	Part of the Mercurio chain
La Tribuna	25,000	National Party (PN) interests
La Tercera de la Hora	190,000	Independent

A favorite target of the Government and its propaganda apparatus has been the conservative, independent daily El Mercurio, dean of the Chilean press and chief representative of the largest and most influential newspaper chain in the country. Tarred regularly as "pro-U.S." and as a "gringo newspaper written in Spanish" -- potent accusations in Chile -- El Mercurio has borne the brunt of every conceivable kind of pressure short of outright seizure.

On numerous occasions the paper has been implicated along with other opposition media in alleged seditious plots carried out in concert with foreign (i.e., U.S.) interests to overthrow the Government. Advertisers have been "requested" not to do business with the Mercurio chain,[8] which has been accused of foreign exchange irregularities by tax authorities, by Government supporters on the paper's own staff, and by Allende himself at public rallies. Allende, too, periodically reacts to critical Mercurio editorials with charges that Chile and the Presidential office have been "insulted," that the Mercurio chain indulges in "libertinism unprecedented in Chilean journalistic history."

and that the chain is "faithful to its tradition of infamy." The Government propaganda apparatus follows suit.

The PDC organ La Prensa and the National Party tabloid La Tribuna are secondary targets for the UP propaganda apparatus because their circulation is limited. Pressures employed against these dailies are aimed generally at the political parties behind them in contrast to the Mercurio chain where pressures are intended as a warning signal to the "free" media as an institution.

Independent La Tercera receives distinct treatment. The Government exerts minimal pressures on the paper in return for favorable editorial treatment of Allende policies (see Section VI. A. The Opposition Media Reaction). This tactic has paid dividends for Allende and for Tercera's owner, Germán Pico Cañas. Allende obtains favorable publicity in a mass-circulation paper that maintains comparative objectivity in its news columns, thus lending credence to Allende's claims that he will respect traditional Chilean freedoms while making the transition to Socialism. Freed from the need for the strident partisanship so characteristic of the rest of the press, Tercera steadily builds its circulation with a public seeking some relief from the verbal civil war. As a result Pico, who has been head of the Chilean newspaper association, has defended the Allende Government's press policies in international forums. The understanding with the Government, however, is an uneasy one; Tercera is not sufficiently malleable for the Socialist Party, the principal party in the Government coalition.[9]

B. Radio

Radio continues to be the most important medium of communication in Chile. The latest available figures compiled by the World Radio-TV Handbook give Chile a total of 137 stations, including 29 in the capital city, Santiago (See Table 3). The number of receivers is estimated at 3 million, or one for every third person. In a country 2,600 miles long radio's strategic importance is understood by both Government and opposition. The Government has resorted to a variety of devices designed to intimidate opposition radio stations: requests by Allende advisers that opposition stations hire designated leftist commentators; threats of violence; favoritism in the distribution of needed government advertising revenues; temporary closures; and strikes fomented by CUP committees.

TABLE 3. IMPORTANT RADIO STATIONS

Station	Political Orientation
Radio Agricultura	National Party (PN)
Radio Balmaceda	Christian Democratic (PDC)
Radio Cooperativa	PDC with PN elements
Radio Corporación	Socialist Party
Radio IEM	University of Chile station controlled by Marxists
Radio Luis Recabarren	Chilean labor federation (CUT) station; Communist-controlled (See Note No. 10)
Radio Magallanes	Communist Party
Radio Minería	Independent with PDC and PN elements.
Radio Pacifico	Radical Party (UP)
Radio Portales	Socialist Party
Radio Santiago	Catholic Church interests
Radio UTE	State Technical University station controlled by Communists

Partial blame for leftist infiltration of Chilean stations must rest with "bourgeois" radio owners. Long before Allende became president the Chilean businessmen and politicians who owned radio stations made it a practice to hire leftist commentators because they believed that leftists were superior professionals and helped to increase listenership. When the UP came to power it tapped an existing source of manpower.

In addition, the Government frequently utilized existing regulations to gain its ends. Radio concessions are granted by a Government entity (Servicios Electricos) attached to the Interior Ministry. The same entity can cancel or transfer such concessions.[10] Regulations promulgated during World War II state that "In case of internal disturbance, catastrophe or war radio stations are subject to the rules, control, and censorship that the Government may adopt." Under this type of emergency regulation, all radio stations were placed under an obligatory Government network -- not an unusual practice for the Allende Government -- when a modified martial law was decreed in 21 of Chile's 25 provinces during the October-

November 1972 truck drivers strike (See Note No. 18). Another regulation decrees that stations must interrupt their transmissions whenever the Interior Minister judges it to be necessary in the interest of the internal security of the State. Still another regulation authorizes the Central Bank to control the importation of equipment and spare parts for radio, television, and the press.

The Government moved quickly after the 1970 presidential election to obtain control of key stations. The Socialist Party gained control of Radio Portales, Chile's most popular station, and purchased Radio Corporación from El Mercurio (Portales has subsequently slipped in popularity). The Communist Party purchased Magallenes, an important Santiago station. The Communist Party recently also purchased Radio Simón Bolívar (formerly pro-opposition) in Concepción (as well as four other stations in southern Chile in preparation for the Congressional elections in March 1973). The rightist National Party daily La Tribuna quoted the former owner as saying that "the age of privately-owned mass media (in Chile) is over" with only the Government, strong economic consortiums, and the most powerful political parties capable of sustaining media operations. La Tribuna says the Communist Party is now the most powerful (single) broadcaster in southern Chile.

PDC-oriented Radios Balmaceda and Cooperativa, however, have to date successfully resisted Government enticements and pressures (see Section VI. A. The Opposition Media Reaction). Balmaceda -- a radio station which over the years had earned a reputation for objective newscasts -- has been the number one target of the UP in the radio field. It has suffered more temporary closures than any radio facility. The station was shut down, for example, 17 hours in June 1971 for broadcasting an alleged "alarmist" report during the State of Emergency decreed after the assassination of Perez Zujovic, a former interior minister in the Frei Government. At the same time a UP station, Portales, received nothing more than an admonition for transmitting "alarmist" news more acceptable to UP propagandists. During the August-September 1971 period Radio Balmaceda was shut down on three separate occasions under similar pretexts (see Note No. 10).

In radio as in the press the Government has used CUP committees to formulate exaggerated wage demands, to ferment strikes, and to form rump unions. CUP unions at Radio Pacifico, for example, forced the owner to sell out to a cooperative formed by employees when wage demands could not be met. The radio station subsequently was purchased by the Radical Party -- a member of the UP coalition.

The principal Government weapon, however, is its control over public service advertising, which traditionally has provided the bulk of revenues for Chilean radio stations. The Government has dangled the prospect of advertisements in return for favorable news treatment, but the bait has not been picked up by the major opposition radios which recognize that their independence is at stake. The economic squeeze makes the future of Chilean independent radios appear bleak.

C. Television

Since its inception in Chile in 1962, television has made great strides, but the medium still lags behind radio, especially in the provinces where technical conditions for viewing are poor. According to the best estimates available, there are 350,000 sets in Santiago and a total of 500,000 sets in the country. Chile is served by the following television channels: 1) A national network with some 21 outlets throughout the country; 2) the Catholic University channel in Santiago; 3) a separate Catholic University channel in Valparaíso; and 4) the University of Chile channel in Santiago.

The Government clearly recognizes television's importance as a propaganda vehicle, and under the direction of an Allende confidante, newsman Augusto Olivares (Socialist and a suspected member of the ultra-left MIR -- Movement of the Revolutionary Left), it has transformed Chile's only nationwide television channel into an outright political instrument of the Government coalition. Slanted commentaries favoring UP policies, character assassinations intended to smear political and class opponents, and a steady drumfire of Socialist propaganda in news and cultural programming became standard fare.

At the same time network authorities made it difficult under a variety of pretexts for opposition spokesmen to air their views in contravention of the State television statute. For example, the authorities frequently obliged all television channels and radios to carry official statements and denied opposition spokesmen equal time, resorting to the legal fiction that the official statements were transmitted voluntarily.

A popular political chat show "A Tres Bandas," in which opposition representatives freely debated UP representatives (the only such show carried nationally), was cancelled in August 1972 after two years of UP agitation against it. The Government defended the step by alleging that the program had poor listenership and by pointing to a ruling granting all political parties equal time to express their views on twice-weekly 20-minute slots. The original chat show format provided several hours of open-ended and frequent face-to-face confrontation, usually embarrassing to the Government.

The University of Chile station has consistently asserted the Marxist line since its inception, but the two remaining university channels have successfully fought Government control to date (See Section VI. C. University Confrontation and Television Freedoms). None of the university channels, however, is national in scope.

D. Magazines and Book Publishing

Early in 1971 the Government purchased the plant and equipment of the PDC-controlled Zig-Zag publishing empire -- one of the most modern in Latin America. The GOC announced the purchase after prolonged negotiations, provoked originally by the excessive demands of a Communist-led union. Under the terms of the accord the Government purchased Zig-Zag's plant and equipment, the company's national line of comics, and several magazines while Zig-Zag retained several mass-circulation magazines (Ercilla and Vea being the most important) under a two-year contract with the Chilean Treasury. The Zig-Zag infrastructure formed the basis for the newly-established Government-owned Quimantu National Publishing Enterprise. The accord with Zig-Zag has been scrupulously observed to date.

Quimantu quickly began turning out magazines, comic books, and textbooks pushing UP policies. Comic books like Firme were designed for mass consumption and aimed at adults with low cultural levels, while others like Ramona were aimed at the teen-age market. Cabrochico, another comic book, was geared to pre-teens. The format of some Quimantu products closely resembled competing Zig-Zag products. The weekly Ahora, for example, was designed to compete with Ercilla. After eight months Ahora collapsed, rejected in the market place by Chileans who were turned off by heavy-handed political propaganda.

E. Films

The Government's film production company, Chile Films, became the UP's principal propaganda arm in the film field. Rival Chilean private producers went out of business, squeezed by rising production costs and discriminatory tax and exchange rate treatment that denied them needed equipment and spare parts from abroad. Chile Films signed a comprehensive exchange accord in March 1971 with the Cuban Cinematographic Institute (ICAIC) (See Section V. C. Exchange of Persons, Visitors, and Exchange Agreements).

Chile Films also initiated agreements with the experimental film institute (leftist) at the University of Chile, the film institute at the Communist-dominated State Technical University (UTE), the Government information office, the film department of the Communist-dominated CUT (Central Unica de Trajabadores -- the major labor organization), the national television network, and the University of Chile television station. The stated purpose of the accords was to "develop the new Chilean film industry."

Its products are intended to glorify the roles of workers, peasants, and students in the march to Chilean-style Socialism, romanticize the proletarian role of the Chilean Communist and Socialist Parties, and attack the "bourgeoisie" and their "imperialist" allies. Despite an intense publicity buildup, however, few films actually appeared in the 1970-72 period. Most of the films that were produced appeared to be pieced together from newsreel film taken during the Allende presidential campaign or from post-election political rallies.

The Government's delay in making public the results of June 1972 elections for top posts in the Communist-dominated CUT labor federation also damaged Government credibility. The opposition media scored heavily in a barrage of charges of irregularities and vote fraud with a public that takes justified price in clean elections.

B. The Papelera Confrontation

The Compañía Manufacturera de Papeles Y Cartones (known as the Papelera), Chile's major private producer of newsprint, became another propaganda battleground cast by the opposition in terms of "freedom versus Marxist totalitarianism.".

In October 1971, the Government, carrying out a long-standing pledge, announced that CORFO (the Government Development Corporation) had opened negotiations to buy out the Papelera through the purchase of its stock. The opposition media immediately launched a campaign to warn the public that the free press would be crippled if newsprint distribution were placed at the mercy of Government suppliers. At the same time, the opposition media pleaded with private shareholders to refuse to sell to the Government. In addition, a "freedom fund" was created enabling private persons to buy up Papelera shares to prevent the company from falling into Government hands.

For several months pro- and anti-Government media carried out daily an intensive propaganda battle in advertisements, news stories, and editorials. Both sides resorted to the familiar numbers game: the pro-Allende media claimed that the Government was besieged by willing shareholders eager to sell out; the opposition asserted that shareholders were resisting temptation. Government propagandists argued that newsprint production was essential to the State and must be controlled by the State; the opposition said Papelera must remain in private hands as a patriotic duty.

Thwarted to date in its attempt to buy out Papelera shareholders, the Government has not hesitated to use other measures -- price controls, labor-induced production shortages, and strong-arm tactics -- to prevent the delivery of raw material to the plant. The Government press also circulated rumors that Jorge Alessandri (former President of Chile and a leading shareholder and board chairman of the Papelera) had made a deal with Allende to give the Government control over the Papelera to weaken the will of private shareholders and their supporters. That the Papelera still withstands these combined pressures a year later is a tribute to a determined defense of the firm by an opposition Congress, to the loyalty of the bulk of the Papelera employees, and to an aroused and alerted opposition media.

The battle for control of the Papelera will continue and the odds are not good for the company. Repeated requests for price increases sufficient to absorb cost increases -- forced on the firm in part by Government economic policies -- were not met, and the firm declared in September 1972 that it could not meet loan payments due to the Inter-American Development Bank (IDB). Finally, in December 1972 the Government authorized new price increases averaging 45 per cent, which were, however, inapplicable to the price of newsprint. The Papelera gains some breathing space but Government pressures on the company are certain to continue. The price increase itself may be viewed as a form of pressure.

The battle has spilled over into the halls of the Chilean Congress. Partly to protect the Papelera's independent status, the PDC sponsored a "three areas" constitutional amendment designed to give Congress some control over which businesses can be incorporated as social property by the Government. (The Papelera is one of the firms appearing on the Government's original list of 91 firms to be absorbed by the Government as social property.) The amendment -- still a bitter bone of contention between the Government and the opposition -- would, among other points, declare null and void CORFO's attempted purchase of Papelera stock in the absence of Congressional approval.[13]

C. University Confrontation and Television Freedoms

Growing opposition confidence fed by an election victory at the University of Chile in April 1972 and by stiffening opposition attitudes at Santiago's Catholic University had important spill-over effects in television programming at two channels run by Catholic University. Increasing opposition effectiveness even raised the possibility that the Marxist-controlled University of Chile channel for the first time in its existence might be obliged to inject some objectivity into its output.

Incumbent University of Chile Rector Edgardo Boeninger, an independent with Christian Democratic sympathies, gained 51.9 per cent of the vote for rector in April against three other contenders representing the UP coalition and leftist splinter groups, including the MIR. An independent-PDC state also gained control of the previously Marxist-controlled Superior Normative Council. The victory was billed by the opposition media as another victory for democracy and pluralism over Marxist totalitarianism.[14] In the process Rector Boeninger became a hero of the opposition media and a symbol of "democratic" defiance of Government efforts to impose its will on an independent university. The opposition's rallying cry became "Defend a democratic and pluralist university." Translated into media terms it became "We want a democratic and pluralistic university TV channel."

Rallying behind that slogan, opposition supporters at the two Catholic Universities (Santiago and Valparaíso) began to ease out leftist influence in the news departments of the two university channels. UP supporters, however, remain at the technician level at the Santiago channel and can be expected to create problems for their opponents. Opposition authorities who now control the channel are proceeding cautiously against them.

A more significant indication of UP long-range attitudes toward television freedoms has been the Government's persistent refusal to permit university television stations to extend their networks throughout Chile. In September 1972, President Allende blocked the opposition's most recent attempt to obtain legislative sanction for such an extension by vetoing selected items in a PDC-introduced bill. The Government claimed that its own bill -- pending before Congress and allowing universities to establish stations only within the territory in which the seat of each university is located -- would create a national network for all recognized universities on an "equal and non-discriminatory" basis. What the Government did not say was that the bill if passed would preserve the State Network's position as the only single channel that can be viewed by a national television audience. Presumably the Government bill also would permit the Communist-dominated State Technical University to operate a television station in Santiago in competition with Santiago's Catholic University channel which, according to available public opinion surveys, is viewed by approximately 69 per cent of the capital's audience.[15]

In subsequent developments the Catholic University at Santiago as nevertheless extended its television service to the Concepción etropolitan area, third most important in Chile, via a television epeater in Talcahuano. The Government has ordered that the epeater cease operation as the University lacks a concession under 1958 law to function in that area. The University has refused to omply, claiming that the 1970 National Television Act, which uthorizes the universities to operate television channels, is the overning statute and that it needs no additional concession to perate in any part of Chile. Meanwhile the repeater is still unctioning (as of February 15, 1973) while the legal (and political) ebate continues.

Allende in Retrospect

By Paul E. Sigmund

World attention has moved away from Santiago since the bloody overthrow of Salvador Allende last September, but the questions that were raised at that time still need answering. Where should the primary responsibility be placed for the tragic events on and after September 11, 1973? Was it, as the Left contends, the result of a fascist counterrevolution aided and abetted by the forces of imperialism? Was it, as the Right asserts, the only available response to Allende's attempt to establish the dictatorship of the proletariat by a mixture of guile and force? Did it mark the "death of a dream" of the establishment of socialism by democratic means, and was it thereby one more demonstration that Marxism must use force to accomplish its goals? Were there internal and external political and economic factors which made it impossible for Allende's experiment to succeed, or was the downfall of the *Unidad Popular* (Popular Unity) coalition government the consequence of a series of ideologically-influenced analyses and mistaken policy choices which, if they had been different, might have produced another result? A review of the course of the Allende government with the aid of the considerable new material that has become available in recent months may help to answer these questions.

Allende's opponents never tire of pointing out that he was elected with only 36 percent of the vote in a three-way race.[1] What they do not mention is that in the congressional run-off between the two front-running candidates he was elected president by a lopsided majority vote of 135-35. He received the support of the centrist Christian Democratic Party (PDC) in the run-off in return for his agreement to the adoption of a Constitutional Statute of Democratic Guarantees protecting freedoms of expression, education and religion, and guaranteeing the independence of the military from political control. The text of the statute, which was added to the Chilean Constitution shortly after Allende's election, reflected the fears of non-Marxist groups that the new Marxist President would use the considerable power of the Chilean executive to undercut and eventually destroy all opposition to a Marxist takeover.

Political and Economic Strategy

When he took office, Allende promised that he would follow a "second model" of Marxism—the *vía Chilena* to socialism, "with meat pies and red wine." To prove that this model was "anticipated by the classics of Marxism," he quoted from Friedrich Engels on the possibility of

[1] Allende's supporters in the Popular Unity coalition consisted of his own Socialist Party (*Partido Socialista—PS*), the Communist Party (*Partido Comunista—PC*), the main body of the Radical Party (*Partido Radical—PR*), the leftist Catholic "Movement of Popular United Action" (*Movimiento de Acción Popular Unido—MAPU*), and two other smaller groups. The largest opposition groups were the centrist Christian Democratic Party (*Partido Democrata Cristiano—PDC*) and the rightist National Party (*Partido Nacional—PN*).

In retrospect, it is ironic that the Chilean Senate never acted on a constitutional amendment proposed early in 1970 to establish a second-round popular election, which would have provided the President thus elected (probably the right-wing candidate, *Jorge Alessandri*) with a clear popular mandate.

people have all power and in accord with the constitution can do what they desire when they have the majority of the nation behind them.[*]

Yet it was precisely the question of majority support that was Allende's central problem in his design to carry out a peaceful transition to "socialism with democracy, pluralism and liberty." The parties in his coalition were in a distinct minority in the Congress, and although there was no doubt about the legitimacy of his election by that body, his victory had only been possible because of the conditional support of the Christian Democrats. The PDC, it should be noted, included both Radomiro Tomic, the party's 1970 presidential candidate, who had gone to Allende's house to congratulate him the day after the popular election, clearly inferring his future support, and conservatives like Senator Juan de Dios Carmona, who had fought within the party to prevent it from voting for Allende in the run-off. In the immediate aftermath of the election the PDC was controlled by the Tomic forces, who claimed to be in favor of "communitarian" socialism, nationalization of copper, acceleration of agrarian reform, and reduction of Chile's *dependencia* on the United States. One way, then, for Allende to achieve his acknowledged goal of majority support for the transition to socialism would have been to try to arrive at an understanding with the Christian Democrats on the points in his program with which they were in agreement. This might have provoked the secession of some of the rightist members of the PDC, but if an accord had been reached with the party's leaders, it would likely have given Allende a majority in the Congress for at least part of his program.

Flushed with victory and unwilling to come to terms with the party which he had termed "the new face of reaction" during the campaign, Allende chose an alternative strategy. The next congressional elections were not scheduled to take place until March 1973, but the Chilean Constitution provided that in the event of a conflict with the Congress over the text of a constitutional amendment, the President could call a national plebiscite. The strategic course adopted by Allende was to attempt to expand popular support for his coalition and then propose a constitutional amendment which, in accordance with the Popular Unity electoral program, would replace the existing bicameral legislature with a unicameral house, to be elected immediately following the approval of the amendment. The Congress would be certain to reject the amendment, but if Allende had the support of a majority in the country, he could win the plebiscite and secure control of the unicameral legislature that would then be established.

Allende's strategy for the expansion of electoral support was an economic one which drew as much from John Maynard Keynes as it did from Karl Marx. The Chilean economy, already operating below capacity, had gone into a profound recession as a result of Allende's election. The response of Pedro Vuskovic, Allende's Minister of Economics, was to "prime the pump" by adopting a deficit budget, increasing public expenditures, and redistributing income by skewing the annual wage readjustment for the preceding year's inflation (35 percent in 1970) in favor of the low-income sector of the population (the lowest income groups received a 40-percent increase). The utilization of unused industrial capacity, combined with strict enforcement of price controls, more stringent collection of taxes, and refusal to devalue the Chilean *escudo* in relation to the dollar, were expected to contain possible inflationary pressures which might result. (The Allende government also had a cushion of nearly $400 million in foreign reserves left to it by the Frei government as a result of high international prices for copper, Chile's principal export.)

The strategy also contained a Marxist element—

accentuation of the class struggle. At the same time that appeals were made to the pocketbooks of the lower-class Chileans, there was also to be an effort to increase their class consciousness *(concientización)* through government publications and the use of the media to remove the elements of "false consciousness" instilled by "bourgeois" propaganda. Expressing the diametric opposite of a claim often voiced by his predecessor, Eduardo Frei, Allende said in a press conference just after his installation, "I am *not* president of all Chileans." And in his first "State of the Nation" message to the Congress he asserted:

> *. . . the People's Government* (Gobierno Popular) *is inspired in its policy by a premise that is artificially denied by some—the existence of classes and social sectors with antagonistic and opposing interests.*[3]

Allende's economic advisers anticipated an additional source of revenue for the government from the "exploitative" profits of the industries that were to be nationalized by the new government. The partially American-owned copper mines were to be taken over by a constitutional amendment—both to lay to rest any legal doubts about the reversal of the Frei Chileanization agreements of 1967 and 1969, and because a general consensus in Chile favored nationalization.[4] Other companies were to be nationalized after a controlling interest was gained through the purchase of shares on the open market by the government development agency. The latter course seemed facilitated by the fact that the price of shares had been depressed since the elections, and further economic pressures could be created by allowing wage increases but forbidding any rise in prices. The legal adviser to the government, Eduardo Novoa, also outlined other "legal loopholes" in existing Chilean law which could be used for "temporary" takeovers of companies, including "intervention" because of labor disputes and "requisition" because of a "breakdown in supply of an article of prime necessity."

The takeover of large sectors of Chile's basic industry and trade, as promised in the Popular Unity program, was thus seen as an essential part of an economic and political strategy aimed at achieving and maintaining power. Combined with a rapid acceleration of agrarian reform (again using existing legislation—the 1967 agrarian reform law—but exploiting provisions such as one authorizing the expropriation of "abandoned or badly-farmed land," with one percent payment in cash and the rest in bonds), the planned takeover meant that even if the effort to create a unicameral left-dominated legislature failed, the Allende government could destroy the economic base of the "capitalist" opposition through a series of "irreversible" *faits accomplis (hechos consumados)* which would give the

[4] Frei's Chileanization program had involved the purchase by the Chilean state of a controlling interest in the large copper mines owned by the Kennecott and Anaconda companies. The agreements had also provided that Chile's payments to the American companies were to be invested in the expansion of copper production and refining in Chile, earning the country additional revenue in the 1970's to pay back the loans contracted to finance the purchases.

government control of the economy and of the excess profits that the private sector had used for luxury consumption or had sent out of the country as profit remittances to foreign companies. At the same time, the fact that the policy remained within the letter, if not the spirit, of the law meant that intervention by the military was unlikely.

Allende's constitutionalist and legalist strategy was not universally accepted within his coalition. Most of his own Socialist Party—beginning with its newly elected General Secretary, Senator Carlos Altamirano—and several other groups further to the left, such as the MIR (*Movimiento de la Izquierda Revolucionaria*—Movement of the Revolutionary Left) and the VOP (*Vanguardia Organizada del Pueblo*—Organized Vanguard of the People), were openly doubtful about the wisdom of relying on elections and "bourgeois legality" to achieve power and advised preparation for an armed confrontation with the forces of reaction, which they foresaw as inevitable. Allende's effort to portray the transition to socialism as peaceful in character was not assisted by the publication of his conversations with French revolutionary theorist Régis Debray in early 1971. In these, Debray declared that "in the last analysis and until further notice, political power comes out of the end of a gun," and Allende repeatedly stated that his differences with apostles of violence like Ché Guevara were only "tactical," because the Chilean situation required that he observe legality "for the time being." Allende himself organized an armed personal bodyguard, the so-called GAP (*Grupo de Amigos Personales*), and—we now know—as early as December 1971 received reports on the illegal importation and distribution of arms to the MIR and to his bodyguards.[*]

While there were thus intermittent hints of revolutionary alternatives, Allende's basic economic strategy was "socialist consumerism,"[*] combined with a rapid expansion of state control in industry, trade and agriculture, and his basic political strategy

was an expansion of the electoral base of the Allende coalition by an appeal to the material interests and the class consciousness of the lower classes. It was the interaction of the various elements of this political and economic strategy that finally produced the breakdown of Chilean constitutionalism and the intervention of the armed forces that the extreme left of the Allende coalition had been predicting all along.

Initial Success

At the outset, the new economic policy was astoundingly successful, although it had within it the seeds of future disaster. Income redistribution stimulated demand, while price controls and an artificially low exchange rate kept prices down. As a consequence, a mini-boom ensued. By March 1971 the *Sociedad de Fomento Fabril* (Association for the Development of Manufacturing), representing Chilean business and industry, admitted that production had increased by 6.3 percent over the figure of 12 months before, and by May that figure had reached 13.5 percent. The Institute of Economics of the University of Chile later reported that unemployment in the Santiago area dropped from 8.3 percent in December 1970 to 5.2 percent in June 1971 and declined further to an unusually low 3.8 percent by the end of the year. The Consumer Price Index stopped climbing entirely in December 1970 and had only increased by 6 percent by the time of the municipal elections of April 1971—its lowest rise in many years. At the same time, salaries and wages increased by 27 percent in real terms.

This wave of economic prosperity—combined with the absence of the political repression that some rightists had predicted would result from a victory by the Marxists—led many, particularly in low income groups, to vote for the candidates of the Popular Unity coalition in the April municipal elections. Allende's own Socialist Party bettered its electoral showing in the 1969 congressional elections by nearly 100 percent (a jump from 12 percent to 22 percent of the total), and the candidates of all the parties supporting Allende received about 50 percent of the vote, as compared with the 36 percent which the President himself had received only seven months before. Yet, gratifying as the results were, the coalition was still a few votes short of the absolute majority that Allende required to win a plebiscite on a constitutional amendment. He was later criticized for not calling the plebiscite at the time when the regime's popularity was at its highest point,[7] but in retrospect it does not appear at all certain that he would have won—particularly since by the time that the constitutional prerequisites for such a vote had been fulfilled, the economic and political situation would have been much less favorable.

The period after the municipal elections now appears to have been crucial for the long-term survival of the regime. The Right was still in disarray, the Christian Democrats had elected a compromise leadership which was not committed to either of the party's wings, and the short-run economic and political indicators were favorable. Yet, instead of taking action on the economic front to stem the loss of foreign reserves and to dampen inflationary pressures—and on the political front to prevent the movement of the Christian Democrats into an alliance with the right-wing opposition parties—the regime continued its previous policies, confidently assuming that in the long run "the people" would support it and ignoring the warnings of "bourgeois" economists that the loss of foreign reserves, the expansion of demand, and the sharp decline in investment would produce disastrous consequences in the following year.

Political Polarization

The hardening of the Christian Democratic position began in mid-1971. It was accelerated in June by the assassination of the former Christian Democratic Interior Minister, Edmundo Perez Zujovic, by extremists, at least one of whom had been released from prison by Allende upon his accession to power. A month later in a by-election in Valparaíso, the victorious Christian Democratic candidate received the support of the Right. The tacit alliance with the Right led to the secession from the PDC of eight deputies and a number of other party leaders to form the pro-Allende *Izquierda Cristiana* (Christian Left). This was counterbalanced however, by a split in the other direction within the Allende coalition. Five of the seven Radical senators (including two former presidential candidates) and 7 of the 19 deputies left the Radical Party (PR), and formed the *Partido de la Izquierda Radical* (Party of the Radical Left—PIR) in protest against the Marxist orientation of a

PR policy resolution which the dissidents described as "completely removed from the characteristic and distinctive ideology of our party" and opposed to "the interest of the middle social strata" whom the party had always represented.[*] For a time, the PIR continued to support the Allende government, but within a year it had entered the ranks of the opposition.

In July 1971, the Christian Democrats had voted in favor of the constitutional amendment nationalizing the copper mines, but from that point forward, the pattern was one of polarization of Chilean politics and society into two opposing blocks. The Allende forces controlled the executive and pursued an increasingly vigorous ideological purge of those who were not entirely sympathetic to the government. The opposition controlled the legislature, and in October 1971 the Christian Democrats and the rightist parties attempted to assert legislative control over the expansion of the public sector by voting in favor of a constitutional amendment limiting the use of the intervention and requisition procedures and requiring that all transfers of private enterprises to the "social" or mixed sectors be carried out in accordance with specific legislation adopted by the Congress. This legislative act, referred to as an amendment on the "Three Areas of Property," became the focus of a continuing deadlock between the President and Congress that lasted until Allende's overthrow in September 1973.

Allende's refusal to accept the amendment or to call a plebiscite to resolve his differences with the Congress appeared to the congressional opposition to be a decisive indication of his determination to bypass the legislature in carrying out the Popular Unity program, and from the time of the adoption of the amendment onward, the Christian Democrats began to cooperate with the rightist parties in opposing the executive. One method was to impeach ministers for violation or (more often) nonenforcement of the law. The first of many such impeachments took place in January 1972. Another method was to present a united electoral front against the government. Informal cooperation between the rightist parties and the Christian Democrats led to striking victories in two by-elections in January 1972, and a month later these groups formed the Democratic Confederation (*Confederación Democrática*—CODE) to prepare joint lists for the 1973 congressional elections. A third area of cooperation was in marches and demonstrations against the government, the most famous of which was the March of Empty Pots in December 1971, in which thousands of housewives, mostly of middle-class background, marched, banging pots to protest food shortages.

Those shortages had developed because the predicted economic difficulties resulting from the Vuskovic policy began to emerge in late 1971. The balance-of-payments surplus had been depleted at such an alarming rate (in 1971 there was a deficit of $315 million, while in 1970 there had been a surplus of $91 million) that in November 1971 the Allende government called a moratorium on payment of its foreign debts. Chile had already experienced difficulties in securing loans from the Inter-American Development Bank, the World Bank and the Export-Import Bank as a result of its failure to compensate the Anaconda and Kennecott copper companies for the nationalization of their major mines. The debt moratorium was bound to make it considerably more difficult for Chile to secure foreign credits, particularly for the short term.[*] In December 1971, the Chilean government finally permitted a partial devaluation of the Chilean *escudo* so as to decrease the distortions created by its overvaluation, but this created pressure on prices of goods manufactured with imported components. Shortages of certain food items—especially cooking oil, detergents, sugar, toothpaste, and cigarettes—were ascribed by the government to upper-class hoarding and to increased consumption by low-income groups; however, the dislocations in the countryside associated with the very rapid expansion of the agrarian reform (Allende took over almost as much land in his first year in office as Frei had in six years) clearly had something to do with the problem as well, and the situation could be expected to get worse with the harvest in early 1972. A 100-percent increase in the money supply as a result of the government's deficit spending was also beginning to produce inflationary pressures now that the unused capacity of Chilean industry had been taken up by the 1971 expansion. Most important, a sharp drop in investment (Allende said it had declined by 7.7 percent, but opposition economists claimed it had fallen by 24.2 percent) meant that the spectacular growth rate achieved in 1971 would be sharply reduced in 1972.

Yet the degree of the incipient crisis was not

immediately evident from the figures for 1971. Industrial growth had reached 8.3 percent, agrarian production (based on plantings before Allende's accession to power) had increased by 5.3 percent, and unemployment had dropped to record lows. The Communist Party in a report to a Popular Unity "conclave" in early 1972 warned that "very strong inflationary pressures could make our situation acute," but the government took no action to deal with the problem. The continuing optimism of government policymakers at this time was expressed at a Round Table in Santiago sponsored by the University of Sussex and the Chilean Planning Office in March 1972. In the course of discussion Radomiro Tomic, the defeated Christian Democratic presidential candidate, asserted that the Allende government had committed a "fatal political error" in failing to establish an "institutional majority" in the Congress through a "far-reaching agreement between socialists inspired by Christianity and those inspired by Marxism—that is, between the Christian Democrats and Popular Unity—in the period following the 1970 presidential election." Allende's representatives confidently replied that "with a gradual heightening of the political consciousness of the proletariat, there seemed to be no obstacles in the internal logic of the Chilean bourgeois state to prevent the workers' winning sufficient strength to gain control of the legislature as well as the executive."[10]

On the political front, there were individuals and groups on both sides who attempted to stem the movement toward polarization, which they correctly foresaw would lead to the breakdown of Chilean institutions. Two important efforts to arrive at a compromise on the issue of the constitutional amendment on the "Three Areas of Property" were made in the first part of 1972. In April the Left Radicals, who had entered the Allende government in January, carried on lengthy negotiations with the Christian Democrats to hammer out a satisfactory agreement on this issue, only to have it rejected by the top command of the Popular Unity coalition parties. The Left Radicals responded by leaving the government and joining the opposition, a move Allende described as "a stab in the back."[11] A second set of negotiations in June between the head of the Christian Democratic Party and Allende's Minister of Justice broke down when the time limit set by the Christian Democrats expired and the PDC leadership refused to extend it.

The two sets of negotiations seem to have collapsed for related reasons. In April the left wing of the Popular Unity coalition was unwilling to accept a compromise which would slow down or stop the forward movement of the government nationalization program, while in June the right wing of the Christian Democrats could point to an impending by-election in mid-July as a reason for discontinuing discussions. Both cases illustrated a general problem posed by the Chilean multiparty system. Once political conflict became polarized, the extremes held the rest of the opposing coalitions hostage and prevented what could have been a convergence of views in the center.

The negotiations were interspersed with a series of demonstrations and counterdemonstrations by the government and the opposition which always stopped just short of open violence. Several observers, including the American Ambassador to

Chile, Nathaniel Davis, remarked on the pattern of "brinkmanship" that the Chileans exhibited." Social and political tensions increased—but as long as economic deterioration was not reflected in runaway inflation, the Chilean political system seemed able to contain them.

The Turning Point

The strains in the system only became unmanageable in mid-1972, when the lid blew off the fragile Chilean economy and let loose the pressures that had been building up for at least a year. As the deficit in government spending rose, particularly because of its subsidies to the "social area," its foreign reserves dropped nearly to zero, and the growth of industrial output slowed down. Allende replaced Economics Minister Vuskovic with Carlos Matus and appointed Orlando Millas as Finance Minister. The Matus-Millas team sought to "find stability at another level," ordering a drastic currency devaluation, raising prices in the nationalized sector, and permitting limited agricultural price increases. The result was a sharp jump in the cost-of-living index, which climbed from 27.5 percent at the end of June to 99.8 percent at the end of September. A wage readjustment to compensate for the increase in the cost of living only accelerated the inflation, so that by the end of the year the official consumer price index had reached 163 percent (see Table 1). In September, industrial output began to drop in absolute terms (*i.e.*, not merely in terms of the rate of increase)—a drop that continued every month thereafter until the September 1973 coup." Agricultural production (excluding livestock) also commenced to decline, and mineral production registered precipitous drops, although copper production rose by 1.3 percent for 1972 owing to the fact that a number of new mines came into operation. (On other elements of the worsening economic situation, see Table 2.)

Chile's economic problems were paralleled in the political arena. Several additional ministers were impeached, including the Minister of Interior, who was charged with abetting the illegal importation of arms from Cuba in March. (The Allende government claimed that suspect shipments from Cuba—"*bultos Cubanos*"—were "works of art," but after the September 1973 coup, the government White Book published an inventory of over 2,000 pounds of arms sent from Cuba in 13 crates which customs

The Allende government blamed the drop in production on the October 1972 strike, but this ignored the fact that production declines began before October.

had been forbidden to inspect.") The judiciary joined in the conflict, protesting the failure of the Ministry of Justice to carry out court orders, while progovernment demonstrators denounced the *viejos de mierda*—"filthy old men"—in the Supreme Court. As it became apparent that there was no real possibility of resolving their differences, the two sides turned to the armed forces as impartial arbiters, and the national holidays in mid-September 1972 were marked by rival efforts of the Congress and the President to ingratiate themselves with the military.

The political involvement of the military was accelerated by the next step in the Chilean tragedy—the October 1972 strike. Respectively termed the "employers' lockout" and "the national strike" by pro- and anti-Allende forces, it began far from Santiago, in the remote southern province of Aysen, with a strike by small truckers. (Referred to by the government press as the "truck-owners," the membership of the truckers' *gremio*—guild—was almost entirely composed of owners of one or two trucks who feared an announced plan to establish a state trucking agency which would have had priority access to new trucks and spare parts). The strike quickly spread across the nation, as the truckers were joined by bus and taxi drivers, shopkeepers, doctors, nurses, dentists, airline pilots, engineers and part of the peasantry. The Christian Democrats and the rightist parties supported the strikers, and the work stoppage dragged on for over a month resulting in an estimated loss of $150-200 million in production. Agriculture was particularly hard hit because the strike took place in the midst of the planting season; indeed, there is no doubt that part, though not all, of the 25-percent drop in the 1973 harvest was the consequence of the strike. Industry was not as adversely affected, since workers attempted to keep factories going despite management's efforts to cease production—and the October strike saw the emergency of "Industrial Belts" *(Cordones)* and "Communal Commands," which seemed to embody the type of spontaneous "popular *power*" that leftist theorists had spoken of as the basis of a genuine revolutionary class consciousness to replace the materialistic "economism" that had characterized Chilean workers until this time."[19] When the workers seized closed factories, the plants were usually "intervened" by the government, so that an important result of the October strike was a considerable expansion of the government-controlled sector of industry and trade.

The most important outcome of the strike, however, was the direct involvement of the military in the Allende cabinet. A condition of the settlement of the strike was that the military take over key cabinet posts. This resulted most notably in the assignment of the Ministry of the Interior to the Commander-in-Chief of the Army, General Carlos Prats, so as to assure that the congressional elections scheduled for March 1973 would be carried on freely and impartially.

The involvement of the military and the preparations for the March elections brought about a lull in the escalation of political conflict in Chile. Inevi-

[19] The *Cordones* were more or less spontaneously organized committees of workers from seized factories which coordinated production and distribution in a given industrial area. The Communal Commands *(Comandos Comunales)* were organized by the *Cordones* to mobilize the local population in the surrounding area. They included representatives of neighborhood committees *(juntas de vecinos)*, mothers' groups *(centros de madres)*, price control and distribution committees *(juntas de abastecimiento y precios)*, and other groups. tably, however, it also produced political divisions within the military itself, which had hitherto been relatively aloof from the process of polarization. It was soon apparent, for instance, that General Prats was willing to give the government the benefit of the doubt in nearly every instance that its decisions or actions were challenged. Conversely, the Navy was noticeably less enthusiastic, and in January Admiral Ismael Huerta resigned from the cabinet over plans for the initiation of what he took to be a food-rationing system. It is now also known that the first plans for a possible coup were made by intermediate-level officers at the end of 1972.[14]

Food distribution became a critical issue as the black market continued to expand, with much of Chile's agricultural production going into illegal channels because of the government's refusal to increase the official prices paid for agricultural produce. The result was, in effect, two separate price systems—a subsidized, state-owned distribution system oriented primarily toward the low-income groups and a flourishing black market aimed at middle- and upper-income groups. The expansion of the powers of government-appointed Supply and Distribution Committees (JAPs) to deal with the black-market problem led the opposition to charge political manipulation of food distribution; nonetheless, the government seemed powerless to combat black-market operations.

The March 1973 Elections

The congressional elections in March did not resolve anything. Chile's right-wing parties had hoped that food shortages and economic difficulties would produce a two-thirds majority against the government, which might in turn permit the impeachment of the President, but the results, while showing an anti-government majority of 56 percent, gave the Allende regime 44 percent—a larger vote than most observers had predicted. The opposition pointed out that the vote of the pro-government forces had declined from the 50 percent they had registered in the 1971 municipal elections, while the government compared its 44 percent with the 35 percent that Allende had received in 1970. In fact, the only proper basis for comparison was the

1969 congressional elections. On that basis, the leftist parties had suffered a slight loss in votes but had achieved a slight gain in seats. Certain oppositionists later argued that the Left would have suffered much greater losses had it not been for a government-assisted electoral fraud involving some 200,000-300,000 votes, but the statistics presented in support of the argument are unconvincing.[1]

While the government's interpretation of the elections as proof that it was expanding its popular support was not accurate, the election results indicated that at least it had not lost popularity as rapidly as previous governments faced with similar economic reverses. Despite a wage readjustment in October, real wages had declined 7 percent in 1972, and raging inflation continued to consume the wage increase in early 1973. However, the combination of discriminatory distribution of government-produced goods and appeals to class consciousness seemed to have stemmed the erosion of support, at least among the masses of the poor.

Unfortunately for the government's longer-range interests, the deliberate accentuation of class consciousness had an opposite effect on the middle class, driving middle-class areas to organize themselves into "Neighborhood Committees" to defend themselves. It also, for the first time, led many to arm themselves for a possible confrontation, which seemed more likely now that the safety valve of an impending election was no longer present. A government proposal to limit full wage readjustments to those making less than three times the minimum wage did nothing to reassure the hostile middle-income groups.

Before the elections, it had been rumored that there might be another attempt in March at an accommodation between the regime and the opposition forces, possibly under the auspices of the military. Any possible accord of this type was quickly prevented by the publication, two days after the elections, of a government decree calling for the initiation in June of a single national unified school system, which would follow a common curriculum including compulsory courses in socialism and work periods in factories. The ensuing uproar involved the Catholic Church for the first time in formal opposition to the government and mobilized thousands of secondary school students in violent demonstrations in downtown Santiago. Stories of fierce arguments over the school proposals among the top military officers (the military had left the cabinet after the elections) filtered into the national press, and a military delegation held a formal meeting with the Education Ministry to express their opposition. The controversy subsided only when the government announced that the proposal had been postponed, pending further discussion.

Within the government, the debate continued on whether to "consolidate in order to advance" (the Communist position) or to "advance without compromise" (the Socialist stance). One indication of how the debate was resolved was the decision by the government to use a constitutionally-authorized "decree of insistence" allowing the cabinet to override the rulings of the Controller General of Chile, Hector Humeres, who had disallowed the requisitioning of some of the factories taken over during the October 1972 strike. Conflicts also continued with the judiciary over the executive's refusal to obey court orders to return seized properties. On May 26, the Supreme Court sent a public letter to the President denouncing

> *. . . the illegal attitude of the administration . . . [its] open and continual rebellion against judicial orders . . . which signifies a crisis of the rule of law [and] the imminent breakdown of the juridical structure of the country.*[18]

The stalemate between the executive and the Congress over the constitutional amendment on the "Three Areas of Property" was compounded when the Constitutional Tribunal refused to take jurisdiction over the disputed question of whether, in the absence of a plebiscite, the Congress could override the President's item vetoes by a majority or by a two-thirds vote.[19] A second constitutional conflict along the same lines developed when the opposition majority in Congress voted in favor of an amendment to give farms under 40 hectares (about 100 acres) in size an absolute guarantee against expropriation and to compel the distribution of land in the "reformed" sector to the peasantry after a transitional period of two years. (The government had once again used a loophole in the 1967 law to postpone indefinitely the distribution of expropriated land by individual title.)

In May the official price index jumped 20 percent, indicating that the inflation was moving into a new hyperinflationary stage. The one effort that the government had made to hold the line—its refusal to grant a full cost-of-living wage increase to the El Teniente copper miners on the grounds that under their contract they had already received partial cost-of-living increases—led to a bruising two-and-a-half month strike, which included a miners' march on Santiago, mass rallies, and simultaneous one-day general strikes for and against the government in mid-June. By that time, Allende was once more ready to resort to military involvement in the cabinet to restore social peace.

Last Stage—Decline and Fall

On June 29, the last act of the Chilean tragedy began with an abortive revolt by the Second Armored Regiment in Santiago. Apparently, several army units had been in contact with *Patria y Libertad*, a right-wing political organization, and had planned to seize President Allende at his residence and to occupy the presidential palace. The revolt was canceled one day before it was to occur, but when one of the officers of the Second Armored Regiment was arrested and held in the Defense Ministry, the Regiment decided to free him and in the process to seize the presidential palace as originally planned. General Prats, the Army Commander, used the other military units in Santiago to put down the revolt in a few hours—most of which were spent in negotiation rather than shooting—but not before President Allende had gone on the air to urge "the people" to take over all industries and enterprises as a response to the uprising of "a small group of rebellious military men." The Central Labor Federation also urged the workers to occupy the factories, and in one day the number of companies taken over by the government rose from 282 to 526. The "Industrial Belts" that had sprung up at the time of the October strike now achieved new importance. The spread of "people's power (*poder popular*) had been seen by Allende as a deterrent to a possible future coup, but it created many additional problems for the

government. Production declined sharply after the takeovers, the opposition got fresh fuel for its claim that the expansion of state control of industry was being carried out through extralegal channels, and "*poder popular*"—as expressed in the worker occupations—appeared to some extent to pose a possible threat of an alternative to the power of the central government.

After the June 29 revolt, Allende made new efforts to secure military involvement in the government, but his negotiations with the armed forces were unsuccessful.[20] Instead, they embarked on a policy of vigorous enforcement of the Arms Control Law, a measure which had been adopted in October 1972 but only sporadically enforced thereafter. This law authorized any military or police commanders to carry out arms searches if there was "a presumption of the clandestine existence of illegal firearms."[21] The right wing *Patria y Libertad* organization had now announced publicly that it was going underground in an attempt to overthrow the government by force, and military intelligence was also aware of the initiation of arms training by all the government parties, even the centrist Radicals.[22] In the course of their crackdown, the military found arms caches in factories in Santiago and Concepción, and the killing of a worker in one such arms raid provoked protests from the leftist parties.

At this point, the Chilean Communist Party and the Catholic Church both concluded independently that the only solution to the impasse in Chile was one more attempt at an agreement between the Allende government parties and the Christian Democrats. The Communists initiated a campaign against civil war almost simultaneously with a statement by the Chilean hierarchy calling for a renewal of dialogue. Probably in response to these pressures on both sides, two lengthy discussions took place on July 31 between UP and PDC representatives. Both Allende and the Christian Democrats agreed on the necessity of enforcement of the Arms Control Law, but disagreement continued on the constitutional reforms. Allende offered to sign the amendment on the "Three Areas of Property" in return for a constitutional amendment specifying that the Congress could only override presidential vetoes of constitutional amendments by a two-thirds vote. He also proposed the establishment of joint committees to work out further agreements. However, the Christian Democrats denounced these proposals as "dilatory" and broke off the negotiations.

A few days before the dialogue was initiated, the truckers began another strike, which was to last from July 26 until the coup on September 11. As in October, the truckers were joined by the other *gremios*. Coming at a time when the 12-month inflation rate, fueled by massive government budget deficits and subsidies to the nationalized industries and agriculture, had reached 323 percent—and in a situation where inventories had not yet been built up from the October strike—the truckers' action created much more serious problems for the government than the earlier strike. This new crisis once again raised the question of military participation in the cabinet, and General Prats persuaded his fellow commanders that it was their patriotic duty to re-enter the cabinet in order to settle the strike.

[22] Allende's personal bodyguard had organized courses in arms-training at his vacation house outside of Santiago. The MAPU began arms-training in December 1972, and the Radicals did so in July 1973. The armed forces were aware of this at least by the end of July. See documents in *Libro Blanco*, pp. 43-45, 192-93, 196-200.

On August 9 Allende swore in what he called a "national security cabinet," with General Prats as Defense Minister, Air Force Commander César Ruiz as Minister of Transport (the ministry which would deal with the striking truckers), and the heads of the Navy and of the National Police in other cabinet posts.

Almost coincident with the entrance of the military into the cabinet, the naval establishment became involved in a serious conflict with the left wing of the Allende coalition. On August 7, the naval intelligence arm announced the discovery of a plot to carry out an enlisted men's revolt on August 11 in Valparaíso and Concepción. The announcement accused PS Secretary General Carlos Altamirano, MAPU leader Oscar Garreton, and Miguel Enriques, head of the MIR, of being the "intellectual authors" of the revolt and demanded the lifting of the congressional immunity of the first two, who sat respectively in the Senate and the Chamber of Deputies. Two days before the September coup, Altamirano admitted that he had encouraged navymen to resist their coup-minded *(golpista)* officers."[13]

This attempt to subvert the hierarchy of a service command from below was combined with maneuvers by Allende to replace officers unsympathetic to him. When General Ruiz resigned his cabinet post on August 17 in protest against his lack of sufficient power to settle the strike, Allende compelled him to add that his departure from the cabinet "implicitly" carried with it his retirement as Air Force Commander. This was correctly seen as an Allende tactic to remove an officer opposed to him, and it met serious resistance from within the Air Force, provoking a series of actions which ultimately led directly to the September 11 coup.

On August 20, top Air Force officers met to decide whether to resist Allende's action. By evening, Ruiz had persuaded them to accept it on the condition that Allende appoint the second-ranking officer, General Gustavo Leigh, as Air Force Commander and name another Air Force general to the cabinet (so that Allende could not repeat the same maneuver with Leigh). The next night the wives of high-ranking military officers, including those of six generals, gathered in front of General Prats' house to present a letter asking for his resignation. When the demonstration was broken up by police tear gas, it provoked such dissension in the armed forces that on the following day General Prats decided to resign both as Defense Minister and Army Commander. He was joined by two other generals who, with Prats, had led the military forces that had quelled the tank-regiment revolt in June.

The resignation of what appeared to be the last defenders of Allende in the army now meant that all three services were opposed to the President. It coincided with the adoption on the same day of a "sense of the house" *(acuerdo)* resolution by the Chamber of Deputies directed at the President and the military ministers, drawing their attention to "the serious breakdown of the constitutional and legal order."[14] The resolution criticized the Allende government for repeatedly bypassing the legislature through the use of legal loopholes and for refusing to promulgate the constitutional reforms voted by the Congress. It accused Allende of ignoring judicial orders, encouraging illegal seizure of property, persecuting opposition labor groups, and supporting illegal paramilitary organizations. In conclusion, it stated that the listed actions constituted a "serious breakdown of the constitutional and legal order of the Republic" and urged the military ministers to "put an end to the *de facto* situations listed above which violate the Constitution and the law" or be guilty of "compromising the national and professional character of the armed forces."

[13] It was an indication of the continuing press freedom in Chile that newsstands in downtown Chile at this time contained a left-wing publication headlined, "Soldiers, Disobey Your Officers," and a magazine of the extreme Right with the headlines, "The Right of Rebellion," "Rebellion and its Goals," and "Resistance to the Tyrant."

[14] *Libro Blanco*, pp. 239-42.

In its original form, the resolution had declared the Allende government to be illegitimate, but the *acuerdo* had later been softened in order to secure the support of the Christian Democrats. Yet its effect was still to give a congressional green light to the military, and Allende immediately so interpreted it. He replied to the motion by accusing the Congress of "promoting a *coup d'État* by asking the military forces to make governmental judgments independently of the authority and direction of the President"; he also pointed out that according to the Constitution the only way that the Congress could decide on the legality of the President's conduct of his office was through impeachment by a two-thirds vote.

The congressional vote was echoed by several professional associations. The Medical Association called on their "colleague" Allende to resign—a request that was echoed by the Federation of Professionals (CUPROCH)—and resignation petitions were circulated in Santiago. The Lawyers' Association issued a declaration which—"without attributing a malevolent intention" to the President—asserted an "incompatibility between the institutional framework within which he is supposed to exercise his office and the actions which he feels obliged to carry out in his program." Arguing that Allende "would appear to be incapacitated *(impedido)* in the exercise of his functions as he understands them," the statement suggested that he could be removed from office under Article 43 of the Constitution, which authorizes the Congress to declare presidential incapacity.

The Coup

Exactly when the decision to carry out the coup was made is not yet certain, but it evidently was reached in the days following Prats' resignation. The armed forces had contingency plans for the control of vital points throughout the country in case of any emergency, and it only required a signal to put them into operation. Hence the actual seizure of control required little preparation.

After the resignations of the third week of August, Allende restructured his cabinet without the top military commanders but still retained representatives of the armed forces in ministerial posts. Over the opposition of other PS leaders, he appointed as Minister of the Interior his Socialist colleague Carlos Briones, who was known to be interested in another attempt at accommodation with the Christian Democrats. The president also canceled a projected trip to the Conference of Non-Aligned Nations in Algiers. The government and the opposition again staged rival demonstrations in connection with the third anniversary of the 1970 presidential elections.

On the weekend before the coup, the Christian Democrats called all provincial party leaders to a meeting at which a proposal was adopted for the simultaneous resignation of the Congress and the President and for new elections to resolve the con-

flict between the executive and legislative branches. During the same weekend, Allende met with the leaders of his Popular Unity coalition and called for the holding of a plebiscite on his conduct of office. Although this step was reportedly opposed by the Socialists, Briones subsequently asserted that Allende planned to announce the plebiscite in a radio address at noon on the day of the coup.[17]

Meantime, after a stormy session with Allende on September 7, the military commanders proceeded on Sunday, September 9, to draft the text of the *pronunciamiento* issued on September 11. They did not secure the agreement of the National Police until early on the morning of the coup itself, and only after the fourth-ranking officer in seniority had taken over the position of police commander.[18]

On September 10, Navy units set sail from Valparaíso for previously scheduled maneuvers, but that evening they returned to port and by early morning of the 11th had seized control of that city. Concepción, the third-ranking city in Chile and a known center of leftist activism, was taken over without a hitch. Santiago required a few hours longer.

To justify their action, the military commanders broadcast a communiqué to the nation. While admitting that the Allende government had initially come to power by legal means, they announced that it had "fallen into flagrant illegitimacy" by violating fundamental rights, by "artificially fomenting the class struggle," by refusing to implement the decisions of the Congress, the judiciary and the Controller-General, by causing a critical decline in agricultural, commercial and industrial activity in the country, and by bringing about a state of inflation and anarchy which "threaten the internal and external security of the country." The coup leaders concluded:

> *These reasons are sufficient in the light of classical doctrine . . . to justify our intervention to depose a government which is illegitimate, immoral, and unrepresentative of the overwhelming sentiment of the nation.*[19]

At 9:30 a.m., when it was apparent that no one but the GAP, his personal bodyguard, was ready to defend him, Allende broadcast his last message to the Chilean people over the single pro-Allende radio station that had not yet been shut down by the military. He began:

> *This is surely the last time that I will be able to speak to you. . . . My words are not spoken in bitterness but disappointment. In the face of these events I can only say to the workers, "I am not going to resign." At this historic juncture I will pay with my life for the loyalty of the people.*

Blaming "foreign capital, imperialism, and reaction" for persuading the armed forces to break with their tradition, he said:

> *History will judge them. . . . My voice will no longer come to you, but it does not matter. You will continue to hear it; it will always be among you. At the least, you will remember me as an honorable man who was loyal to the revolution.*[30]

At 11:00 a.m., the coup leaders permitted those who wished to do so to leave the building, and—except for his personal secretary—all the women, including Allende's pregnant daughter, left. The military also offered the President and his family safe conduct out of the country if he would surrender. Allende rejected the offer. The Air Force then sent in Hawker Hunter bombers, which repeatedly hit the palace with rockets and set fire to large portions of it. Finally, shortly after 1:30 p.m., Allende decided to discontinue the resistance, and the members who had been with him left the building in single file, led by the secretary carrying a white flag. Allende stayed behind and, sitting on a sofa in a reception room on the second floor, put two bullets into his head. The automatic rifle that he used was a gift from Fidel Castro.[31]

Conclusions

Since the coup, comments in the world press representing widely divergent political postures have cited the Chilean case as proof that the hope of achieving Marxist socialism through democratic means is a vain one. Yet most people have failed to note two fundamental errors of the Allende policy, neither of which was essentially related to the attempt to establish democratic socialism:

(1) As noted at the outset, the very quotation from Engels that Allende cited at the beginning of his administration to justify [illegible] course states as a prerequisite "the support of the majority of the people." Allende acted as if he had that support; but even at the highest point of his popularity in the April 1971 elections, he never achieved it. Moreover, his policy of deliberate class polarization, aimed at expanding his electoral base, was more successful in pitting professional and middle-class groups against him than in widening his support among workers, peasants and low-income groups.

2) Marxist economists and policymakers have always placed primary emphasis on investment and the expansion of the productive capacity of the economy. By contrast, the Allende policymakers emphasized increases in consumption and combined this with a headlong rush to take over industry and agriculture—a course far removed from the "two steps forward, one step back" of Lenin. The consequences of these policies after their deceptive initial success were massive government deficits, runaway inflation, and a near-breakdown of the economy. (The argument that Allende's economic problems were the result of a shortage of foreign credit does not really hold water, since they were caused by policies initiated before the foreign squeeze and since, in any event, Allende's regime managed to secure enough foreign credits from Latin American, European, Soviet and Chinese sources to increase the Chilean foreign debt from $2.6 billion to $3.4 billion in less than three years. Much of the new indebtedness was to Western Europe and other Latin American countries. Surprisingly, Chile's debt to the USSR, China and Eastern Europe increased only from $9 million to $40 million between 1970 and 1973.")

Allende's widow has asserted that witnesses told her they had seen bullet wounds in his chest and stomach. A supposed account by a personal bodyguard circulated in Mexico and elsewhere describing his murder contains numerous factual errors and describes events which could not have taken place because of the physical design of the building. Specific aspects of the Chilean system also made the Allende experiment a particularly difficult one. He was able to come to power in the first place because of Chile's deeply-rooted commitment to the democratic system and because the Marxist parties were able to mobilize a part of the proletariat and the peasantry, and he had at his disposal many instruments for state control of the economy which had been developed by previous administrations since the 1930's. However, he was required to operate within an institutional system which included frequent and staggered elections, proportional representation, and a multiparty system which made majority rule very difficult and often gave veto powers to the extremes of Right and Left. The economy had been characterized for nearly a century by a chronic tendency to inflation, and successive governments had consistently ignored agriculture in the interest of securing urban electoral support. The most important systemic constraint of all, of course, was the existence of a professionalized and institutionally-loyal military which was unresponsive to the ideological blandishments of the Left.[11]

The immediate causes of the military intervention are apparent from the preceding account. In the last part of 1972, the military were drawn into Chilean politics by both sides and became as polarized as the rest of Chilean society—with the overwhelming majority joining the opposition to Allende. The conflict over education in March-April 1973 heightened that polarization just at the time the military were attempting to extricate themselves from political involvement. Then the expansion of arms searches in mid-1973 revealed the extent to which Chile was becoming an armed camp on the verge of civil war. Finally, the efforts to subvert the existing military hierarchy by a combination of leftist activity among enlisted men and presidential maneuvering with promotions and retirements provided the classis scenario for a *coup d'état.*

One can also relate Allende's difficulties to the inherent contradictions in the Marxist theory to which he appealed. At the same time that he proclaimed his faith in a democratic, pluralist and libertarian transition to socialism, many of his Marxist supporters spoke and acted on the basis of a belief in the inevitability of armed confrontation. With his knowledge, they armed themselves and—what was worse—talked incessantly about revolution. The repeated statements of Régis Debray and others that the observance of the rules of "bourgeois" legality was only a tactic until the balance of forces had improved was hardly likely to persuade doubters of the sincerity of Allende's commitment to democracy. When the importation and distribution of arms was combined with efforts to reorganize education along ideological lines, to subvert military discipline, and to rearrange the hierarchy of command, it is not altogether surprising that the military finally took action.

A positive evaluation of the Allende years would certainly credit him with a sincere effort to raise the living standards of low-income groups and to involve them actively in the determination of their own future. It would likewise stress the continued existence of freedom of expression for all points of view in Chile right up to the coup. A more negative assessment would ask whether the low-income groups in Chile genuinely benefited from an economic policy which after the first half of 1972 produced hyperinflation, a continuous drop in agricultural and industrial production, and a reduction in the real value of wages and salaries. Even more critically, one could inquire who has suffered the most in economic and in human terms as a result of the breakdown of the Chilean system—the Marxist politicians, many of whom were able to escape or go into exile, or the workers, peasants and slum-dwellers they claimed to represent, who are now paying the price of the Allende regime's mistakes in the form of the hardships imposed by sharply reduced consumption and the strictures of draconian military rule.

[11] The Socialists always believed that they could convert the military to their outlook. This is strikingly revealed in Socialist Party documents published in the *Libro Blanco*, pp. 124-30.

Kremlin's Hand in Allende's Chile

by JAMES THEBERGE

Why did Salvador Allende's revolutionary government end in a bloodbath despite Soviet support and the plaudits of the world's left-wing extremists, who saw in Chile a new path for Socialism's march to power?

James Theberge, who is Director of the Latin American Department of the Georgetown University Center for Strategic and International Studies, shows how Moscow, the "big brother", though eager to exploit this opening in Latin America to the full, disagreed with Allende's headlong methods, and while warning him of the growing economic chaos denied him enough financial aid.

In 1935, Moscow dispatched Eudocio Ravines, a brilliant Peruvian Communist organiser, to Chile to implement the "united front" and "anti-fascist popular front" strategy that had replaced the ultra-left strategy of the Comintern. Since that time the Chilean Communist party generally has followed a strategy of broad alliance and limited aims, although the Cuban revolution led to a radicalisation of party strategy.

The Chilean Communist party, one of the most loyal pro-Soviet parties in Latin America, gave unqualified support to the Soviet bloc invasion of Czechoslovakia in 1968. While its fortunes have shifted through the years as a result of domestic and international developments, it unstintingly supported the twists and turns of Soviet foreign policy and repeated Moscow's themes of anti-imperialism and class warfare.

The party, at least prior to the military intervention of September, 1973, was the best organised and strongest in Latin America. Between 1956 and 1969 it formed an uneasy alliance for electoral purposes with the Socialist Party, its more militant Marxist rival on the Left. But in 1969 the Communists decided that a much more broadly based alliance of left-wing forces was necessary for the transformation of the country into a socialist state and they played a key role in the founding of the Popular Unity Front (a coalition of six leftist parties) at the end of that year. After the 1970 electoral victory of the Popular Unity Front under Salvador Allende the Communists became the single most influential force within the coalition. It was a far better organised and disciplined participant than its closest rival, the more ideologically unstable and militant Socialist Party.

The ultimate aim of the party did not waver throughout the Allende period. The Communists hoped to be able to take advantage of the weakness of the democratic institutions to install a "dictatorship of the proletariat" under their direction. Their Secretary-General, Eduardo Labarca, made this clear in his *Corvalan 27 Horas* (Santiago, Editorial Quimantu, 1972), in which he declared: "For us the pass from capitalism to Socialism necessarily requires that the proletariat be converted into the leading class, into the determining social force".

The Communist strategy, shared by Salvador Allende and the "moderate" wing of the Socialist Party, was to "overthrow" the bourgeois state and constitution, using the legal device of the plebiscite. In an interview with Régis Debray in 1971 Allende said: "As for the bourgeois state at the present moment, we are seeking to overcome it. To overthrow it!" (Régis Debray, *The Chilean Revolution, Conversations with Allende*, New York, Random House, 1971 p.82).

Mass mobilisation, infiltration of Chilean institutions and tactical alliances with the opposition were to be employed to generate sufficient popular support. Congress was to be replaced by a "popular assembly" and the existing legal system by "popular tribunals." President Allende's pledge to uphold the "Statute of Guarantees" (designed to commit his government to preserve Chile's democratic freedoms and institutions in exchange for Congressional support) was simply a "tactical necessity" to gain power, as he explained later.

The Chilean Communists and their allies in Moscow were uneasy about the ideological implications of the *via Chilena* as advocated by Salvador Allende (Debray, p.119). The Communist party refused to endorse the *via Chilena* as a uniquely Chilean path to socialism, which implied that it might not necessarily assume the leading role after complete power was gained by the Popular Unity coalition. The Chilean party supported Moscow's doctrine of the *via pacifica*, which accepted free elections and popular pluralism as a short-term tactical device under Chilean conditions but aimed in the long run at installing a Soviet-style Communist dictatorship. The *via pacifica* was not as "pacific" as the slogan implied: it embraced all forms of class conflict and violence short of armed insurrection and civil war in the process of establishing the "dictatorship of the proletariat."

Misleading Image

The *via Chilena* proclaimed by Allende soon after his election was widely misunderstood in the West. The image that was officially propagated was that of a uniquely Chilean path to a new type of Marxist-humanist socialism, where basic liberties, economic pluralism and free elections were respected by all. Western liberals were led to believe that the Allende government was constructing a new Western-European type of democratic socialism in Chile. This image clashed with the reality of Salvador Allende's revolutionary ambition to use Chile's pluralist democracy to destroy it. He seemed to have abandoned the *via Chilena* formula during the last year of his government. Not only did he rarely employ it in his speeches but the importance of preserving "democracy, pluralism and liberty" was conspicuously absent.

The government's policy was very much to Moscow's liking: seizure of US investments, the espousal of the doctrine of "ideological pluralism" (relations with all states regardless of ideology and internal political character), closer relations with the socialist camp, and the fostering of an "anti-imperialist (anti-US) front in Latin America.

Under the Allende regime, foreign policy was reoriented, and the previously close ties with the United States were replaced by strong political, economic and scientific ties with the "socialist countries," above all with Cuba and the USSR. The first trip of the Foreign Minister, Clodomiro Almeyda, outside of Latin America was to the USSR and Eastern Europe, in May-June, 1971. President Allende visited Moscow in December, 1972. Strong ideological and personal ties linked the Chilean Communist party leaders with the Soviet party leadership and Salvador Allende with Fidel Castro.

President Allende's description of the USSR as Chile's "big brother" (*hermano mayor)* was no mere figure of speech but reflected the expectation of his government that the USSR would become the most important socialist ally of the revolution and the main economic bulwark of the regime. Moscow did, in fact, become the most important source of socialist camp economic aid and credits to the Popular Unity government, totalling $620.0 million ($156.5 million in short-term bank credit and $463.5 million in project aid and supplier credits) in the 1971-73 period*. The USSR authorised $260.5 million in credits ($98.5 million in short-term credit and $162.0 million in economic aid) to the Allende regime, most of which was never utilised. This was far from the massive help Allende needed. But Moscow was under no illusion that its economic cooperation would decisively influence the immediate prospects for radical social and economic transformation, although it no doubt helped reduce Chile's dependence on the United States.

Soviet influence expanded rapidly as a result of the Chilean Communist party's loyalty to the USSR and the expansion of Soviet-Chilean economic, technical, scientific, cultural, and fisheries cooperation made possible by the victory of the Communist-Socialist regime. But Moscow became increasingly alarmed at the deterioration of the economic situation, the violent clashes of the ultra-left and the ultra-right, and the growing organisation of opposition forces, particularly after the Popular Unity government failed in the March, 1973, elections to obtain the majority electoral support required to transform the political and economic structure by peaceful, constitutional *means*.

Nevertheless, Moscow was not willing to provide the *massive* short-term commodity assistance (such as foodstuffs) or untied convertible currency credits which the regime needed to finance the import of food, spare parts, and machinery to alleviate local shortages. Moscow's $98.5 million in short-term bank credits was no doubt helpful but paled into insignificance before the need to finance Chile's import requirements, which, for food alone, were running at the rate of about $700 million a year when the Allende regime collapsed. The Soviet leadership told Chilean Communist and Popular Unity officials that the main effort to improve the economic situation would have to be made by the Allende government. *Moscow* repeatedly stressed that the Popular Unity government must reverse the calamitous decline in production and productivity to have a chance of winning over a majority of the Chileans to the cause of socialism.

Refusing to give Allende the hard currency credits he needed to improve his worsening chances for survival, Moscow contented itself with organising solidarity meetings at home and abroad in the hope that these demonstrations would "reach the ears of the Chilean people" (Moscow Radio 13 August 1973). Allende's loyal ally and "big brother" was willing to sell Soviet machinery and equipment to him—that is, expand Soviet exports financed by long-term credits —but denied him the short-term hard currency credits he desperately needed.

A combination of circumstances — Moscow's costly entanglement in Cuba, economic difficulties at home, shortages of grain and foreign exchange —led the USSR to eschew massive short-term aid to Chile and to counsel a policy of self-help to the Allende regime — a theme repeated frequently by the Chilean Communist party leadership when referring to Soviet assistance. In the final analysis *Moscow* watched idly while the *via pacifica* was destroyed by the disastrous economic policies, the circumvention of the laws, and the tacit encouragement of the ultra-left by President Allende and the Popular Unity government.

Moscow pursued a dual strategy in Chile. At the level of state-to-state relations it acted cautiously, adopted a non-interventionist posture, and encouraged anti-Americanism and independence from the United States. Since it realised that the internal balance of forces did not favour the armed struggle, the Popular Unity leadership was urged to maintain internal unity, reject the "provocative and adventurous" overtures of the ultra-left, avoid actions that might provoke a civil war or military intervention, adopt a more rational economic policy, and consolidate the initial gains of the revolution.

At the same time, Moscow did nothing to restrain direct Cuban involvement in the Chilean revolution. Protected by a friendly, Marxist-dominated government and its Marxist President, Cuba transported large quantities of Soviet and Czechoslovak-supplied weapons to the radical left in Chile on the Cuban airline and merchant ships.

It also established a guerrilla training base and coordinating centre in Chile. The large intelligence team in the Cuban Embassy in Santiago maintained liaison with the liberation movement in Argentina, Bolivia, and Uruguay. Cuba's Soviet-controlled intelligence service, Dirección General de Inteligencia (DGI), also had close ties with the Chilean ultra-leftist and other revolutionary exile groups, providing them with training, arms and funds for the armed struggle in Chile and other Latin American countries.
